
Proceedings

OF THE

Government of His Highness the Maharaja of Mysore

APRIL 1910

BANGALORE:
PRINTED AT THE GOVERNMENT PRESS
1910.

CONFIDENTIAL

CONTENTS FOR APRIL 1910.

PART I, IN EXTENSO.

I. REVENUE.

SECTION 1—LAND REVENUE.

PAGES

No. R. 6539-40—L. R. 445-08-7, dated 4th—

Directing in modification of Government Order No. R. 441-2—L. R. 584-06-3, dated 19th July 1907, that the wet and garden lands under Jannagatta and Singanahalli and seven other tanks in the Kolar Taluk need not be reclassified, nor their assessment revised during the currency of the present settlement ... ... 1—3a

No. R. 6691-731—L. R. 264-09-1, dated 9th—

Issuing Rules under the Mysore Land Acquisition Regulation, No. VII of 1894. 4-9

No. R. 7074-77—L. R. 378-09-1, dated 19th—

Directing that the bed of the breached Krishnambudhi tank at Hiriyur should not be disposed of without special sanction of Government and that the darkhasts for water-supply from the Marikanave channels to lands situated within two furlongs of the gavtan of a village and four furlongs where the population of the village is more than 500 should be refused until further orders 10

No. R. 7240-48—L. R. 92-09-6, dated 25th—

Setting aside the order of the Revenue Commissioner and recognizing the claim of one Mohadin Sheriff, retired Police Inspector, to Kharab Survey No. 127 of Attihalli village in the T.-Narsipur Taluk, which had been unauthorizedly treated as kharab by the Survey Department at the time of the settlement ... ... 11—12

No. R. 7250-60—L. R. 50-08-3, dated 25th—

Passing orders regarding the improvement of saline soils in the State ... 13—18

No. R. 7261-70—L. R. 377-08-6, dated 25th—

Passing orders in the case of embezzlement of British Military Pension amounts in the Tumkur District Treasury ... ... 19—20

No. R. 7290-92—L. R. 395-09-1, dated 26th—

Directing that the height of supari trees to be taken into account in determining the area, on the survey assessment of which supari cess is levied, be raised from six to twelve feet 21

No. R. 7350-59—L. R. 294-09-2, dated 27th—

Passing orders on the Revenue Commissioner's letter submitting the Comptroller's report on the working of the Treasuries in the State during the year 1908-09 .. .. 22—31

No. R. 7402-10—L. R. 423-09-1, dated 29th—

Issuing instructions regarding the Revenue Administration of Inam villages coming under Government management. 32

No. R. 7451-59—L. R. 270-09-2, dated 29th—

Passing orders in the matter of the embezzlement of Government money by Shanbhog Subbiah and Patels Gujje Gowda and Dyave Gowda of Mirle village in the Yedatore Taluk, and directing that the practice of granting receipts except in the *patta* should be completely put a stop to and that steps be taken to supply each khatedar with a *patta* in which all payments should be duly entered ... ... 33—34

PAGES.

No. R. 7525-6—L. R. 278-09-4, dated 30th—

Passing orders regarding the missing of a bag of 2-anna pieces out of the treasure remittance from Davangere to Holalkere Taluk ... ... 35—36

SECTION 2—LAND SURVEY.

No. R. 6681-90—L. S. 24-09-2, dated 9th—

Reviewing the annual progress report of the Revenue Survey Department for the year ending 31st October 1909 ... ... 1—2

SECTION 3—AGRICULTURE.

No. R. 6626-34—Agri. 96-09-4, dated 7th—

Passing orders on the statement showing the losses in cattle of various kinds during the quarter ending 31st December 1909 ... ... 1—3

SECTION 4—FORESTS.—*Nil.*

SECTION 5—REVENUE MISCELLANEOUS.—*Nil.*

II. FINANCIAL.

SECTION 1—GENERAL FINANCE—*Nil.*

SECTION 2—SEPARATE REVENUE.

No. Fl. 5221—S. R. 176-09-4, dated 20th—

Issuing instructions in regard to the reduction of security deposits in respect of long leases of toddy shops 1

SECTION 3—BANKING.—*Nil.*

SECTION 4—SALARIES AND ALLOWANCES.—*Nil.*

SECTION 5—CIVIL ACCOUNTS.—*Nil.*

SECTION 6—STATISTICS AND CENSUS.—*Nil.*

III. JUDICIAL AND LEGISLATIVE.

SECTION 1—LEGISLATION.

No. J. 2891-3—Legis. 15-09-5, dated 1st—

Reviewing the report on the working of the Mysore Mines Regulation, 1906, during the official year 1908-09 ... ... 1—3.

SECTION 2—COURTS.—*Nil.*

SECTION 3—PRISONS AND JAILS.

No. J. 3183-92—Pris. 38-09-2, dated 25th—

Sanctioning the addition of words "or a literate dafadar" after the word "Subordinates" in the third line of Rule 35 of the Lock-up Rules ... 1

SECTION 4—REGISTRATION.—*Nil.*

SECTION 5—POLICE.

No. J. 3149-57—Police 167-09-2, dated 23rd—

Reviewing the report on the working of the Mysore Game and Fish Preservation Regulation for the calendar year 1909 ... ... 1—3.

No. J. 3158-66—Police 136-09-5, dated 23rd—

Recording letter No. 640—1, dated 8th March 1910, from the Deputy Commissioner, Mysore District, submitting a copy of the order passed by him in the matter of permitting Mahomedans to carry Tabooths, etc., in procession, on certain conditions ... ... 4—5.

PAGES

No. J. 3216-56—Police 193-09-1, dated 27th—

Passing orders on the conduct of a Government officer for having borrowed a large sum of money from a sowkar within his jurisdiction and thus violating the rules relating to the personal conduct of Government servants ... 6

IV. LOCAL FUND AND SANITARY.

SECTION 1—LOCAL BOARDS.

No. 8885-925—L. B. 405-08-6, dated 6th—

Sanctioning the levy of toll near Kerehalli on the Tiptur-Channarayapatna road on conveyances and animals at rates prevailing in the Dudda toll-gate. 1

No. 9264-73—L. B. 231-07-15, dated 15th—

Directing that the tax on vacant building sites and hittals in all Unions be assigned to the District Boards concerned 1

SECTION 2—MUNICIPAL.

No. 8692-708—Ml. 69-09-24, dated 1st—

Reviewing the Municipal Administration Reports and Accounts for the year 1908-09 ... ... 1—12

No. 9330-7—Ml. 521-08-4, dated 16th—

Stating that there is no justification for permitting the Malvalli Municipality to levy tolls on through traffic passing along the Maddur-Sivasamudram and Mysore-Kankanhalli roads, which are maintained exclusively from Provincial and District Funds 13

SECTION 3—MEDICAL.

No. 9426-35—Med. 133-09-2, dated 20th—

Directing that Revenue officers when desirous of having wells disinfected should refrain from specifying the drugs to be used for disinfection or from undertaking such a work themselves and leave the matter entirely to the discretion of the local Medical authorities 1

SECTION 4—SANITARY—*Nil.*

SECTION 5—EDUCATION.

No. 8857—Edn. 136-09-6, dated 4th—

Reviewing the Report on Public Instruction in Mysore for 1908-09 ... 1—3

No. 8928-9—Edn. 291-09-2, dated 6th—

Passing orders on the proposals for additional charges required for the Maharaja's College, Mysore, in connection with the budget for 1910-11 ... 4

No. 9654-5—Edn. 267-09-4, dated 26th—

Sanctioning the increases of monthly grants to certain schools with effect from 1st July 1910 at a total cost of Rs. 60-8-0 per mensem or Rs. 726 per annum 5

No. 9816-7—Edn. 473-08-4, dated 29th—

Sanctioning rules for the grant of scholarships to Mahomedan students in the Aligarh College 6

No. 9804-5—Edn. 255-09-2, dated 29th—

Sanctioning additional charges for certain State Fund Schools from the 1st July 1910 ... ... 7—11

PART I

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ AGAIN—

Government Order No. R. 441-2—L. R. 584-06-3, dated the 19th July 1907, authorizing the re-classification of the wet and garden lands under Jannagatta, Singenahalli and seven other tanks in the Kolar Taluk, with a view to their assessment being revised in consideration of the additional supply of water afforded to them by the improvement of the irrigation works.

READ—

(1) *Letter No. 112, dated the 7th May 1909, from the Superintendent of Revenue Survey in Mysore.*

I have the honor to forward herewith copy of letter No. 6899, dated the 24th March 1909, from the Deputy Commissioner of the Kolar District, asking me to revise the assessment on certain wet lands in the Kolar Taluk, in pursuance of the instructions of Government contained in their Order No. R. 441-2—L. R. 584-06-3, dated the 19th July 1907, which, however, was not communicated to this office by Government. I am rather doubtful of the propriety of revising the assessment as I am now called upon to do, and this side of the question does not appear to have been placed before Government when they passed their Order of the 19th July 1907. I have therefore considered it necessary to make this reference to Government before taking any action upon the Deputy Commissioner's letter above mentioned.

2. The provisions of the Land Revenue Code (Sections 115 and 116) enable Government to revise the assessment with reference to any improvement effected at the cost of Government during revision settlement. It is only under very exceptional circumstances that assessments should be enhanced during the currency of a settlement. The improvements effected to the tanks in question and the consequent increase in their storage capacity ought to result in the expansion of wet and garden cultivation, and it is in this expansion of cultivation that a return should be expected for the expenditure incurred. In the case of the existing wet and garden lands, the increase in the storage capacity only ensures the proper supply of water to them and does not necessarily mean additional supply. Even if there be additional supply, it will not be so appreciable as to call for enhanced assessment. This is corroborated by the reclassification now made at the instance of the Deputy Commissioner which does not differ much from the classification made at the original settlement. There will practically be no increase worth mention by the enhancement of rates. I therefore, think it better and safer to let matters as they are than to revise the rates of assessment, till the close of the current settlement, when, of course, a reclassification of all wet and garden lands will be made. This is in accordance with the policy adopted in Bombay, as will be seen from the following quotation from the Standing Orders of the Bombay Government, in the Revenue Department, Vol. II, page 1087.

"42. The Rule should be that, where the settlement has enhanced the assessment of any land in consequence of a disadvantage which would otherwise have caused a lower assessment to be imposed, having been removed by the construction of a Government work of irrigation, the increase of revenue thus occasioned shall be taken credit for by the Irrigation Department. But the Settlement Department is not to assume that because a work of irrigation has been constructed the tract in its neighbourhood is necessarily to be assessed higher than it otherwise would be, unless an appreciable increase in the value of land can be directly traced to this cause.

"It is very undesirable that under any but very exceptional circumstances assessments should be enhanced during the term of a settlement. The limitations on such enhancements proposed in the following paragraph of the despatch from the Government of Bombay, No. 23 (Revenue) dated 1st December 1881, should, therefore, be very strictly observed.

"We propose, however, that such notice of liability to enhanced assessment should only be given when the works to which it has reference are actually under construction or authorized with a fair probability that their benefits will be available at an early period in the term of settlement. When works are merely in contemplation at the time of the revision settlement, we should consider it injudicious to disturb the minds of the cultivators by a reference to future liabilities connected with works not visibly in progress before them or known to be contemplated. In such cases, the enhancement of rates on account of increased value of irrigable land may be deferred to the expiration of the period of guarantee."

3. Moreover, the reclassification now made is faulty inasmuch as the soil classification also has been revised, a procedure which is not adopted even in revision settlements. Besides, the measurer deputed for reclassification is not, in my opinion, a competent person for the work and I am not prepared to accept the reclassification made by him, as accurate.

4. In these circumstances, I request that Government may be pleased to reconsider the matter and favor me with instructions as to whether the assessment on the wet and garden lands under the tanks in question should be revised during the currency of the settlement.

Letter No. 6899, dated the 24th March 1909, from the Deputy Commissioner, Kolar District, to the Superintendent, Revenue Survey and Settlement in Mysore.

With reference to Government Proceedings No. 441-2—L. R. 584-06-3, dated 19th July 1907, I have the honor to state that the storage capacity of the marginally noted tanks in the Kolar Taluk was increased by restoration by the Public Works Department and it was consequently found necessary to reclassify and re-assess the lands forming the atchkat under these tanks in pursuance of the Survey Rules.

	Units before restoration.	Units after restoration.
1. Jannagatta tank	171	217
2. Singanahalli tank	112	182

With a view to facilitate the speedy disposal of the question, the reclassification of the wet and garden lands under the abovementioned tanks was made by the measurer, Ramachandra Shankar, who knows the classification work, and the lists showing the particulars of reclassification furnished by him are herein enclosed with a request that steps may be taken to re-assess the lands and the result intimated to this office for the Akarbands being transmitted for rectification.

The classification work below the other tanks is in progress and the lists in respect of the same will be forwarded in due course.

---

(2) Letter No. 5995, dated 13th August 1909, from the Chief Engineer of Mysore.

With reference to your letter No. R. 10706—L. R, 445-08-2 of the 17th June last, enquiring when the Singanahalli and the Jannagatta tanks in the Kolar Taluk were restored by Government and whether any improvements have been effected thereby, etc., I have the honor to annex below the particulars asked for in connection with the tanks under reference :—

I. *Singanahalli tank, Serial No. 674 of Ramasagara Series, Kolar Taluk.*—This tank which is situated in N. L. 13°-11'-20", E. L. 78°-2'-20" (*vide* Topo Sheet No. 46). It was restored by the Public Works Department for the first time during 1887-88 at a cost of Rs. 6,036. In November 1903, when the upper tanks breached, this also gave way. It was restored again during January 1906 at a cost of Rs. 14,753.

2. The capacity of the tank was 112 units. During the restoration it was increased to 182 units by raising the weir by 2 feet, *i.e.*, from 50·00 to 52·00. The area under cultivation before restoration was 125 acres, and after 164 acres. The total "atchkat" of the tank is 246 acres, of which 174 acres are now under cultivation. Thus there has been an expansion of irrigation owing to the increase in the supply of water.

II. *Jannagatta tank, Serial No. 702 of Ramasagara series, Kolar Taluk.*—This tank is situated in N. L. 13°-13'-30", E. L. 78-10'-10" (*vide* Topo Sheet No. 46). It was restored by the Revenue Department to serve as a "Woddu" during 1868-74 at a cost of Rs. 8,624, and repaired subsequently at an additional cost. It breached during the abnormal rainfall in November 1903, owing to the bursting in succession of the upper tanks in the valley. This was taken up for restoration in 1903-04 and the work was completed in 1908 at a cost of Rs. 17,930 including raising of the weirs from R. L. 50·00 to 51·00 for increasing the capacity from 171 to 217 units as the supply was insufficient.

2. The total cultivable area below the tank is 291 acres before restoration the area under cultivation was 114 acres and subsequently it has increased to 130 acres owing to adequate supply of water.

---

(3) Letter No. 34, dated the 20th October 1909, from the Superintendent of Revenue Survey Settlement.

With reference to your letter No. R. 2075—L. R. 445-08-4, dated the 7th September 1909, enquiring whether the Jannagatta and Singanahalli tanks in the Kolar Taluk were in action at the time of the Survey settlement of the said taluk, what extent of land under each tank was classed as wet, garden, etc., and at what rates the lands were assessed, I have the honor to state that the tanks were in action at the time of survey settlement, and to forward herewith a statement which furnishes in detail information as regards the extent of wet and garden lands under the tanks and the rates of assessment thereon.

Land Revenue, dated 4th April 1910.

2. The restored capacity of the two tanks being 217 and 182 units, respectively, as stated by the Deputy Commissioner, the existing atchkat seems to be much in excess of their capacity even after restoration, as will be seen from the accompanying statement.

No. R. 6539-40—L. R. 445-08-7, DATED BANGALORE, 4TH APRIL 1910.

ORDER THEREON.—The enhancement of wet rates during the currency of a settlement is justifiable under Sections 53 and 116 of the Land Revenue Code and the revised Survey Guarantee, provided that by the improvement of an irrigation work effected at the cost of Government additional value has been imparted to the lands depending on it. But in the case of the two tanks referred to, which were in action at the time of the original survey and settlement, it is seen from the statistics furnished by the Chief Engineer that by their restoration subsequent to the date of the survey and settlement only their storage capacity has been increased, thereby affording scope for expansion of cultivation, and that the wet lands which depended on them at the original settlement have received no additional benefit except that the supply of water to them has been rendered more secure than before.

2. For these and similar reasons which are applicable to the other cases also, Government direct in modification of the Order read above, that the wet and garden lands under the tanks therein referred to need not be reclassified, nor their assessment revised during the currency of the present settlement.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Superintendent of Revenue Survey and Settlement in Mysore.
The Revenue Commissioner in Mysore.

No. R. 6691-731—L. R. 264-09-1, DATED BANGALORE, 9TH APRIL 1910.

ORDER.—In a number of cases connected with the acquisition of lands under the Land Acquisition Regulation, Government have had occasion to notice several irregularities in the procedure adopted in fixing the valuation of the lands and the grounds on which such valuation was based. Government, therefore, deem it necessary to issue certain definite instructions for the guidance of subordinate officers.

2. The proceedings under the Land Acquisition Regulation are purely departmental in their character and it is therefore incumbent upon the acquiring officer to ascertain the value of the land by availing himself of all possible sources of information and not to be guided solely by the strict rules of procedure and evidence applicable to proceedings of an altogether judicial nature. The party who is not satisfied with the award is at liberty to obtain an adjudication by a competent Civil Court by desiring a reference to such Court under Section 18 of the Regulation. But on the other hand, Government have no such option and are bound by the acquiring officer's award so far as they are concerned. If the land has been acquired on behalf of a Company, the Company is also under a similar disability under the proviso to Section 50 of the Regulation in getting the amount of compensation reduced if the award is excessive. It, therefore, behoves the acquiring officer in such cases to take special care that the value fixed is not disproportionate to the real market value of the land, so much so that in cases of doubt and where the estimate of value made by the departmental officer or Company differs greatly from the value put on the property by the owner, it is far safer to err on the side of a low valuation and leave the party to demand a reference to a court than to award an excessive compensation and tie up the hands of Government or the Company.

3. The amount of compensation awarded in one case is certain to be relied on as a precedent in the case of subsequent acquisitions, and a mistake once committed is thus apt to serve as a cause of future loss to Government and as an impediment to the acquisition of lands in the locality. In the case of Companies it may even operate as a deterrent to private enterprise. Government consider it desirable, therefore, that all lands should be acquired either by the Deputy Commissioner himself or where this is not possible, that the officer selected to assist him in conducting the acquisition proceedings is one with a sufficiently high status and who is able to judge of the market value of lands with fair precision. And where this function may be delegated to an Assistant Commissioner, the Deputy Commissioner should keep touch with the latter's proceedings and exercise a judicious guidance and control.

4. With the foregoing preliminary observations Government are pleased to issue the following rules under Section 55 of the Land Acquisition Regulation in supersession of all existing orders on the subject and direct that the same be published in the Gazette :—

PART I.

Procedure preliminary to obtaining the sanction of Government to the acquisition of land.

I. No land should be acquired by any department except through the Deputy Commissioner of the District in which it is situated.

II. When a Municipality or any department of Government or a Company wishes to acquire land for any public purpose, it shall send a requisition to that effect to the Deputy Commissioner intimating the situation and area of the land required and the purpose for which it is needed together with a sketch of the land, if necessary. The requisitioning authority may also intimate to the Deputy Commissioner a limit of price of the land to be acquired, if it considers it necessary to fix one.

III. In the case of lands to be acquired on behalf of a Company the matter should be referred to Government under Section 39 of the Land Acquisition Regulation and further proceedings as laid down in these rules taken only after Government have signified their approval to the acquisition of the lands under the Regulation.

IV. On receipt of the requisition, the Deputy Commissioner shall make necessary enquiries as to the value of the land and if he considers that the land required cannot be had within the limit, if any, fixed by the requisitioning authority, he shall intimate the same to the department concerned or to the Company and await its further instructions in the matter. When intimation has been received by the Deputy Commissioner from the department concerned or the Company, of the decision to proceed with the acquisition of the land, the Deputy Commissioner shall, after satisfying himself that the requisite funds for the acquisition are available, submit for the sanction of Government a declaration statement to the department of the Government Secretariat which budgets for and carries out or sanctions the work, with full details as to the description, boundaries and area of the land required as well as the estimated cost of its acquisition. The declaration under the Land Acquisition Regulation will issue from the same department of the Government Secretariat after consideration of the necessity for the acquisition and the expenditure that may be incurred for the purpose.

V. On receipt of the sanction of Government for the acquisition, the Deputy Commissioner shall proceed to acquire the land.

VI. Whenever land which does not already vest in Government is permanently required for Government purposes, it should invariably be acquired under the Land Acquisition Regulation as such acquisition confers an indefeasible title. In acquiring land for temporary occupation also the Regulation should be applied whenever practicable.

VII. Deputy Commissioners should not ordinarily take possession of the land before all the preliminary steps prescribed by the Regulation have been taken. This is so the more especially in view of Section 48 of the Regulation which secures for Government the liberty to withdraw from acquisition (on account of excessive cost or otherwise) when possession has not been taken.

VIII. However, in cases in which land is voluntarily offered by its owner for being applied to a purpose for which the acquisition of the land by Government is necessary, the Deputy Commissioner on being satisfied of the title of the owner to the land, may, where the extent is not large, dispense with the formalities of acquisition under the Regulation.

Part II.

Procedure after sanction is accorded by Government to the acquisition of the land, and publication of the declaration.

IX. After publication of the declaration in the Gazette, the Deputy Commissioner's representative and the representative of the acquiring department or Company should meet on the ground and together demarcate clearly by stakes or other methods the exact area to be acquired. The acquiring officer should, if possible, personally inspect the locality and should, in any case, verify the area with the aid of the map.

X. When land is acquired for a Municipality or a District Board or a Company, the money value awarded for the land acquired or the value of the Government land, if any, given in exchange therefor will be charged against the Local Body or Company on whose behalf the land is acquired. Where land has to be acquired on behalf of a private Company, a sum sufficient to cover the cost of acquisition and other incidental expenses should be required to be deposited immediately after Government sanction to the acquisition of the land is obtained, before any further proceedings are taken.

XI. When acquisition of lands is made on behalf of a Municipality or other Local Body or Company, the Government may also, at their discretion, direct that

the assessment should continue to be paid by the Municipality or Local Body or Company or direct the payment of a lump sum in commutation of the liability to pay the assessment. When the acquisition is made on behalf of any department of Government, the assessment will usually be written off on reference to the Revenue Commissioner. If the Revenue Commissioner considers that there are any special grounds for not waiving the recovery of assessment in such cases, he will seek the orders of Government.

XII. In determining the amount of compensation which should be allowed for the land, the acquiring officer should not restrict himself merely to the consideration of such evidence as may be adduced by the claimants but should do his best to obtain any reliable information that may be forthcoming as to the real market value of the land. He should study any estimates framed in connection with the proposal to acquire the land, and make a careful search through indexes maintained in the Sub-Registrar's office to ascertain the history of the land so far as the Sub-Registrar's records disclose it. Having collected all possible information regarding the value of the land itself, he should collect similar information regarding adjacent land or land of a like character from the Registration Indexes, Survey and Settlement Reports, or any other similar source. He should be careful, however, before accepting the figures shown in documents found in the Registration offices, to examine the history of each transaction as far as possible, as the amounts therein shown are often so inflated by usurious interest as to bear no relation to the real value of the land.

XIII. As a rule, all acquisitions of land involving interests of any appreciable value, should be made by the Deputy Commissioner himself in person with the aid, if necessary, of the Sub-Divisional Officer, in order to ascertain the proper value of the land. Where, however, land is required for an extensive public work or any similar large project and it would not be possible for the Deputy Commissioner personally to attend to such acquisition, a special officer may be appointed, the cost of the special officer so appointed being provided for as part of the cost of the acquisition.

XIV. The acquiring officer, if he is not the Deputy Commissioner of the District, should also consult the latter in any doubtful or difficult case before making the award. In particular, he should refer to him any case in which he proposes to award more than 10 per cent in excess of the original estimate, or more than Rs. 1,000. He must also refer his proposed award in any case which the Deputy Commissioner by special order requires him to do so, and in all cases where a reference to the Deputy Commissioner is made, the acquiring officer should make his final award according to the instructions received from the Deputy Commissioner.

XV. In fixing the compensation special attention should be paid to the directions given in Sections 23 and 24 of the Regulation and the general principle. recognized by the Courts in determining the market value of the land kept in views The term "market value" means the price which at the given time and place, the land would fetch on sale according to the then rates of the market; and this value depends on general pre-existing considerations apart from the individual projects of, a particular purchaser, and does not include merely potential values such as may arise from the use to which the land is to be put.

For instance, when agricultural land is to be acquired for building purposes, the amount payable is its value as agricultural land and not as sites for dwelling houses or as building land for other purposes to which the land might possibly be put in the future.

XVI. For the purpose of his enquiry, the acquiring officer should, in addition to the notices required by Section 9 of the Regulation, give sufficient notice to the departmental or other officer concerned, or the Local Authority or Company for whom the land is being acquired and should give due weight to any representation which such officer, may make orally or by writing. More especially he should before making his award allow such officer an opportunity of appearing in person or by agent and of producing evidence as to the value of the land. (Section 50 of the Regulation.)

XVII. If the acquiring officer's award as finally settled after objections have been heard, exceeds by more than 20 per cent of the preliminary estimate of the cost of acquisition prepared before the issue of a notification under Section 6 of the Rugulation or if the evidence is conflicting and such as to indicate the possibility that a Civil Court may award a sum similarly exceeding that estimate, he should not immediately announce the award but should inform the departmental officer of the facts: Further action should then be postponed until the proper authority has decided whether the acquisition should be proceeded with or not.

XVIII. When an award has been made, possession of the land (if not already taken under Section 17 of the Regulation) can be taken at once and need not be deferred till the compensation is paid. The acquisition is completed only when the land is taken possession of, up to which Government are at liberty to withdraw from the acquisition but not afterwards. As soon as it is taken possession of, the land vests absolutely in the Government.

XIX. An award made by a Deputy Commissioner under Section 11 and duly announced under Section 12 of the Regulation, should not be revised or amended by him even though the persons interested may consent to the revision or amendment.

XX. The claims of all persons which can be ascertained by a reference to the Registration indexes are binding on Government whether formally advanced or not. In apportioning compensation care should be taken that all these claims are provided for by a careful search of the Registration indexes as it may often happen that the nominal occupant (khatedar) is one person and the actual possessor another.

XXI. In acquiring service lands, *i.e.*, lands in respect to which service is rendered whether to Government or the village community, in which the actual holder has only a life interest or the profits of which are assigned as remuneration for an officiator, the award of a lump sum as compensation is inappropriate and should not be adopted as such an award would diminish *pro tanto* the remuneration available for future service. In such cases an arrangement under sub-section (3) of Section 31 of the Regulation should be made with the person or persons interested for the grant of other lands in exchange.

XXII. As a rule, the lands selected to be given in exchange should be assessed Government waste. But when no suitable lands are available, the amount of compensation awarded may be applied in purchasing occupied unalienated lands to be assigned in exchange. In exceptional cases where it will be less expensive to allow some unalienated lands already belonging to the holder to be converted into inam than to purchase other lands for the purpose, the exchange may be permitted and the person enjoying the Inam paid the value of the land so selected in addition to any benefits that he may derive from the treatment of the land as Inam.

XXIII. When the survey valuation of the land selected to be given in exchange is equal to that of the original service Inam, the former will be converted into Inam subject to the payment of the original Jodi.

XXIV. When the survey valuation of the land selected to be given in exchange exceeds that of the original service Inam, the difference between the survey valuation of the two lands will be levied as additional Jodi together with the original Jodi.

XXV. When the survey valuation of the land selected to be given in exchange is less than that of the original service Inam, the original Jodi will be reduced by the difference between the survey valuation of the two lands, and if the difference exceeds the original Jodi, the amount required to make up the deficiency in the profit will be paid in cash annually.

XXVI. In cases where it is not possible to assign lands in exchange, the value of the land acquired will be invested and a cash payment of not less than 2½ times the survey assessment made annually. Where the amount to be paid annually does not exceed Rs. 5, Government in their discretion may direct the payment of a lumpsum.

PART III.

Procedure when the award of an acquiring officer is referred to a Civil Court.

XXVII. Whenever an issue is raised in a reference to the Court as to th amount of compensation to be awarded for the land, the Deputy Commissione should arrange for the defence of the award as if it were a suit against Government except that the sanction of Government to its defence need not be obtained, bu he should make a reference to the Government Advocate stating the lines on whic it is proposed to defend it and the evidence it is intended to adduce, and seek hi advice before the defence is actually entered on. In particular, care should be take that reliable evidence is, as far as possible, adduced before the Court in support c the grounds on which the award is based, and ordinarily some Revenue officer c superior rank (*e.g.*, an Amildar or Shekdar) who has himself seen the land, shoul among others, be called in as a witness. A clear and accurate plan of the lan acquired should also, as a rule, be prepared and put in evidence. An office thoroughly conversant with the facts of the case and able to explain any point of revenue practice that may arise, should invariably be deputed to instruct th Government Pleader during the course of the proceedings and watch the case When the sum involved is considerable or the compensation is claimed at ver high rates, the case should generally be watched by an officer of not lower statu than an Assistant Commissioner.

XXVIII. In any case where the reference relates to land acquired for a Loca Authority or Company, the Deputy Commissioner should at once give notice of i to such Local Authority or Company calling on it to assist in the defence of th award under Section 50 of the Regulation, and should take all necessary steps fo conducting the defence with its co-operation.

XXIX. A special report should be made to Government in cases which are o serious importance owing to the amount involved or the likelihood of the Court' award forming a precedent detrimental to Government interests in the event of lan having to be acquired subsequently for the Government in the same neighbourhood

XXX. When the Court's award in a reference regarding the amount of com pensation exceeds that of the acquiring officer, the Deputy Commissioner should a once consider the advisability of making an appeal under Section 54 of the Regula tion, and if he decides in favour of this course, should apply to Government fo sanction. In cases where an appeal is made by any claimant, the Deputy Com missioner will take steps for its defence and obtain the sanction of Government t engage the Government Advocate to appear on behalf of Government in all cases o importance or where a point of law is involved.

PART IV.

Payment of Compensation.

XXXI. The payment of compensation should be made as soon after the declar ation of the award as possible, as ,under Section 34 of the Regulation interest a 6 per cent is payable, on the amount of compensation for the interval between th date of taking possession of the land and the date of payment. Accordingly, th Deputy Commissioner should immediately after making an award under Section 1 tender payment of compensation to such of the persons entitled thereto as are then present either personally or by their representatives.

XXXII. To those who are not so present a notice should at once be sent through the Amildar or the Deputy Amildar of the Taluk or Sub-Taluk in which they reside, intimating the fact that an award has been made and that unless the amount awarded is claimed by the party either personally or through a duly authorised agent within a time to be specified, the money will be placed in deposit and will bear no interest.

XXXIII. If the parties accept the tender personally or by application in response to the notice, arrangements should be made to pay them the amounts without delay, after obtaining the necessary receipt. If the claims to be paid are very small and the Treasury is situated at a distance from the village of the claimants, the

amounts may be paid to them in their villages by the Amildar personally or adjusted at their request against Government dues. If the parties do not demand payment within the time specified and do not apply for a reference to the Court under Section 18 of the Regulation, the compensation money should be placed in Revenue Deposit and dealt with under the rules relating to Revenue Deposits. If the parties declining to accept payment desire a reference to the Court or if any of the other contingencies mentioned in Sections 30 and 31 (2) of the Regulation has happened, the compensation money should be deposited in the Civil Court.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 19th April 1910.

No. R. 7074-77—L. R. 378-09-1, DATED BANGALORE, 19TH APRIL 1910.

ORDER.—In consultation with the Revenue Commissioner and the Chief Engineer, the Government are pleased to direct that the bed of the breached Krishnambudhi tank at Hiriyur should not be disposed of without their special sanction; and also that darkhasts for water-supply from the Marikanave channels, to lands situated within two furlongs of the gavtan of a village should be refused until further orders. In the case of a thickly populated village, containing a population of, say, more than 500, this limit may be extended to four furlongs.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

APPEAL NO. 92 OF 1909.

Appellant—Mohadin Sheriff, retired Police Inspector, Malvalli.

Subject.

Appeal against the order of the Revenue Commissioner declining to grant to the petitioner for cultivation, Kharab Survey No. 127 of Attihalli village in the T.-Narsipur Taluk.

Facts of the case.

In the year 1901, one Ramiah of Bannur in the T.-Narsipur Taluk submitted a darkhast to the Amildar for the grant of Kharab Survey No. 127 of Attihalli village in the said taluk. The petitioner Mohadin Sheriff protested against the grant of the land to the applicant on the ground that it was comprised in Maji No. 724 which had been applied for and obtained by his son so far back as 1883 and requested that the same might be given over to him. The Amildar, Mr. M. G. Krishnaswami Rao, rejected both the applications on the ground that the land contained a katte reserved in the survey accounts for the use of the village cattle.

Thereupon Mohadin Sheriff preferred an appeal to the Deputy Commissioner who referred the matter to the Amildar for necessary enquiry and report. In the enquiry held by the then Amildar, Mr. F. S. Raghavachar, the objection of the raiyats was found untenable, and the grant of the land to the petitioner was recommended. The Executive Engineer, Mysore Division, having been consulted in the matter, that officer replied that, if the villagers would restore the katte, it would be useful for the cattle of Attihalli and adjoining villages during the hot weather when the channel supply would be closed. The villagers having agreed to keep the katte in repair and executed a mutchalika to that effect, the Deputy Commissioner declined to grant the land to the petitioner.

On appeal, the Revenue Commissioner affirmed the Deputy Commissioner's order. He, however, in the endorsement passed on the review petition presented to him states that though from the records it was evident that the katte in question was originally in the petitioner's holding, he could not interfere in the matter, as the land had been subsequently at the Survey Settlement made into a separate survey number and entered as kharab.

Order.

The Revenue Commissioner's opinion given in his endorsement to the petitioner that the Survey No. 127 formed part of his original field is quite correct. In the Pahani Sud account, Survey No. 127 is not entered as banjar. The holder is the same as for 123 and only 3 out of 15 guntas are entered as kharab. In the Phut Pahani it was stated by the shanbhog that only 4 guntas of No. 127 should go to the petitioner's representative as holder of the Maji number and that the katte had always been *Sirkar* waste. This was accepted as true and 127 was entered as a banjar number at the time of the settlement. There is no reason whatever to hold that the previous occupant was even informed of this change or agreed to give up possession of the field. The settlement officers are not empowered to deprive parties of their lands by the process of entering them as unculturable in the accounts. The alteration of the tenure of the land in question effected by the Survey Department in violation of private rights, cannot be upheld.

Government therefore direct that the orders of the lower Courts be reversed and the Survey No. 127 registered in the name of the appellant. .

Land Revenue, dated 25th April 1910.

MEMO No. R. 7240-48—L. R. 92-09-6, DATED BANGALORE, 25TH APRIL 1910.

Copies of the above are forwarded to the Revenue Commissioner in Mysore for information together with the records received with his letter No. 4718, dated 3rd November 1909, and the accounts received with Mysore Deputy Commissioner's letter No. 663, dated 15th March 1910.

By Order,

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.

Exd —G. V

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

1. Para 11 of Government Order No. R. 39-41—L. R. 581-06-7, dated the 2nd July 1908, reserving for separate consideration the question of allowing only dry cultivation on saline soils and of reducing the assessment on such lands.

2. Letter No. 6168, dated the 16th December 1909, from the Revenue Commissioner in Mysore:—

"With reference to correspondence ending with your letter No. R. 568—L. R. 50-08-1, dated 25th July 1908, requesting me to submit proposals regarding the cultivation of saline soils and the reduction of assessment thereon, I have the honor to state as follows:—

Deputy Commissioners may be directed to have prepared statements of the survey numbers under each tank or channel lying waste owing to the saline nature of the soil or the crops on which are affected with 'reh,' for the past ten years, so that the total extent of the 'reh' area may be ascertained.

Where wet and garden lands now lying fallow on account of the saline nature of the soil are found to form a continuous block, the wet or garden assessment on such lands may be reduced and they may be given over for dry cultivation at the highest dry rates in the locality; provided that the portion of the land which is saline forms a full survey number or exceeds, say three to five acres, in case it forms part of a survey number and can be subdivided. The concession may also be given that, if the grantee reclaims the soil by adopting suitable measures, he may grow wet or garden crops for a period of ten or fifteen years, or till the next revision survey, at the reduced rates of assessment. Another proposal is that in the case of such lands instead of having the wet or garden rates permanently, dry rates may be fixed permanently and a water rate added on, whenever irrigation is resorted to from a Government source, so that the lands may be irrigated whenever the raiyat thinks he can safely do so without giving rise to 'reh.'

I beg to enclose herein a note prepared by the Manager of this office under my instructions on the methods suggested by various authorities for the reclamation of such soils for information of Government and such action as they may consider necessary."

ENCLOSURE TO THE ABOVE.

Subject.—Letter No. R. 568—L. R. 50-08-1, dated 25th July 1908, from the Secretary to Government, requesting submission of formal proposals on the question of allowing only dry cultivation on saline soils and reducing the assessment thereon as recommended in this office letter No. 9118, dated 24th—26th February 1908, to Government.

In order to arrive at a correct determination of the several factors relating to the subject and of the methods that have to be employed for the reclamation of these lands, it is necessary first to ascertain the circumstances that contribute towards making the soil reh-infected.

Note by E. W. Hilgard, Esq. and R. H. Longbridge, Esq. (Agricultural Ledger No. 1 of 1896.)

1. Some lands show only occasional alkali spots. In years of unusual moisture or under irrigation, these lands bring very heavy crops of grain for a few years and then there is a gradual change for the worse. First, it is noticed that the alkali spots increase their area outward and go on enlarging each year. Finally the land has to be abandoned in disgust. The "rise of the alkali" thus brought about by irrigation was at first attributed to the saline character of the irrigation water used. But as even the purest waters produced the same result, the conclusion that the alkali salts are brought up by evaporation from the soil itself forced itself.

It is ascertained that in "bottom waters," *i.e.*, where the water had risen from a considerable depth, only relatively small quantities of alkali were discovered. It thus becomes evident that the main mass of these salts exists in the soil and subsoil, within a short distance of the surface. It may therefore be concluded that the amount of the salts on these lands is but limited; and if once removed or rendered innocuous to crops in some way or other, it will take a long time before another such accumulation can occur.

The conclusions arrived at by Pro: Hilgard and Dr. Leathe from experiments conducted by them for the purpose are a follows:—

(Agricultural Ledger No. 4 of 1901.)

(*a*) The amount of soluble salts in alkali soils is usually limited; they are not ordinarily supplied in indefinite quantities from the bottom water below. These salts have essentially been formed by weathering in the soil layer itself.

(*b*) The salts ordinarily move up and down within the upper 4 or 5 feet of the soil and subsoil following the movements of the moisture, descending in the rainy season to the limit of the annual moistening as a maximum and then re-ascending or not, according as surface evaporation may demand. At the end of the dry season in untilled irrigated land practically the entire mass of salts may be within six or eight inches of the surface.

(Agricultural Ledger No. 13 of 1897.)

(*c*) Sodium salts are almost uniformly concentrated in the first few inches of surface soil, the amount in the subsoil being generally considered less.

(*d*) The amount of sodium salts in the surface of bad *usar* land rarely exceeds 2 per cent, and is often much less.

(*e*) The three sodium salts, carbonate, sulphate and chloride are commonly present in good arable land and in clays; the amount is, however, small being less than $\frac{1}{10}$th per cent.

(Agricultural Ledger No. 4 of 1901.)

(*f*) The injury to vegetation is caused within a few inches of the surface by the corrosion of the bark, usually near the root crown. This corrosion is strongest when carbonate of soda forms large proportion of the salts; the soda then also dissolves the vegetable moulds and causes blackish spots in the soil, popularly known as black alkali.

(*g*) The injury caused by carbonate of soda is aggravated by its action in puddling the soil so as to cause it to lose its flaky condition rendering it quite untillable. It also tends to form in the depths of the soil layer of a tough hard pan, impervious to water, which yields to neither plough, pick nor crowbar, and renders drainage and leaching impossible. Its presence is easily ascertained by means of a pointed steel sounding rod.

(Agricultural Ledger, 1896, No. 1.)

Whenever an alkali soil is subject to the action of stagnant water or of abundant moisture without aeration, the formation of black alkali will take place. This is the reason why the latter is most commonly found in low moist ground and in close heavy soils, while on the higher ground adjacent, the white salts alone may prevail.

(Agricultural Ledger, 1901, No. 4.)

(*h*) While alkali lands share with other soils of the arid region, the advantage of unusually high percentages of plant food in the insoluble form, they also contain alongside of the noxious salts considerable amount of water-soluble plant food. When, therefore, the action of the noxious salts is removed they should be profusely and lastingly productive; particularly as they are always naturally somewhat moist in consequence of the attraction of moisture by the salts and are therefore less liable to injury from drought than the same soils when free from alkali.

2. The several methods suggested or practised in the reclamation of Usar land may be summarised as follows:—

(Agricultural Ledger, 1896, No. 1.)

(Also Agricultural Ledger Nos. 12 and 13 of 1893.)

(*a*) As the bulk of alkali salts is accumulated within easy reach of the surface and of the underdrains, and if this accumulation is once removed, no more, or at least, not enough to do any harm will come from below, *under-drainage* appears to be a ready and complete corrective of all alkali, if expense were no consideration. The indiscriminate use of under-drainage should, however, be avoided as enormous amounts of valuable soil ingredients would run to waste. In the majority of cases other means will accomplish the reclamation.

(*b*) Since evaporation from the soil surface is the cause of any rise of the alkali, the chief preventive measure must be the reduction of surface evaporation to a minimum. This can be done either by mulching or, less effectively, by shading. The best mulch available in all cases is a well and deeply tilled surface soil on which a crust is never allowed to form. Evaporation here will be reduced to a minimum and the alkali will be distributed through the whole of the tilled layer instead of at the surface where the bulk of the drainage is usually done. For, a loosely tilled soil will take up little or no moisture from a denser or more compact subsoil which it protects quite as effectually as would a straw mulch.

The depth of the tilled layer is of importance not only in preventing evaporation and accumulation but also because the strong surface alkali gets intermixed with a large mass of subsoil and gets so diluted and diffused as not to be strong enough anywhere to hurt the roots or root crown. With a tilling of 10 or 12 inches, it takes some time to bring the salts to surface again to a sufficient extent to hurt the crop.

(Also Agricultural Ledger No. 13 of 1897.)

(*c*) Deep and loose tillage is not possible on lands tainted with black alkali. It will remain cloddy and will crust over despite cultivation, harrowing, clod crushing. The first need is the neutralization of the black alkali with *gypsum*. The saving in cost of cultivation of heavier lands and from increased and improved products will soon pay the purchase of the gypsum. Black alkali lands will be definitely reclaimed by this method and rendered profusely productive by the use, once for all, of a ton of gypsum per acre. This may also be used in annual instalments of 500 lbs. per acre some time before the seed. As the gypsum cannot act on alkali without water and as the action takes some weeks before the immunity is secured and continues for several months or even longer, it should be ploughed in ample time before seedling, and promptly followed by irrigation, if the rainy season cannot be relied upon.

(Also Agricultural Ledger Nos. 12 and 13—1893.)

(*d*) The principle of dilution and diffusion referred to in (*b*) has led cultivators in some cases to plough in river sand and thereby diminish the relative strength of noxious salts with temporary good results.

(Agricultural Ledger Nos. 12 and 13 of 1893).

(*e*) A similar method is to cover the land with silt.

(Agricultural Ledger No. 1—1896.)

(*f*) The important factor in the cultivation of the alkali land is the maintenance of deep and loose tilth throughout the times when evaporation is most active. This suggests the growing on them of hoed rather than grain crops. The growing of corn, beans, etc., always choosing preferably the deep-rooted crops, is therefore indicated. Plants of the leguminous order appear to be more readily affected by sodium salts than cereals.

Agricultural Ledger No. 13 of 1897.)

(Agricultural Ledger No. 12 and 13 of 1893.)

(*g*) The Government of India in their Resolution No. 16 A., March 1st, 1883, have made reference to this subject in the following terms :—

"In the North-West Provinces various experiments have been for three years conducted by the Agricultural Departments with the view of reclaiming *Usar* or *Reh* land. It has been found that the simple expedient of enclosure is more efficacious than any other operation. The natural grasses, which so long as the land is accessible to cattle and goats are nibbled down as fast as the young shoots appear, spread in the enclosed areas at a rapid rate over the worst land After two years, experimental cuttings gave a result of 20 maunds of good

hay per acre, an outturn which on a square mile would suffice to feed 1,000 cattle for three months, exclusive of the bushes and trees which, there is good reason to believe, can be grown when once the grass is well established."

(Agricultural Ledger No. 13 of 1897.) The effect of enclosing land from grazing and thus encouraging grasses to grow causes or allows the salts to descend from the surface soil and to become distributed in the subsoil.

(Agricultural Ledger Nos. 12 and 13 of 1893.) Dr. Duthie, Director, Botanical Department, Northern India, has confirmed the views expressed in the Government of India Resolution quoted above, and has stated that as a preliminary measure the protection of waste *Usar* land from cattle does wonders. In the case of extensive areas, the soil of which is uniformly bad or where the vegetation is exclusively composed of the ordinary Usar grass, some further remedy is needed to supplement the good effect of protection.

(Agricultural Ledger Nos. 12 and 13 of 1893.) (*h*) Such trees as are likely to thrive in *reh* soils may with advantage be planted. The botanical names of the wild or cultivated plants of India that have a reputation of being suitable for reclamation of Reh-efflorescent soils is made mention of in Agricultural Ledger No. 4 of 1901.

3. The foregoing facts suggest the adoption of the following measures in the matter of the reclamation of saline soils:—

(*a*) Reh-maps have to be prepared to ascertain the distribution of reh throughout the State to study the variations through a series of years of the reh area in certain selected villages.

(*b*) A surface drainage map should also be prepared.

(*c*) A survey of subsoil waters showing the distance from the surface of the water in the wells for the whole of the State has also to be prepared.

(*d*) Experiments in the reclamation of *Usar* land might also be conducted and the results published for the general information of the public.

(Agricultural Ledger No. 4 1901.) (*e*) Alkali lands cannot be considered as good lands for farmers of limited means to settle upon. On the contrary they require a certain amount of capital and lapse of time to render them productive. There are not therefore proper investments for farmers or settlers of small means dependent on annual crops for their livelihood, and unable to bring to bear on these soils the proper means for their reclamation, unless indeed local conditions should enable them to use successfully some of the crops specially adapted to alkali lands. It may therefore be recommended that in the case of lands which are now lying fallow or have not been productive on account of the saline nature of the soil, it would only be fair that the assessment on these lands are reduced to dry rates on condition that the concessionaries adopt one of the many remedies suggested above.

---

3. Unofficial note No. 133, dated the 16th February 1910, of the Superintendent of Mysore Revenue Survey and Settlement:—

"In the classification of soils, salineness is one of the faults, for which due allowance is given under the rules. The assessment imposed on lands depends upon the quality of the soil as determined by classification, and where allowance has been made on account of saline nature, the rate of assessment will be proportionately low. In regard to arable lands, classed and assessed, I do not think that further reduction in the rate of assessment, than what has been allowed for under the rules of classification, is called for. The prevention of spread of saline patches in lands due to irrigation is a question to be dealt with in the Scientific Branch of the Agricultural Department and may be investigated for the benefit of the raiyats, who may be informed of the methods to be adopted for removing or minimising the evil. In the case of unarable saline lands, it is essential in the first place to know what extent of such lands exists in the State and whether there are raiyats who desire to reclaim them and are capable of doing so.

Land Revenue, dated 25th April 1910.

When complete information as above is collected, the question of allowing concession may be considered.

As soil is not classed in the reclassification operations now conducted, it is not possible to have the information collected during the Resurvey operations.

From my experience, I am inclined to believe that in our State there is not any large extent of purely saline soil under important river or tank channels, as is the case in parts of Northern India, where large river channels pass through great extents of unproductive soil. Under these circumstances, the question of reclaiming saline soil does not appear to me to be of such material importance in the interests of practical agriculture here, as it is elsewhere."

No. R. 7250-60—L. R. 50-08-3, DATED BANGALORE, 25TH APRIL 1910.

ORDER THEREON.—Government understand that saline soils which present natural difficulties for cultivation owing to chemical changes therein are to be found only in isolated patches in some parts of the State and that their area is not very considerable. In the case of assessed lands allowance has been made for this defect during the original classification and they generally bear a low assessment. It is also doubtful whether there is any large extent of such lands now treated as kharab as is likely to be brought under cultivation if any special concessions are granted. The whole question of salt lands in British India is being investigated by a committee appointed by the Inspector-General of Agriculture in India in accordance with the recommendations of the Board of Agriculture, to which Government annually send a representative. Government are therefore of opinion that there will not be much use in issuing any general rules in the matter at present. As a preliminary, Deputy Commissioners of Districts may be requested to get lists prepared of survey numbers under each tank or channel which have been lying waste for more than ten years owing to this cause; and, if the total area exceeds 50 acres, to submit proposals as to the concessions required in each individual case, separately. Blocks of unassessed lands suitable for reclamation may also be similarly dealt with.

It is stated that in the Madras Presidency the lands have become amenable to cultivation by successive flooding; and where water is easily available, necessary facilities may be afforded for the purpose. The Officer in charge of the Agricultural Chemist's Office is also requested to take up the study of the question of such soils in the State and make available to the raiyats the latest information as to their improvement.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.
The Superintendent of Survey and Settlement in Mysore.
The Officer in charge of the Agricultural Chemist's Office.
The Deputy Commissioners of Districts.

Exd.—C. V.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 11154, dated 24th April 1909, from the Revenue Commissioner in Mysore.

1. No. C. 6246, dated 19th January 1909, from the Deputy Comptroller of Military Accounts, Secunderabad Division to the Deputy Commissioner Tumkur District.
2. No. 102, dated 20th February 1909, from the officer in charge of Pensions, Tumkur to the Deputy Commissioner, Tumkur District.
3. No. 618, dated 24th February 1909, from the Deputy Commissioner, Tumkur District to the Revenue Commissioner in Mysore.

I have the honor to forward herewith copies of the marginally noted communications touching certain irregularities recently noticed in the accounts relating to the British Military Pensions paid at the Tumkur District Treasury and to State for the information of Government as follows :—

2. In his letter referred to above, the Deputy Comptroller of Military Accounts (Secunderabad Division) brought to the notice of the Deputy Commissioner, Tumkur District, that the accounts referred to above had not been correctly rendered by the Officer in charge of Pensions at Tumkur (*i.e.*, the Treasury Assistant Commissioner) to certain double payments and other irregularities which, though repeatedly noticed in the objection statements, remained unexplained, and suggested a special inspection of the accounts. The matter was accordingly investigated by Mr. N. Madhava Rao, Treasury Assistant Commissioner, Tumkur, and as a result of the same, it was found that the clerk entrusted with these accounts had by a system of overdrawal of money and falsification of accounts, embezzled several sums from April 1907 to the extent of nearly Rs. 250.

3. The Treasury Officer has reported that the clerk after some hesitation admitted his guilt, that a sum of Rs. 140 has been recovered from him and that the balance (Rs 110) will also be shortly collected. The Deputy Commissioner has reported in his docket No. 808, dated 15th April 1909, that sanction has been already given for the prosecution of the clerk.

4. How a clerk not borne on the regular establishment of the Treasury came to be entrusted with this work (*vide* para 15 of the Treasury Officer's report), though the rules require that such pensions should be paid by the Treasurer in the presence of the Treasury Officer, has not been explained by the Treasury Officer or the Deputy Commissioner. But it is reported that the arrangement demanded by the rules has now been adopted.

5. The exact manner in which the defalcations were practised by the clerk undetected for nearly two years is explained fully in the Treasury Officer's report No. 102, dated 20th February 1909 (copy forwarded) and needs no recapitulation here.

6. The report shows that the following circumstances rendered it possible for the clerk to draw more money from the Treasury than was actually required for payment to the pensioners and misappropriate the excess so drawn :—

(i) The system reported to be obtaining in this Treasury of drawing the amount needed for disbursement in this behalf on a single voucher signed by the Treasury Officer instead of on bills signed by the payees, as in the case of other pensions;

(ii) The system adopted by the Treasury Officers of entrusting the money so drawn and its disbursement to the clerk instead of holding it under their custody and disbursing it in their presence and the failure on their part to check the payments, on the day on which the transactions took place and;

(iii) The failure again on the part of the Treasury Officers to pay sufficient attention to the audit objection statements received from the Deputy Comptroller. If the instructions laid down by the British Military Accounts Department for the guidance of the Treasury Officers in regard to these pensions, had been observed and if the payments had been required to be made in the presence of the Treasury Officers and if they had at the time of each payment certified to it in the muster-roll, the pension certificate and the check register, the misappropriation in question would not have been possible; or even if it had occurred, they would have been discovered without delay if the Treasury Officers had looked carefully into the audit objections instead of treating them it mere matters of routine. The Deputy Commissioner has been requested to obtain the explanation of the Treasury Officers responsible for these omissions and a further report will be made in the matter."

2. Correspondence ending with letter No. 7360, dated 25th January 1910, from the same officer, submitting further information on the subject.

Land Revenue, dated 25th April 1910.

No. R. 7261-70—L. R. 377-08-6, DATED BANGALORE, 25TH APRIL 1910.

ORDER THEREON.—It is reported that the amount embezzled has been fully recovered from the clerk concerned and that he was duly prosecuted and sentenced to 18 months' rigorous imprisonment. Government observe that the defalcations in question were rendered possible only by a systematic neglect of Rule 69 of the "Instructions regarding the payment of Military Pensions in the Secunderabad Division," which requires each payment to be made in the presence of the Treasury Officer and the payment entered in the Muster-Roll with his initials and endorsed on the back of the Pension Ticket. In addition to this, the Treasury Officer failed to take any notice of the Objection Statements received from the Deputy Comptroller of Military Accounts, which were treated as mere matters of routine and referred for disposal, without any enquiry whatever, to the very clerk to whose misdeeds they related. The Treasury Officers responsible for these omissions are reported to be Messers. C. Venkata Rao, M. Srinivasa Murti and D. Srinivasa Iyengar, and Government agree with the Revenue Commissioner that their explanations in the matter are not satisfactory and that they have failed to show a proper sense of their responsibility and to exercise proper control over the work of their subordinates. The Revenue Commissioner is requested to communicate the displeasure of Government to these officers for the grave irregularities which they allowed to be committed in the payment of these pensions.

2. In regard to the attention due to Objection Statements from the Audit Office, attention is invited to the following extract from the Comptroller's letter to the Revenue Commissioner which is very germane to the subject:—

"The present case is a typical one illustrating that serious consequences may follow, if objections from Audit Office are regarded as routine matters and no attention is paid to them. It is but natural that many objections of the Audit Office should really be of a routine or technical character; but, it is a great mistake to forget that serious irregularities can only be brought to light by systematically noticing *all* irregularities, and that, behind an apparently technical objection, may be the clue to instances of very grave misuse of public money.

"All communications from the Audit Office should receive the most careful consideration of the Head of the office himself, and this fact cannot be too strongly impressed on all officers. In this case, the neglect of the officer in charge in making over a sum of money to a clerk, and not requiring him to account for it afterwards, was culpable. And, there is no doubt that this laxity on his part encouraged the clerk to commit the misappropriations."

3. The Military Pension Payment Rules referred to above, will be printed as an Appendix to the District Treasury Manual proposed to be issued.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 26th April 1910.

READ—

Government Order No. R. 1684-93—L. R. 490-06-3, dated the 2nd September 1907, issuing instructions regarding the principles to be adopted in collecting the supari cess directed to be levied on supari gardens on the abolition of the halat.

2. Representation from Mr. H. Gundappa, Member of the Representative Assembly from the Kunigal Taluk, (Subject No. 106 of the Representative Assembly Meeting of 1909) to the effect that, if the supari cess cannot be abolished, only trees actually in bearing should be taken into consideration in levying it and that trees below 12 feet in height be omitted from calculation in the case of mixed gardens.

No. R. 7290-92—L. R. 395-09-1, DATED BANGALORE, 26TH APRIL 1910.

ORDER THEREON.—According to Rule (*a*) laid down in the Order read above, in the case of gardens in which supari is raised with other produce, any area containing 400 areca trees not less than six feet in height, is considered to be equivalent to an acre for the purpose of the levy of the cess. It is represented that areca trees do not usually yield until they attain a height of at least twelve feet, and the limit of height now fixed is therefore too low. Under the circumstances, Government are pleased to direct that the limit of height of trees be raised to twelve feet and the rule under reference amended by the substitution of the word "twelve" in place of the word "six" in line 6 thereof.

C. S. BALASUNDARAM IYER,

Proceedings of the Government of His Highness the Maharaja of Mysore.

EAD THE FOLLOWING :—

Letter No. 7924, dated the 8th February 1910, from the Revenue Commissioner in Mysore.

I have the honor to submit herewith Comptroller's letter No. 3139-509, dated 23rd ecember 1909, reporting on the working of the Treasuries in the State during the year 08-09 and to state as follows:—

2. The statements appended to the Comptroller's report show that there was a distinct nprovement in the quality of work done in the District Treasuries during the year under eport. The Tumkur District Treasury alone is reported to have lagged much behind in the ibmission of the monthly lists of Payments and Cash Accounts and the Annual Returns, hile all the other Treasuries appear to have submitted the accounts more promptly than in ie previous year. It is evident, on the whole, that all the District Treasuries made an rnest endeavour to minimise the delay and irregularities which were noticed in their work i the past several years and criticised in the reviews of Government. It is worthy of special ote in this connection that the Mysore Treasury, which was conspicuous for its delays, has egun to show appreciable improvement.

3. I may be permitted to say that the transfer in the year 1906 of the control of the reasuries to the Revenue Commissioner, and the several measures adopted since then to nprove the personnel of the Treasury Department are just now beginning to bear fruit and is hoped that, with the continued vigilance both on the part of this office and that of the omptroller, our Treasuries will attain thorough efficiency before many years elapse.

4. I need not dwell at length on the points referred to in the concluding paragraph the Comptroller's letter, *viz.*, (1) the undesirability of frequently disturbing Treasury fficers and (2) the preparation of a District Treasury Manual. In reviewing the report r the last year, Government were pleased to note the suggestion that no officer placed charge of a Treasury should be disturbed for at least three years; and I understand at the Draft Treasury Manual has since been submitted by the Comptroller and that is engaging the attention of Government.

5. In para 51 of the Report on the Administration of the Revenue Department for the ar 1908-09, submitted in November last, I have furnished, as usual, a short account of the ork done by all Revenue officers and Treasury Assistant Commissioners by way of inspecting the Treasuries in their charges. I have only to add here that no serious irregularities ere found to exist. There have been cases of ordinary omissions to comply with the codal les here and there and suitable instructions have been issued to the officers concerned for pplying such omissions and for avoiding them in future.

ENCLOSURE.

Letter No. 3139-509, dated the 23rd December 1909, from the Comptroller, Mysore Government, to the Revenue Commissioner in Mysore.

I have the honor to forward herewith my review on the working of the Treasuries in the rovince for the year 1908-09 with the statements noted below for being submitted to Government with your report as usual.

1. Statement A, showing the defects and drawbacks in the working of the Treasuries for the year 1908-09.
2. Statement B, showing for the purpose of comparison the figures in statement A with the figures in the same for the preceding year.
3. Statement C, showing the delay in the submission of the bi-monthly Lists of Payments and monthly Cash Accounts.
4. Statement D, showing the delay in the despatch of Local Remittance Statements and Deposit Statements during the year 1908-09.
5. Statement E, showing the delay in the return of Objection Statements.
6. Statement F, showing the names of officers who were in charge of District Treasuries in 1908-09.

2. *Lists of Payments and Cash Accounts.*—Though no District Treasury forwarded its sts of Payments to this office in time, yet it is gratifying to note that, on the whole, some tempt was made to minimise the delay which already existed in their submission. The nprovement is seen in all the districts except Bangalore and Tumkur. It is only in the spatch of the first List of Payments that the Bangalore District Treasury has lagged be-nd (which it is hoped is only temporary on account of the very heavy transactions in that strict, particularly in the year of distress we have passed through) and it has been fairly ompt in sending the second List of Payments and the Cash Account. But Tumkur is actically still with its delay of a fortnight in the submission of the first List of Payments d a week in that of the second List and the Cash Accounts.

Proceedings of the Government of His Highness the Maharaja of Mysore,

3. The Cash Accounts were submitted with very little delay by the Kolar, Kadur and Hassan District Treasuries (though there was delay in the submission of the Lists of Payments in the first-named Treasury) and there was no delay in the Shimoga District Treasury. Though the Mysore District Treasury, of which special mention was made in this report almost every year, delayed the submission of the first and second Lists of Payments by 17 and 10 days, it is satisfactory to observe that this Treasury has along with the others shown some improvement and reduced the delay in the submission of the Cash Accounts from 12 to 6 days. I inspected this Treasury in January last and found that, though it was well equipped with a fairly good staff, it was burdened with work which was in part either unnecessary (as in the case of the maintenance of detailed ledgers for Savings Bank Accounts in addition to those maintained in the Taluk Treasuries and in my office) or properly appertained to the Deputy Commissioner's office (*e.g.*, the Muzrai Accounts) *vide* my letter No. 5184-1676, dated the 24th February 1909. This is engaging my attention and I hope ere long to relieve the Treasuries of the same.

4. On examining Statement B, it will be observed that Hassan is the only district which sent both its Lists of Payments and Cash Accounts fairly well in time throughout the year under review, and showed marked improvement in this respect. This is attributable to the fact that this is the only Treasury in which one officer was continuously in charge throughout the year and the observations I made in the concluding para of my report last year in regard to the real cause of the inefficiency of Treasuries are borne out by the results achieved by this District Treasury, and I have no doubt that if my suggestions be fully given effect to, the oft-repeated complaint of the general inefficiency of the Treasuries in Mysore will to a great extent disappear.

5. *Vouchers and subsidiary statements.*—I have dwelt at some length in paragraphs 6-10 of my last year's review, on the delay in the submission of the subsidiary returns which should accompany the Cash Accounts and the non-submission of vouchers, and the inconvenience caused to this office thereby. I have only to reiterate what I have said as I perceive no improvement in this direction in most of the District Treasuries. A little effort on the part of the Treasury Officers should set matters right. I enclose for your information a statement (marked G) showing the vouchers which have not been received up to date.

6. Comparing the numbers of belated returns with that for the previous year, Mysore shows tangible improvement, 46 against 108, but the number should be reduced. Though the number of papers which were not received in time is 48 per month for the Hassan District as shown in Statements A and B, the delay in their submission was only a day or two. It must be stated to the credit of this Treasury that it has been sparing no pains to comply promptly with the requisitions of this office.

7. *Annual returns.*—The delay in the despatch of these returns as shown in Statement D varies from three days to nearly nine months. There was considerable delay in the Tumkur District in the submission of not only the Annual Statements of Lapsed Revenue and Judicial Deposits but also of the monthly statements of these deposits, *e.g.*, those for July 1908 were not received till December 1908. The delay in the Kadur District was also considerable.

8. *Objection statements.*—The delay in the return of these statements in almost all the District Treasuries was less in the latter part of the year under review than in the earlier. There has been decided improvement in this respect in some of the Treasuries and I hope there will be no retrogression. The delay in the return of the objection statements for the last month of the year is due to the large number of objections included in the statement.

9. *Items objected to, miscellaneous.*—The nature and number of items objected to are shown in columns 5, 6 and 7 of Statements A and B. The greater number of these comprise objections taken by this office to payment of bills without the requisite Insurance, Horse Maintenance, or Grain Compensation Certificates which the Treasury should have seen to before making payment.

10. *Concluding remarks.*—A District Treasury Manual for Mysore has been drafted and it is under submission to Government. Every endeavour has been made to make it a complete Manual of Instructions to the Treasuries and disbursing officers on all points requiring their attention, by including therein all standing orders of Government and the Circulars issued by this office which are still in force. It will, it is hoped, prove a useful auxiliary to the Civil Account Code. But as no amount of orders and instructions issued to the Treasuries for their guidance will be of any avail unless the officer in immediate charge of the Treasury takes personal interest in giving effect to them, and which he will do only if he is made to realize his responsibility, I would once again urge upon Government the necessity for retaining Assistant Commissioners placed in charge of Treasuries for at least

Land Revenue, dated 27th April 1910.

three years, without interruption. From Statement F it will be seen that, except in the Hassan District Treasury, there was a constant change of officers in all the District Treasuries in the year reviewed in this report.

No. R. 7350-59—L. R. 294-09-2, DATED BANGALORE, 27TH APRIL 1910.

ORDER THEREON.—Recorded. Except in the Bangalore and Kadur District Treasuries, the number of omissions and mistakes noticed in the other Treasuries was more than in the previous year.

2. The statement of lapsed Revenue and Judicial Deposits, which was due on the 31st July 1908, was delayed for 7 months in the Kadur District Treasury, and the delay in the despatch of the Clearance Register of Revenue and Judicial Deposits in the Tumkur and Kadur District Treasuries, was 8 months and 24 days and 7 months and 2 days respectively. The delay in the return of objection statements is very noticeable in the districts of Bangalore and Tumkur.

3. The general working is stated to be on the whole satisfactory. Government desire that the District Treasuries will endeavour to attain a higher standard of punctuality and accuracy in the preparation and submission of the Accounts and Returns. Government are not prepared to pledge themselves to retaining an officer in District Treasury charge three years at a time, as is suggested in the Reports under disposal. Nor is it considered that such retention is necessary, though perhaps, it is desirable, where possible. In an office like the Treasury, which is governed by Rules and Regulations of the utmost precision verging on mechanical, Government would look to the permanent officials quite as much as to the Assistant Commissioners in charge, for punctuality and correctness in Accounts and Returns. There is reason to fear that the Subordinate Service in Treasuries is not recruited and maintained with the care necessary to ensure correct and efficient Treasury work.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 29th April 1910.

READ—

The following note dated 26th August 1909 by the Government Advocate regarding the remission of khalsat imposed on certain Devadaya Inam lands in Sarvamanya Harihalpur village, Krishnarajpete, Taluk, which is under Government management, having been mortgaged by the Inamdar for a loan of Rs. 20,000:—

"The mortgage deed stipulates, among other things, that the hypothecated village shall be in the management of the Amildar and that out of the income realised a sum of Rs. 1,662-10-8 shall be annually appropriated towards the principal and interest until the debt is fully discharged. Neither this document nor the Government Proceedings referred to therein alludes to the arrears of assessment due by the raiyats. I am therefore of opinion that the Government have no right to collect arrears of assessment due for years previous to the date of mortgage. The mortgagor was at liberty to collect them in spite of the mortgage. If any portion thereof was recovered by Government it was unauthorized. It is therefore advisable to inform the representatives of the late Mr. Gopala Iyengar to make their own arrangements for the recovery of such arrears.

As mortgagees in possession, the Government are bound to collect, with due diligence, from the raiyats, the kandayam payable by them, and will be liable to make good any loss arising from their negligence. The right of the mortgagor to demand the khalsat in question was denied by the pujari, and the mortgagor did not make any attempt to enforce this right for nine years he was in possession of the village before mortgage. It can fairly be contended for the pujari that the land itself was made a gift of to the deity and not a certain amount out of the income thereof. The gift was not qualified by any reservation that when the assessment of the land was enhanced, the donor was to get the difference between the old and the new assessments. Thus the claim itself is a highly doubtful one and no negligence can be imputed to the mortgagee if no suit be filed to enforce such a claim.

If the claim of the mortgagor to the khalsat in question be considered good, the only way it can be enforced is by a suit to be instituted by the Deputy Commissioner of Mysore on behalf of the Government of Mysore, as the mortgage deed stands in his name. The heirs of the mortgagor will have to be made *pro-forma* parties to the suit.

Before launching a suit of this kind the question of limitation will have to be considered. The Survey Settlement seems to have taken place in 1885 when the khalsat was claimed by the mortgagor and the pujari seems to have denied his right to make such a demand. Whether or not this right be regarded as a recurring one for which a cause of action arises from day to day or from year to year, the claim seems to be barred by either the twelve years' rule under Article 131 or by the six years' rule under Article 120 of the 2nd schedule of Limitation Regulation."

No. R. 7402-10—L. R. 423-09-1, DATED BANGALORE, 29TH APRIL 1910.

ORDER THEREON.—The position of Government regarding the recovery of arrears of rent due from tenants and other inferior holders in Inam villages, taken under Government management, has been explained in Government Order No. R. 3453-61—L. R. 217-06-2, dated 3rd December 1907, and the principles laid down therein are applicable in all cases whether the assumption of management has been due to default in payment of revenue or for the recovery of any loan advanced to the Inamdar on the security of the village or any other similar reason. The attention of the Deputy Commissioners will be specially drawn to the remarks of the Government Advocate regarding the liability of Revenue officers in case of failure on their part to take proper and timely steps for the collection of arrears after the village comes under Government management and the Revenue Commissioner is requested to impress upon all Revenue officers the importance of their discharging to the best of their ability the trust imposed upon them by the management as explained in Government Order No. 3793-802—Cir. 67, dated 17th July 1890. Arrangements should be made to conduct the jamabandi of all such villages annually as in the case of Government villages and to get the demand and collection carefully checked by the jamabandi officer at the time and to have in short the same attention paid to prevent accumulation of arrears as in Government villages.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ AGAIN—

(1) Government Order No. R. 11,947—R. M. 531-03-5, dated the 29th May 1905, recording the report of the Revenue Commissioner in Mysore on the defalcations by Shanbhog Subbiah and Patels Gujje Gowda and Dyavegowda of Mirle in the Yedatore Taluk and directing that vigorous steps be taken to recover the large arrears outstanding in the village and a report submitted at the end of three months on the progress made in that respect.

(2) Government Order No. R. 516—R. M. 17-06-2, dated the 12th July 1906, recording the further report from the Revenue Commissioner on the same subject and observing that delay in the enquiry will only tend to increase the difficulty of detecting the several cases of defalcation and of recovering the amounts.

READ ALSO—

Letter No. 6538, dated the 21st December 1909, from the Revenue Commissioner in Mysore, forwarding copies of (i) letter No. 165, dated the 19th August 1909, from the Deputy Commissioner of the Mysore District, (ii) memorandum of enquiry by Mr. T. K. Sundararaja Iyengar, Sub-Division Officer and Jamabandi Officer of the Yedatore Taluk, and (iii) order of the Revenue Commissioner No. 6536, dated the 21st December 1909, and other papers on the subject.

No. R. 7451-59—L. R. 270-09-2, DATED BANGALORE, 29TH APRIL 1910.

ORDER THEREON.—According to the list originally prepared by the Amildar of Yedatore in 1905, the total amount alleged to have been embezzled by the Shanbhog Subbiah and the two patels Gujje Gowda and Dyave Gowda of Mirle, was Rs. 1,496-4-11, but out of this Rs. 66-11-4 had been recovered from some of the parties before the list was submitted. The balance to be accounted for was therefore Rs. 1,429-9-7. Mr. T. K. Sundararaja Iyengar, Assistant Commissioner, who has held a detailed enquiry into the matter, is of opinion that there is not sufficient proof of any dishonest conduct on the part of the shanbhog and that the charges against him were the outcome of the strong ill-will which prevailed against him in the village and the advantage that was taken of his youth and inexperience by the patels, the shanbhog gumasta and others, who were mischievously disposed towards him. Out of the balance of Rs. 1,429-9-7 referred to above, Rs. 547-4-5 have been already paid up by those who had originally complained, and with regard to the other items, it is stated that except in the case of four items amounting in all to Rs. 32-3-6, the receipts produced are utterly unreliable and the parties concerned have either failed to appear at the time of the enquiry or are unable to adduce any satisfactory evidence of payment. As regards Rs. 32-3-6 just mentioned, the receipts relating thereto are reported to contain entries of other payments which are not disputed, and as some of the parties are dead, the Assistant Commissioner proposes to recover the amount from the Shanbhog Subbiah under suspension, and reinstate him in his office, the charges against him not having been substantiated. Steps are being taken to recover the remainder Rs. 850-1-8 from the khatedars in whose names the amount is outstanding.

2. The Revenue Commissioner has approved of the proposal and directed the re-appointment of Subbiah as shanbhog on probation for two years. A further report should be submitted to Government at the end of these two years.

3. With regard to the patels, the Sub-Division Officer suggests that they should be altogether dismissed from the office and some other competent member of this family appointed in their stead, as they worked against the shanbhog and abetted the charges against him, evading their obligations in respect of the collection of the kandayam. He also states that the appointment of one of the patels should be abolished, as it is not possible to enforce the responsibilities of such dual offices properly. The Revenue Commissioner, however, considers the village to be too large for a single patel to be able to manage all the work and that it is desirable to continue both the offices of patels allotting one for revenue work and the other to police and sanitary duties. He has directed the Deputy Commissioner to dispose of the question in communication with the Sub-Division Officer.

Land Revenue, dated 29th April 1910.

4. Government are glad that the Revenue Commissioner has been able to pass final orders at length on this question of defalcation which has been pending from 1904 and trust that no further time will be lost either in recovering the balance still outstanding or in settling what is the most efficient course for carrying on the duties of patel in such a large village, a report being submitted to Government in due course. The local officers should be directed carefully to watch the Revenue administration of the village and repress the mischievous inclinations of the contending factions in the village.

5. It is reported that one of the chief causes which led to so many unfounded assertions of payment and to so much confusion in the accounts was the practice of giving receipts for payments on loose sheets of paper and not in patta books. The Sub-Division Officer proposes to issue new pattas to every khatedar at the time of jamabandi and duplicates to each 'anubhavadar.' There is no provision under which co-sharers who are not registered occupants are entitled to duplicate pattas. The attention of the Deputy Commissioner should be drawn to Government Order No. R. 7076-86—L. R. 597-05-5, dated the 10th March 1909, in which it has been directed that the name of the person making the payment should be entered in the patta and an extract from the Kirdi supplied to him on demand on payment of the price of the form. The practice of granting receipts except in the patta should be thoroughly put a stop to and steps taken to supply each khatedar with a patta in which all payments should be duly entered.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Correspondence ending with letter No. 8099, dated 12th February 1910, from the Revenue Commissioner in Mysore, forwarding copy of a letter, together with enclosures in original, from the Deputy Commissioner, Chitaldrug District, reporting on the loss of a bag of two-anna pieces from one of the eleven chests in which copper and silver specie as noted in the margin was remitted by the passenger train on the 27th January 1910, from Davangere to Holalkere.

		No. of bags.	Amount Rs.	a.	p.
1.	½ anna pieces	51	1,530	0	0
2.	¼ ,, ,,	25	750	0	0
3.	2 ,, ,,	1	700	0	0
			2,980	0	0

2. Letter No. 9163, dated 15th March 1910, from the Revenue Commissioner in Mysore, recommending that K. Rama Rao, Taluk Sheristadar of Holalkere, may be compulsorily retired from service on full pension, to which he seems to be entitled, and stating that the Deputy Commissioner reports that a sum of Rs. 643-8-0 has since been found and that the case is proceeding against the accused sepoy in the Court of the Assistant Commissioner and 1st Class Magistrate, Davangere Sub-Division.

No. R. 7525-6—L. R. 278-09-4, DATED BANGALORE, 30TH APRIL 1910.

ORDER THEREON.—The circumstances under which the loss of the treasure bag occurred are reported to be as follows:—

On the 27th January 1910, B. K. Rangachar, Taluk Sheristadar and Treasury Officer of Davangere, remitted to the Holalkere Taluk a sum of Rs. 2,980. Of this Rs. 2,280 was in copper coin and the balance Rs. 700 in 2-anna pieces. The copper coin was sent according to the directions of the District Treasury Officer and the silver pieces were added to the remittance on the Sheristadar's own responsibility. Sufficient attention was not paid to packing the treasure and securing it properly. The locks attached to the treasure chests were flimsy and could be easily opened and by a slight deflection of the binding ropes the boxes could be opened and closed with the seals intact. Instead of a treasury official, the Taluk Vut Mutsaddi was sent with the remittance. The treasure arrived at the Holalkere Taluk Office at 4-30 P.M. the same day in charge of a Naik and four sepoys. K. Rama Rao, the Taluk Sheristadar and Treasury Officer of Holalkere, who had to take charge of the remittance, did not immediately examine the chests but had them removed and placed in the Taluk Office near the shroff's counter but outside the treasure room. He also relieved the Barr escort of the guard by returning the invoice duly acknowledged. When the Treasury was closed for the night the chests lay outside the Treasury chamber and were not entrusted to the local Barr guard. On the 28th idem only one chest of coins was counted and the contents removed into treasure room and on this day there was a change of the Barr guard, Havaldar Gnanapragasam and Naik Davis going on leave after relief by Abdul Khader and Abdul Rahiman respectively. The next day, *i.e.*, the 29th January two more boxes were examined and their contents placed in the Treasure room. But as the 30th was a Sunday, the Taluk Sheristadar K. Rama Rao asked the shroff to examine the remaining chests lying outside, with the Vut Mutsaddi of Davangere and also asked the sepoys to admit these persons into the Treasury in his absence and allow them to examine the treasure chests. These officials accordingly did so on the 30th but in the first chest they examined they found some interpolations in the writing on the label on the box and when the contents were examined a bag of 2-anna pieces was found to be missing The other chests were then examined by them and in none of them was the missing bag found. The loss was then intimated to the Taluk Sheristadar and by the latter to the Amildar Mr. Abdul Hakim. The Amildar reported the occurrence by wire to the Deputy Commissioner as the missing bag could not be traced. Enquiry showed that the amount was correctly despatched from Davangere. The Deputy Commissioner thereupon recovered Rs. 450 from the Taluk Sheristadar K. Rama Rao and Rs. 250 from the Shroff Srinivasiengar and ordered a departmental enquiry to be made by Mr. N. Subba Rao, Assistant Commissioner, Davangere Sub-Division, and a Police investigation of the theft, by the Assistant Superintendent of Police Mr. B. Ramaswamaiya.

2. It is understood that the Police have placed certain persons before the Magistrate charged with the theft and the result of the criminal proceedings is awaited.

Land Revenue, dated 30th April 1910.

3. So far as the departmental aspects of the case are concerned, Government agree with the Revenue Commissioner and the Deputy Commissioner in the latter officer's findings regarding the conduct of the several officials. The Taluk Sheristadar of the Holalkere Taluk, K. Rama Rao, has been guilty of a gross neglect of his duties and deserves to be severely punished. He will accordingly be compulsorily retired at once and the question whether he should also be mulcted of a part of the pension admissible to him will be considered again when his pension roll comes up before Government. In the case of B. K. Rangachar (Taluk Sheristadar of Davangere) who failed to fulfil his responsibilities in the despatch of treasure a severe censure for his remissness should be recorded in his service register. He has also been since transferred to the Molakalmuru Taluk.

4. Government also observe that the Amildar, Mr. Abdul Hakim, though at head-quarters all the time, did not take trouble to ascertain whether the treasure had been correctly received, counted and secured properly without any delay, and that he deserves to be severely censured for permitting gross laxity in the conduct of work in the Taluk Treasury.

5. Government are inclined to agree in the Deputy Commissioner's suggestion that the Taluk Sheristadars and shroffs should be made to pay their security deposits in cash only, and the matter will be considered separately and orders will be issued in due course.

6. The Deputy Commissioner's report regarding the final result of Police investigation of the case is awaited.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore, with enclosures received with the two letters read above.
The Comptroller, Mysore Government.

Exd.—C. V.

READ—

Letter No. 73, dated the 17th February 1910, from the Superintendent, Mysore Revenue Survey and Settlement, submitting the annual progress report of the Revenue Survey Department for the year ending 31st October 1909.

No. R. 6681-90—L. S. 24-09-2, DATED BANGALORE, 9TH APRIL 1910.

ORDER THEREON.—Mr. D. Shama Rao continued to be in charge of the Department throughout the year under report.

2. There was a decrease in the work of original measurement, which was carried out in six inam villages with a total area of 4,457 acres. The bulk of the work done by the Department during the year consisted chiefly of partial resurvey. 664 villages containing 61,335 fields measuring 802,482 acres were resurveyed in the Nagar, Tirthahalli, Kadur, Tarikere and Chiknayakanhalli Taluks, as compared with the 798 villages containing 64,810 fields measuring 599,754 acres during the previous year. The increase in the total area dealt with is stated to be chiefly due to the comparative paucity of survey numbers in the malnad taluks, where there are large areas of forest and other kharab lands, and to the small time spent in travelling by one establishment.

3. Water reclassification of wet and garden lands in the Maddagiri and the late Koratagere Taluks and the original classification of 19 inam villages were also carried out, the area dealt with consisting of 14,522 fields measuring 60,617 acres. Revision settlement was introduced into the Shikarpur Taluk and arrangements for the introduction of revision settlement into the Pavagada, Sira and Tumkur Taluks, the rates for which have already been sanctioned, are in progress. Proposals for the revision settlement of the Honnali and Shimoga Taluks and the late Anantapur Taluk now forming part of the Sagar, Nagar and other adjoining Taluks, are stated to be under preparation and should be expedited. The revision of potgi in the Chitaldrug, Holalkere, Jagalur and Hiriyur Taluks has been completed.

4. The maps of 348 villages have also been issued. Many of these villages are situated in the malnad and the preparation of the maps is stated to have presented special difficulties owing to the peculiar physical features of the villages. The printing of the maps was done locally for the first time by a litho press specially purchased during the year for the purpose. It is anticipated that in future there will be no difficulty in issuing maps of villages as soon as resettlement is completed, and that the cost will be greatly reduced.

5. Of the causes which are stated to have greatly impeded the progress of work, the Superintendent of Survey lays special stress on three. These are (1) the unsatisfactory condition of boundary marks, (2) the want of co-operation of villagers, chiefly near important and flourishing towns like Birur, and (3) the failure of the Amildars to comply with requisitions for statistics and other information which is necessary for resettlement. These generally form the burden of the Superintendent's complaint every year and Government have been year after year insisting on the Revenue officers' co-operating with the Survey Department in all stages of the resurvey operations. Government desire to have a report from the Revenue Commissioner and the Survey Superintendent every six months as to how far matters have improved in respect of such co-operation. Individual cases of remissness will be adequately noticed if reported to Government.

6. Government are glad to observe that the out-turn of work has on the whole been satisfactory.

7. As regards the reversion to the Survey Department of the measurers lent to the Revenue Department, the Revenue Commissioner's attention is invited to

Land Revenue, dated 30th April 1910.

3. So far as the departmental aspects of the case are concerned, Government agree with the Revenue Commissioner and the Deputy Commissioner in the latter officer's findings regarding the conduct of the several officials. The Taluk Sheristadar of the Holalkere Taluk, K. Rama Rao, has been guilty of a gross neglect of his duties and deserves to be severely punished. He will accordingly be compulsorily retired at once and the question whether he should also be mulcted of a part of the pension admissible to him will be considered again when his pension roll comes up before Government. Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 9683, dated the 12th March 1910, from the Revenue Commissioner in Mysore, forwarding the statement showing the losses in cattle of various kinds during the quarter ending 31st December 1909, together with the accompanying copy of his review thereon :—

Revenue Commissioner's review.

Recorded.

2. The total loss of cattle in the State during the quarter under review amounted to 17,697 as against 34,552 during the corresponding quarter of the previous year, showing a decrease of 16,855. There were 7,898 deaths from sickness and 7,847 deaths from accidents and other causes. The number of deaths by sickness is about 40 per cent of the number for the corresponding quarter of last year, which was one of severe drought.

3. The following statement shows the number of cattle inoculated in the different districts during the quarter :—

District	*Number of cattle inoculated*
Kolar	444
Tumkur	214
Hassan	610
Shimoga	1,115
Chitaldrug	24

No. Fl. 5221 / S. R. 176-09-4

GENERAL AND REVENUE SECRETARIAT,
Dated Bangalore, 20th April 1910.

FROM

C. S. BALASUNDARAM IYER, ESQ., B.A.,
Officiating Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Department.

To

The Excise Commissioner in Mysore.

SIR,

With reference to para 2 of your letter No. 8414, dated 6th April 1910, requesting instructions on certain points in connection with the reduction of security deposits in respect of long leases of toddy shops, I am directed to state as follows:—

(*a*) The amount of security to be taken in case the purchaser is found to be of doubtful solvency, or a foreigner, will be double the usual amount, as laid down in Rule XIII;

(*b*) The amount of deficiency to be made good by the defaulting bidder, if a resale is effected under condition XV, will be the deficiency for the remaining period of the lease, subject to a maximum of twelve months;

(*c*) The loss by resale will be calculated on the rentals for two years, any sum in excess of what is recoverable from the defaulter, as explained in (*b*) *supra*, being brought under remission; and

(*d*) In the case of resale, the lease will run for the unexpired portion of the two years for which the first sale was held.

I have the honor to be,
Sir,
Your most obedient servant,

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 2985—292, dated the 23rd December 1909, from the Inspector-General of Police in Mysore, submitting, with his remarks, the report on the working of the Mysore Mines Regulation, 1906, during the official year 1908-09 : —

"I have the honor to forward herewith copy of letter No. 2685, dated the 12th October 1909, from the District Magistrate of Kolar, submitting the third annual report on the working of the Mysore Mines Regulation, IV of 1906, during the official year 1908-09.

2. It will be seen from the above report, that, under the provisions of the New Mining Regulation, 84 cases were filed during the year under report as against 59 in the previous year.

3. As regards the protection of mining property, Sections 5 to 19 of the Regulation, 39 cases involving 52 persons were put up for trial and I am glad to say that the results are very satisfactory, considering that 35 cases with 39 persons ended in conviction, the details of which are given in the statement embodied in the report.

4. Again, it will be seen that prosecutions were instituted in 14 cases under Section 6 of the Regulation as against 5 in the year previous. The number of prosecutions under this section is larger and the results are satisfactory, considering that 13 out of the 14 cases ended in conviction. It is gratifying to note that under Section 11 of the Regulation no prosecutions were instituted, and this is a significant fact showing that the provisions of the section do not affect prejudicially goldsmiths carrying on a *bonâ fide* trade.

5. The provisions of Section 17 of the Regulation have proved very useful, inasmuch as 14 cases involving 14 persons were put up for trial, and convictions were secured in 13 cases involving 13 persons. As observed by the District Magistrate, I am of opinion that in course of time the whole mining area will become free of the rowdies that infest it. In this connection, I would once again beg to urge on the attention of Government, as I have already done in my previous letter forwarded in January 1909, the desirability of investing the Superintendent of Police with sole authority to issue notices on the undesirables and unemployed hovering on the Fields.

6. It may not be out of place to mention here one of the important cases that occurred on the Fields in which a millman named Alfred Ware was concerned, he being found in possession of gold amalgam worth Rs. 1,972. This case was successfully prosecuted and the accused was convicted by the Madras High Court. I need not enter into the details here as I have already made special report in the case.

7. In conclusion, I beg to state that the provisions of the New Mines Regulation have, on the whole, been successfully worked out with every care and diligence without causing the least hardship to the peaceful and law-abiding subjects.

8 I request that early orders of Government may be obtained as regards extending the provisions of the Regulation to the Railway premises between Marikuppam and Bowringpet."

ENCLOSURE.

Letter No. 2685, dated 12th October 1909, from the District Magistrate, Kolar District, to the Inspector-General of Police in Mysore.

I have the honor to forward herewith the third annual report on the working of the Mysore Mines Regulation, IV of 1906, during the official year 1908-09 as follows :—

2. The number of cases filed was 98, 12 of which involving 12 persons were dealt with under clause (4) of Section 5 of the rules framed under Sections 24 and 25 of the Mysore Mines Regulation, III of 1897, and 2 cases with two persons both under the Indian Penal Code and the Mysore Mines Regulation for the offences of being in possession of stolen mining properties. The number of cases, therefore, coming directly under the provisions of the new Regulation was 84 against 59 in the previous year.

3. *Protection of mining property.*—Thirty-nine cases involving 52 persons were put up by the Police under the more stringent sections 5 to 19 of the Regulation, of which 35 cases

concerning 39 persons ended in conviction, against 44 cases touching 62 persons tried and 39 persons in 35 cases convicted during the previous year, as detailed below :—

Under Sections	1907-08				1908 09			
	Prosecuted		Convicted		Prosecuted		Convicted	
	Cases	Persons	Cases	Persons	Cases	Persons	Cases	Persons
6 and 13 ...	5	8	3	4	14	19	13	16
7 and 13 ...	9	16	8	10	3	8	3	4
11 and 13 ...	1	1	1	1	0	0	0	0
12 and 13 ...	1	1	1	1	4	5	4	4
16	4	12	1	2	4	6	2	2
17 and 19 ...	22	22	19	19	14	14	13	13
18 and 19 ...	2	2	2	2	0	0	0	0
Total ...	44	62	35	39	39	52	35	39

(*a*) *Section 6.—Unlawful possession of mining materials.*—There were 14 cases under this section, against 5 of the previous year, of which 13 ended in conviction of 16 persons. The question of bringing all electrical fittings especially 'copper wire' under the definition of "Mining Material" is still being urged and deserves to be favourably considered to further safeguard the mining property.

(*b*) *Section 7.—Licenses required for gold-dealers and goldsmiths.*—Three cases involving 8 persons were tried during the year, against 9 cases and 15 persons in the previous year, for working without licenses, of which all the three cases ended in the conviction of 4 persons, the other 4 accused being acquitted or discharged. Fines amounting to Rs. 90 were imposed and collected during the year.

One goldsmith's license was issued till 31st December 1908 and 19 up to 30th June 1909, the amount of license fees collected during the official year being Rs. 100. Of these 20 licenses, 4 were new ones, the rest renewals of old ones.

Goldsmiths' licenses are, as usual, very sparingly issued and that too, only after making satisfactory enquiries as to the antecedents and character of the applicants.

No gold-dealer's licenses were issued during the year.

(*c*) *Section 11.—Goldsmiths not to deal with gold, etc., until after three days of receipt.*—No case arose under this section, showing how the provisions thereof have not been worked to the prejudice of, or felt hard by any *bonâ fide* workmen.

(*d*) *Section 12.—Possession of unwrought gold.*—Four cases involving 5 persons were dealt with against one case and 1 person during the preceding year, of whom 4 persons were convicted and 1 acquitted. The noticeable case under this section was one in which one Pandit Rangachar, was found in possession of over Rs. 500 worth of unwrought gold on Railway premises and was arrested by the Railway Police. Investigation disclosing continuous possession of the gold from the village of Bethamangalam to the Ooregum Railway Station, the case was transferred to the Mysore Police and tried by the Kolar Gold Fields 1st Class Magistrate, who convicted the accused and sentenced him to a fine.

(*e*) *Section 16.—Liability of tenant or occupier of premises where mining materials are found.*—Four cases involving 6 persons were tried against 4 cases and 12 persons in the previous year. Two of them ended in the conviction of 2 persons and in the discharge of the other 2, whilst in the remaining 2 cases both the 2 accused were discharged. Though the utility of this section so far is encouraging, there still hover about it certain technical difficulties when coming to determine who is the tenant or occupier of huts or mining premises which are often sublet to various tenants; but as observed in my last report, this section read with Sections 6 and 12 would seem to meet all cases. Further trial, however, is awaited.

(*f*) *Sections 17 and 19.—Undesirables.*—Fourteen cases involving 14 persons were put up, of which 13 ended in the conviction of 13 persons. This section has been very useful in ridding the Fields of many of the most undesirable rowdies that infest it. To ensure greater efficiency in working this section, history sheets showing evidence of bad character for

Judicial and Legislative (Legislation) dated 1st April 1910.

reference before authorising the service of a notice, are being prepared, as it would then be so easy to prove the antecedents of the persons ordered off the mines. The number of notices issued, both by the Police and the mining authorities, during the year, was 42.

The desirability of making one central authority responsible for the issue of such undesirable-notices, is still urged.

(*g*) *Sections 18 and 19.—Hawkers and pedlars.*—There were no prosecutions under these sections, the provisions whereof have come to be well understood by those concerned. Twenty-two licenses were issued up to 31st December 1908 and 35 up to 30th June 1909, or 57 for the official year, 31 of which were new ones and 26 renewals of old ones. The fees collected therefrom were Rs. 213 against Rs. 192 during the previous year.

4. All the foregoing sections were worked satisfactorily in protecting mining property. One of the most important cases that may be referred to here was that of one Alfred Ware, a covenanted millman, who was found in possession of amalgam to the value of Rs. 1,972, and charged under Sections 6 and 13 of the Mines Regulation and under the Indian Penal Code. He was committed by Mr. Bowring, Justice of the Peace, to the Sessions at the High Court of Judicature, Madras, where he was tried under the Indian Penal Code (the charges under the Mines Regulation being withdrawn) convicted and sentenced to three years' hard labour.

5. *Sections 21 to 33.—Safety and discipline of mining employees and inspection of mines.*—Fifteen cases involving 21 persons were prosecuted by the Geological Department, against 15 cases and 20 persons in the previous year, of which 11 ended in the conviction of 14 persons, one of which concerning 2 persons was reversed by the Chief Court in appeal.

6. The air-blasts have been more frequent and causing anxiety.

7. *Sanitation, Section 36.*—Thirty cases involving 32 persons were instituted by the Sanitary Board, against none in the previous year. Of these 25 cases ended in the conviction of 27 persons. In two of these cases (under clause VI-Bye-Law X of the Mysore Mines Regulation, for storing jaggery in an unlicensed place) the Chief Court set aside the convictions on the ground that the said clause of the bye-law referred to licenses for using any place, etc., for sale and that no bye-law had been framed making it penal to store (without exposing for sale) any article.

8. On the whole, the provisions of the Regulation have been worked with care and successfully without causing hardship to any of the law-abiding subjects of the State, who have all now become familiar with the objects and scope of the Regulation.

9. The question of introduction of the Regulation to the Railway premises between Marikuppam and Bowringpet, which continues to be urged by the Mining Board, is before the Government.

No. J. 2891-3—Legis. 15-09-5, dated Bangalore, 1st April 1910.

Order thereon.—Recorded.

The provisions of the Regulation appear to have been worked on the whole with care and without hardship to the law-abiding and peaceful subjects residing in the area.

Proceedings of the Government of His Highness the Maharaja of Mysore, Judicial and Legislative (Prisons), dated 25th April 1910.

READ—

Letter No. 1515—39-08, dated the 14th October 1909, from the Inspector-General of Prisons in Mysore, recommending, for reasons stated, the amendment of Rule 35 of the Lock-up Rules as amended in Government Order No. 12518—J. 1343, dated the 4th April 1898.

No. J. 3183-92—PRIS. 38-09-2, DATED BANGALORE, 25TH APRIL 1910.

ORDER THEREON.—Rule 35 of the Lock-up Rules as amended in Government Order No. 12518—J. 1343, dated the 4th April 1898, prescribes that the clerical work of a Taluk Lock-up in charge of a Medical officer of and above the rank of a Sub-Assistant Surgeon should be performed by one of his subordinates. The Inspector-General of Prisons represents that compounders are the only literate subordinates in such instances and these have neither the time nor the capacity to do such clerical work. He further states that generally District Magistrates do not depute for Lock-up work a literate dafadar who could, in addition to his executive duties, assist the Medical officers in the performance of clerical work, as they do in the case of Lock-ups in charge of Civil officers, on the ground that the words 'or a literate dafadar 'in the 5th line of the rule meets the case of a Lock-up in charge of Amildars, Deputy Amildars, Sub-Registrars or Sheristadars only. To enable Medical officers also to utilise the services of 'literate dafadars,' the Inspector-General recommends the addition of words ' or a literate dafadar ' after the word ' Subordinates ' in the 3rd line of the rule.

2. In the circumstances represented, Government are pleased to approve of the Inspector-General's proposal and direct that the following be substituted for Rule 35 of the Lock-up Rules :— " Wherever there is a Surgeon, Assistant Surgeon, Sub-Assistant Surgeon, or Honorary Assistant Surgeon or Sub-Assistant Surgeon, he will be in charge of the Lock-up, one of his subordinates *or a literate dafadar*, attending to the clerical work of the Lock-up, and in other places, the Amildar, Deputy Amildar, specially selected Sub-Registrar or the Sheristadar will be in charge, one of his gumastas or a literate dafadar being deputed to do the clerical work. In the Kolar Gold Fields, however, the Special Magistrate and Munsiff will be in charge of the Lock-up. For the District Lock-up, a separate establishment will be allowed with the sanction of Government. "

* *Vide* Government Proceedings No. J. 499-509—Legis. 18-07-3, dated 13th August 1908.

During the year under review 288 licenses were issued or 39 more than in the previous year.

Proceedings of the Government of His Highness the Maharaja of Mysore,

The increase was in the districts of Bangalore, Kadur, Mysore and Tumkur but there was a decrease in the remaining districts except Chitaldrug where the number was the same in both the years. None of the District Magistrates give any explanation for the increase, but it may perhaps be due to the large number of prosecutions undertaken in the preceding year.

Hitherto there were only three kinds of licenses issued, *viz.*, (1) District licences, (2) District licenses including State Forests and (3) Provincial licenses, but a fourth kind was introduced under Government Proceedings No. J. 499-509—Legis. 18-07-3, dated 13th August 1908, and licenses of this kind were taken out for the first time during the year under report. The total number of licenses taken out in 1909, consisted of 245 District licenses, 16 District licenses including State Forests, 25 Provincial licenses and 2 Special licenses for scaring away wild animals that destroy crops.

Two hundred and seven of these licenses had been issued to Europeans or Eurasians and 81 to natives.

The results of prosecutions are given below:—

	Number of cases				Number of persons				Amount of fines realised	Remarks
	Prosecuted	Ending in conviction	Ending in acquittal or discharge	Under trial	Prosecuted	Convicted	Discharged or acquitted	Under trial		
									Rs. a. p.	
Bangalore	...	...	...	...	...	...	...	...	.....	
Kolar	3	3	...	...	11	10	1	...	27 0 0	
Tumkur	2	1	...	...	5	1	...	...	5 0 0	1 case with 4 persons was withdrawn.
Mysore	6	5	...	1	40	6	28	6	70 0 0	
Hassan	4	2	2	..	22	6	16	..	50 0 0	
Shimoga	...	...	...	...	...	...	...	...	.....	
Kadur	3	1	2	...	9	1	8	...	80 0 0	
Chitaldrug	2	2	...	...	4	4	...	...	3 8 0	
Total ...	20	14	4	1	91	28	53	6	235 8 0	Do

Twenty cases with 91 persons were prosecuted during the year, of which 14 cases with 28 persons ended in conviction, 4 cases with 53 persons ended in acquittal or discharge, 1 case with 4 persons was withdrawn and the remaining one case with 6 persons was pending at the close of the year.

Of the 2 cases and 8 persons that were pending at the beginning of the year, 1 case with 6 persons ended in conviction and the other case with 2 persons ended in acquittal.

There were no prosecutions in the Bangalore and Shimoga Districts during the year."

No. J. 3149-57—Police 167-09-2, dated Bangalore, 23rd April 1910.

Order thereon.—The total number of licenses granted during the year under review was 288 or 39 more than in the previous year. The districts of Bangalore and Kadur show a marked increase with 72 and 78 licenses respectively, as against 55 and 61 for the year preceding. The increase in the total number of licenses is attributed to the increased activity in enforcing the provisions of the Regulation.

2. Of the total number of licenses issued, 207 were granted to Europeans or Eurasians and 81 to natives of India.

Judicial and Legislative (Police), dated 23rd April 1910.

3. There were during the year under review 20 prosecutions under the Regulation, of which 14 ended in conviction, as against 36 prosecutions and 29 convictions in the previous year.

4. Two licenses were taken out in the Mysore District during the year by agriculturists under the rules sanctioned in Government Proceedings No. J. 499-509—Legis. 18-07-5, dated the 13th August 1908, but none in the malnad districts.

The attention of the Deputy Commissioners of Shimoga, Kadur and Hassan will be invited to this circumstance.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

1. Government Proceedings No. Camp A, dated the 28th January 1910, forwarding to the Deputy Commissioner, Mysore District, for disposal and report, with proceedings, a petition from Rasool Sab and others of Malvalli regarding the grant of permission to conduct the Moharam festival.

2. Letter No. 640-1, dated the 8th March 1910, from the Deputy Commissioner, Mysore District, submitting a copy of the following order passed by him in the matter of permitting the Mahomedans to carry Tabooths etc., in procession on certain conditions:—

"Since passing the order of 22nd January last, declining to grant permission to the Mahomedans of Kasaba Malvalli to celebrate the remaining days of the Moharam, *viz.*, the 8th, 9th, and 10th 'Khans' as they call it, which was suspended on account of the cancellation of their licenses by the Amildar Magistrate, petitions presented both by the Mahomedans and the Hindus in this matter were forwarded to the Assistant Superintendent of Police, French Rocks, for local enquiry and resubmission of records together with his opinion.

Mr. L. O'Doherty, who was the then acting Assistant Superintendent of Police, proceeded to Malvalli and held an informal enquiry, the result of which is embodied in his report dated the 1st February 1910. He does not appear to have examined the parties and their witnesses and recorded their statements. He bases his report on his own personal observations and inferences drawn from a perusal of the records of enquiry held by the Amildar Magistrate before he cancelled the licenses.

Not being satisfied with such a meagre report, I forwarded the same with the connected papers and also a copy of the Government Order dated the 28th January 1910, to his successor, Mr. A. Krishnaswami Iyengar, who has held a careful enquiry into the several allegations made by both sides and submits a full report dated the 25th February.

Both the Assistant Superintendents of Police are satisfied that the Mahomedans have been at fault inasmuch as they violated the conditions agreed to by them and that they have to thank themselves for the sudden stoppage of their celebrations of the Moharam by the withdrawal of the licenses. If they had only acted in strict conformity with their sworn statements before the Amildar Magistrate, all would have gone well. It is only when they showed unmistakable signs of conducting themselves as they liked in public and when questioned, gave their statements before the Police Inspector deliberately contradicting what they had deposed before the Amildar Magistrate, that their licenses were declared cancelled and withdrawn.

While passing, it may be observed that the Amildar Magistrate has not really issued anything like a written license in its proper form. He has merely taken the statements on oath of the petitioners and issued orders thereon to the Police. This is scarcely the correct procedure.

Both the Police officers are agreed in recommending that the Mahomedans may be permitted to celebrate the remaining days of the Moharam, especially as they express contrition at their past conduct and promise to behave properly in future. Though I am not fully convinced of the desirability or necessity for changing my former decision in this respect, yet, I feel inclined to view the recommendation of the Police officers with favor and reconsider my decision. The Mahomedans shall be given another chance of showing their respect and acting in obedience to the order of the duly constituted authorities, while they will have the immense satisfaction of seeing the completion of the last Moharam.

But it is necessary to prescribe certain conditions in order that, in future, there may be no repetition of a hitch similar to what has taken place now.

In the first place, the disguises shall be only such as would in no way offend the feelings of other communities by ridiculing their religious and social institutions and traditions. This condition should find the foremost place in such licenses. Individual licenses should take the place of licenses in the name of an agent or a proxy. Every man who wants to put on disguise must obtain a separate license for himself. In some doubtful or suspicious cases, the licensee should even be asked to furnish sureties also to guarantee his proper conduct in public. The 'tiger' disguises are strictly prohibited from performing on the 'Lattha' or otherwise conducting themselves so as to cause annoyance to the on-lookers.

The full particulars of a disguise should be given in the application and inserted in the body of the license. No unauthorised departure of any kind will be permitted.

The Punjas should be permitted to be kept exposed only in the usually recognised Ashur Khanas which are registered as such in the Municipal accounts. The men who keep these during the Moharam should in future obtain licenses from the Taluk Magistrate before exposing them. Tabooths also should be required to take out licenses for their processions. It is enough if the chief man who goes with the procession takes out these licenses. He will

Judicial and Legislative (Police), dated 23rd April 1910.

be held responsible for keeping the followers of the Tabooth in perfect order and under control and otherwise preserving peace.

Punjas, Tabooths and disguises will be permitted to use only the main roads which they have been using hitherto as per mamool. All bye-lanes are prohibited except in a locality which is *chiefly* inhabited by the Mahomedan community. A solitary house or two of the Mahomedans in a locality chiefly inhabited by other communities will not justify the Punjas and Tabooths being paraded in such streets.

All music shall be stopped whether by Hindus, Mahomedans or any other community while passing in front of the religious institutions of other communities. This is a very sound practice which is obtaining all over the State, and Malvalli town cannot claim exemption from this long-standing and wise rule even with the common consent of the communities concerned.

No frivolous or vexatious objections to restrain the liberty or freedom of action on the part of individuals of other communities such as asking them not to view the procession from the tops of their houses will ever be entertained much less conceded to. Such objections will merely entail the immediate cancellation of the license of the objector whoever he may be.

Hours of the day or the night should be specified in the license for parading the Punjas, Tabooths and the disguise, so that the Police may be enabled to make their own arrangements to be present during the time.

The days fixed for the celebration of the remaining days of the last Moharam are the ninth, tenth and eleventh instants. The Amildar Magistrate will submit a special report on the conclusion of these celebrations.

READ—

Letter No. 481, dated 9th June 1909, from the President of the District Board of Hassan, recommending the levy of tolls on the Tiptur-Channarayapatna road to secure sufficient funds for the efficient maintenance of the road.

2. Correspondence ending with letter No. 376, dated 31st January 1910, from the same officer, stating that tolls may be levied at the proposed toll-gate at the rates at which toll is levied on the conveyances and animals at the Dudda toll-gate.

No. 8885-925—L. B. 405-08-6, DATED BANGALORE, 6TH APRIL 1910.

ORDER THEREON.—In the circumstances represented in the above, Government are pleased to accord sanction to the levy of toll near Karehalli from 1st July 1910 on conveyances and animals passing along the Tiptur-Channarayapatna road at the rates prevailing at the Dudda toll-gate on the Hassan-Arsikere road and to the division of the net income between the Hassan District Board and the Tumkur District Board in proportion to the lengths of the road lying in the Hassan and Tumkur Districts, *viz.*, 21 : 6.

2. The management of the toll-gate will vest in the District Board of Hassan, as a great portion of the road lies within their jurisdiction and the collection of tolls for the first year will be managed by departmental agency, the marginally noted establishment being entertained for the purpose.

	Rs.
3 muttaddis at Rs. 10 each per mensem	30
Contingencies	5
Total ...	35 per mensem.

3. The proposal to construct two toll-sheds at a cost not exceeding Rs. 180, so as to control the traffic passing to the santhe at Karehalli from Tiptur as well as from Nuggihalli, etc., is also approved.

The attention of the President is invited to paras 61 to 70 of the Rules framed under the Local Boards Regulation, and he is requested to see that all the formalities, such as the publication of notices regarding the levy of tolls, etc., are duly observed.

No. 8692-708—ML. 69-09-24, DATED BANGALORE, 1ST APRIL 1910.

PART I—CONSTITUTION AND WORKING OF MUNICIPAL COUNCILS.

ORDER THEREON.—1. *Number of Municipalities.*—Besides the Bangalore and Mysore City Municipal Councils governed by Regulation VII of 1906, there were, as in the previous year, 86 Municipalities in the State. The following 20 local areas were, at the end of the year under review, notified as Municipalities under Regulation VII of 1906, and preliminary action was taken to extend the provisions of the Regulation to five other places, *viz.*, (1) Melkote, (2) Hole-Narsipur, (3) Maddur, (4) Mandya and (5) Closepet.

Municipalities.	Date of constitution.
(1) Shimoga, (2) Bannur, (3) T.-Narsipur	1st July 1908.
(4) Nanjangud, (5) Hassan	1st August 1908.
(6) Kolar	1st September 1908.
(7) Chikmagalur, (8) Malvalli	1st October 1908.
(9) Chitaldrug, (10) Davangere, (11) Harihar	1st November 1908.
(12) Hunsur, (13) Seringapatam	1st December 1908.
(14) Tumkur, (15) Gubbi	1st January 1909.
(16) Tarikere	1st February 1909.
(17) Chamrajnagar, (18) Devanhalli, (19) Dodballapur, (20) Anekal.	1st July 1909.

2. *Municipal boundaries.*—The boundaries of the 20 local areas referred to in the foregoing paragraph were fixed and notified. The boundaries of the Mysore City were revised during the year under review.

The total area covered by all the Municipalities in all the districts excepting Kadur, as given in Appendix I of the Reports, was about 73¼ square miles. The information for the Kadur District is still due. The figures furnished show an alteration of area in the case of the following Municipalities :—

Municipalities.	1907-08.	1908-09.
1. Bangalore City	9·7 sq. miles	9·76 sq. miles
2. Mysore City	7·5 do	9·00 do
3. Hassan	sq. miles 0-150 acres	sq. miles 1-82 acres
4. Shimoga	do 1-589 do	do 2-569 do

The alteration of boundaries in the case of the Bangalore City does not appear to have been notified and it is a point for investigation whether out of the 20 local areas newly declared as Municipalities, under the Municipal Regulation, the area differs only in the case of the Shimoga and Hassan Municipalities. The area of the Municipalities in the Mysore District is given as 31 square miles

while that of all the other minor Municipalities except those in the Kadur District is only 23½ square miles. The Deputy Commissioners are requested to verify the figures given in Appendix I and report the result.

3. *Constitution of the Municipalities.*—In the City Municipalities of Bangalore and Mysore the number of *Ex-officio* Councillors was altered without altering the total number of Councillors which continued to stand at 24 and 20 respectively. Under the new arrangement, the Health Officers were appointed *Ex-officio* Municipal Councillors in matters relating to public health, and in the Bangalore City, the Principal of the Central College and the Senior Surgeon, and in the Mysore City, the Principal of the Maharaja's College and the District Medical and Sanitary Officer, ceased to be Municipal Councillors. Rules were framed during the year for the constitution of Municipal Councils under Regulation VII of 1906 in Municipalities other than those of Bangalore and Mysore. The Municipalities constituted under the Regulation were given the franchise of electing a certain number of Municipal Councillors and rules were made prescribing the qualifications of electors and candidates for election as Municipal Councillors and regulating the conduct of such elections; but the elections could not be held before the close of the year owing to the non-completion of the necessary preliminaries.

The number of Municipal Councillors of the Regulation Municipalities at district head-quarter towns (except Bangalore and Mysore) has been fixed at 18 made up of 5 *Ex-officio*, 7 nominated and 6 elected Councillors with the Deputy Commissioner as President and the District Treasury Assistant Commissioner as Vice-President. In the other Regulation Municipalities (except Bangalore and Mysore) the number of Councillors has been fixed at not more than 15 made up of an equal number of *Ex-officio*, nominated and elected Councillors with the Amildar or Deputy Amildar as Vice-President and the Revenue Assistant Commissioner or when the Deputy Commissioner is in direct charge of the Revenue Administration of the taluk, the Deputy Commissioner as President.

In the non-Regulation Municipalities the Deputy Commissioner was President and the Amildar or the Deputy Amildar Vice-President except in the Sringeri Municipality where the officer in charge of the Jahgir was the President and the Jahgir Deputy Amildar was the Vice-President.

4. *Bangalore City Municipality.*—The Bangalore City Municipality held 15 ordinary, 1 adjourned and 2 special meetings, during the year. A Committee consisting of the President as Chairman and the Health Officer and a few Municipal Councillors as members was appointed to draw up a scheme for the improvement of the Bangalore City. The rules framed for the conduct of business of the Council were approved by Government. The Council also passed draft bye-laws regarding the assessment, demand and collection of taxes and the levy of octroi, toll and taxes on animals and vehicles, and these were pending before Government at the close of the year. Bye-laws relating to (1) the levy of a tax on arts and professions, (2) the regulation of buildings and structures, (3) the compulsory report of dangerous diseases, were before the Council for discussion during the year.

5. *Mysore City Municipality.*—The Mysore City Municipal Council met 14 times during the year. Vaccination bye-laws were passed and introduced into the city with the approval of Government and action was also taken to pass bye-laws for the registration of vital statistics. The ordinary business of the Council was managed by a committee consisting of five members of the Council. With a view to help the Health Officer with suggestions in matters relating to public health and conservancy, a health committee consisting of five members was also formed and this committee met eight times during the year.

6. *Minor Municipalities.*—Altogether eight hundred and forty-four mem-members served on the Boards of the Municipalities other than Bangalore and Mysore. Of these 302 were *Ex-officio* members and 542 nominated by Government. In the non-Regulation Municipalities the electoral system was not in force and in places declared as Municipalities under the Regulation elections could

not, as already stated in para 3 above, be held during the year owing to non-completion of the preliminary steps before the close of the year.

The information furnished in Appendix II of the reports, as regards the number of members, appears to be inaccurate in some cases. In Municipalities other than those at district head-quarters the President does not appear to have been treated as a member. The marginally noted figures taken from Appendix II of the reports are evidently inaccurate as there are at least two *ex-officio* members in each of these Municipalities, *viz.*, the Deputy Commissioner President and the Amildar or Deputy Amildar Vice-President. The attention of the Deputy Commissioners concerned is drawn to Government Order No. 7485-95—Ml. 108-08-24, dated the 8th February 1909, and they are requested to see that the figures furnished in future reports are accurate.

Municipality	No. of *ex-officio* members
Vadigenahalli ...	... 1
Melkote ...	... 0
French Rocks ...	... 1

7. *Meetings.*—Monthly meetings were regularly held in all the Municipalities except the following 16 where the deficiency has varied from 1 to 5 :—

Bangalore District.

1. Dodballapur 11 meetings.
2. Nelamangala 11 do
3. Tyamagondlu 11 do
4. Channapatna 11 do

Kolar District.

5. Mulbagal 11 meetings.
6. Bagepalli 10 do

Tumkur District.

7. Koratagere 11 meetings.

Chitaldrug District.

8. Hiriyur 11 meetings.
9. Hosdurga 10 do

Mysore District.

10. T.-Narsipur 11 meetings.
11. Malvalli 11 do
12. Heggaddevankote 10 do
13. Bannur 10 do
14. Nanjangud 9 do

Kadur District.

15. Kadur 11 meetings.
16. Koppa 7 do

The deficiency in the number of meetings held in the Municipalities of the Bangalore District and in Hiriyur is attributed to the want of a quorum : while in Koratagere and Hosdurga it is the absence of the Vice-President from the station. Heavy rains are reported to account for the small number of meetings in Koppa. The Vice-Presidents of Bagepalli and Mulbagal are reported to have been warned for this remissness in not holding monthly meetings regularly. No explanation has been furnished for failure to have the requisite minimum number of meetings in the Municipalities of the Mysore District and in Kadur Municipality.

8. *Attendance at meetings.*—The attendance of members at the meetings was on the whole satisfactory. It fell short of 50 per cent only in the Hole-Narsipur Municipality. The figures furnished in the reports regarding attendance are in some instances manifestly incorrect, the average attendance exceeding the total number of members. (*Vide* Alur, Chikmagalur, Tarikere, Birur, Kadur, Yedahalli and Mudgere.)

9. *Continued absence from meetings.*—In the Bangalore City Municipal Council, 7 Councillors, nominated and elected, were absent from three or more consecutive meetings. The report does not contain information as to whether they were not disabled from continuing to be Councillors under Section 15 (2) (*e*) of the Regulation. In the Mysore City it appears that three members were absent altogether from six or more meetings during the year, and the President reports that there was no occasion for taking steps to condone the absence of these Councillors or replace them in accordance with Government Order No. 18398-9—L. F. 237-93, dated the 1st May 1894. The President is informed that in the case of Regulation Municipalities the disability from continuance as a Councillor is regulated by Section 15 (2) (*e*) of Regulation VII of 1906 and that the Government Order of the 1st May 1894 clearly directs that the rules referred to therein as regards the absence of Municipal Councillors do not apply to the City Municipalities of Bangalore and Mysore. The Executive Engineers of the Bangalore and Mysore Districts, who are *Ex-officio* Councillors of the City Municipalities of Bangalore and Mysore, attended only five meetings during the year. In the non-Regulation Municipalities of the Bangalore and Hassan Districts, no member is reported to have absented

himself from three or more consecutive meetings or from six or more meetings altogether in the year. In the report for the Mysore District no information has been furnished on this point. In the other Municipalities action was taken to condone the absence of or to replace 21 members in all.

10. *Number of houses.*—In the Mysore City, the number of houses increased by 1,713 and the number of vacant sites decreased from 924 to 873. This was due to the construction of new houses consequent on the demolition of several insanitary houses both by the City Improvement Trust Board and the Municipality. In the Bangalore City the number of vacant sites has been included in that of mud-roofed houses. The President is requested to report the number of vacant sites separately and to show them separately in future reports.

11. *Revision of assessment.*—No general revision of taxes is reported to have been effected during the year. The attention of Presidents of Municipalities is invited to Section 67, clause (1), of the Municipal Regulation and they are requested to report to what extent the assessment list is revised from time to time as directed therein.

12. *Incidence of taxation.* —The incidence of taxation per head of population was Rs. 3-1-6 in the Bangalore City, Rs. 2-1-6 in the Mysore City and Re. 0-14-2 in the minor Municipalities.

13. *Fresh imposts.*—Market fees in the Shimoga Municipality and fees on carts, bullocks, etc., attending the weekly fair in the Molakalmuru Municipality were levied during the year.

14. *Demand and collection.*—The total net demand on account of Municipal rates and taxes was Rs. 9,26,404 of which a sum of Rs. 7,16,844 was collected leaving Rs. 2,09,560 or 23 per cent uncollected at the end of the year. The item which demands the energy of the collection staff is the house and mohatarfa taxes. The figures for the Municipalities where the arrears are considerable under this head are set forth below:—

Municipality	Demand			Collection including remission	Balance		
	Arrears	Current	Total		Amount	Percentage to demand	
						1907-08	1908-09
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
1. Bangalore City..	93,819	73,311	1,67,130	94,878	72,252	54	43
2. Mysore do ...	40,299	31,135	71,434	31,287	40,147	54	56
3. Shimoga ...	14,307	7,857	22,164	10,889	11,275	73	51
4. Seringapatam ...	10,674	3,391	14,065	5,022	9,043	63	64
5. Chikmagalur ...	9,456	7,180	16,636	10,530	6,106	62	37
6. Tumkur ...	4,549	4,721	9,270	4,884	4,386	48	48
7. Nanjangud ...	4,378	3,168	7,546	5,182	2,364	66	31
8. Birur ...	3,059	3,464	6,523	2,385	4,138	43	64
9. Kolar ...	3,718	4,947	8,665	6,461	2,204	46	26
10. Hunsur ...	2,312	2,466	4,778	2,591	2,187	40	46
11. Chikballapur ...	2,264	4,516	6,780	3,733	3,047	37	45
12. Bowringpet ...	2,415	3,466	5,881	2,982	2,899	46	49

The collection work in the Bangalore City, Chikmagalur, Shimoga, Nanjangud and Kolar Municipalities shows improvement. The case is otherwise in the Municipalities of the Mysore City, Seringapatam and Tumkur. In the Hunsur, Chikballapur, Bowringpet and Birur Municipalities the proportion of uncollected arrears to demand has increased in an unsatisfactory measure. It behoves the Presidents concerned to bestir themselves in this matter.

Part II—Financial position.

15. *Income and expenditure.*—The income and expenditure during the year amounted to Rs. 10,59,091 and Rs. 10,08,080 as against Rs. 9,13,482 and

Rs. 8,88,543 respectively in the previous year. The more important of the variations are referred to in the following paragraphs.

The largest revenue was, as usual, contributed by the City Municipalities of Bangalore and Mysore, while in the remaining Municipalities the income ranged from Rs. 31,496 in the Shimoga Municipality to Rs. 550 in the Bagepalli Municipality of the Kolar District.

16. *Closing balances.*—The closing balances in the Anekal, Malur, Maddagiri, Pavagada, Yedatore, T.-Narsipur, Arsikere, Tirthahalli and Chitaldrug Municipalities and also in the Mysore City Municipality were less than the prescribed minimum while the Municipalities of Kankanhalli, Hunsur, Gubbi and Bagepalli had debit balances of Rs. 1,385, Rs. 349, Rs. 914 and Rs. 14 outstanding against them at the end of the year.

On the debit balances outstanding for over one month in the Municipalities of Kankanhalli and Anekal, interest amounting to Rs. 54 and Re. 1 respectively was recovered during the year as laid down in Government Order No. Fl. 1000-9—Ml. 164-07-1, dated 27th August 1907. The question of relieving the Kankanhalli Municipality of the contribution payable on account of the Local Fund Dispensary and otherwise improving the Municipal resources was under the consideration of Government and the Municipal Board and orders were recently passed relieving the Municipality of its contribution for two years towards the maintenance charges of the Local Fund Dispensary. To wipe off the debit balance against the Hunsur, Gubbi and Bagepalli Municipalities, the Presidents should take steps at once for collecting the arrears of taxes outstanding in these Municipalities. The amounts are Rs. 2,375, Rs. 1,478 and Rs. 152 respectively. Presidents should also reduce the expenditure of the current year to the extent necessary for the prescribed minimum balances being maintained.

Part III—Receipts.

Octroi.—No octroi was levied in the following Municipalities :—

1. T.-Narsipur.
2. Talkad.
3. Melkote.
4. Kumsi.

17. The income from octroi during the year in the other Municipalities amounted to Rs. 2,87,667 as against Rs. 2,78,218 in the previous year. About 43 per cent of the revenue was realised from the duty on "Piece-goods" cloth. The duty was restricted to cloths only in the 22 Municipalities named below:—

1. Bowringpet.
2. Srinivaspur.
3. Mulbagal.
4. Bagepalli.
5. Gudibanda.
6. Malur.
7. Tumkur.
8. Maddagiri.
9. Koratagere.
10. Pavagada.
11. Kunigal.
12. French Rocks.
13. Mudgere.
14. Koppa.
15. Davangere.
16. Haribar.
17. Holalkere.
18. Jagalur.
19. Hosdurga.
20. Channagiri.
21. Sorab.
22. Kallurkatte.

The rates at which octroi duty was levied have not been completely set forth in the appendices of the Kolar and Chitaldrug reports. The attention of the Presidents is drawn to para 13 of Government Order No. 6744-57 Ml. 108-08-21, dated 19th January 1909.

18. *Prosecutions for breach of octroi rules.*—In the Bangalore City 3 cases involving 4 persons were prosecuted with the result that 3 were convicted and fined Rs. 25 in all. In spite of the remark in para 12 of the review of the reports for the year 1907-08, no information has been furnished on this subject in any of the reports except Kolar where in a case of smuggling sugar, a fine of Rs. 50 was recovered. The amount realised from the sale of smuggled goods was Rs. 86 as noted below :—

	Rs.
Mysore City	31
Chamrajnagar	10
Hassan	43
Shimoga	2
Total ...	86

19. *Tax on buildings and lands.*—The income from this source was Rs. 1,78,537 against Rs. 1,75,665 in the previous year. The increase was chiefly due to better collection in the Bangalore City and the Shimoga and Chikmagalur Municipalities. The tax on buildings was levied at five per cent on the annual rental value of houses in the Bangalore and Mysore Cities under the Municipal Regulation, while in the other Municipalities the rates were based on the valuation of the houses in accordance with the Chief Commissioner's Proceedings No. 3362-73—Ml. 161, dated 27th September 1879.

20. *Taxes on vehicles and animals.*—These were levied only in the Bangalore and Mysore Cities. The income from this source in the Mysore City was only Rs. 2,145. The income in the Bangalore City has been included under license receipts. The attention of the President of the Bangalore City Municipal Council is drawn to the fact that no license being required to own vehicles and animals, the income derived from taxing them is not a license receipt and he is requested to see that the realizations from this source are credited to the proper head in the accounts for 1909-10.

21. *Tax on professions and trades.*—The introduction of this tax in the Bangalore City and in the place of the Mohatarfa tax to be abolished is under the consideration of the Municipal Council.

22. *Tolls.*—Tolls were levied in the following Municipalities; and the realizations were as shown below :—

Municipalities	1907-08	1908-09
	Rs.	Rs.
Bangalore City	26,640	19,427
Mysore City	20,060	23,127
Tumkur	7,093	7,150
Nanjangud	3,754	3,400
Seringapatam	515	645
Shimoga	14,162	6,550
Shikarpur	724	1,118
Davangere	5,110	5,600
Harihar	751	1,485
Total ...	78,809	68,502

There was a decrease in the revenue during the year, chiefly in Bangalore and Shimoga. The decrease in the Bangalore City has not been explained. The decrease in the Shimoga Municipality is reported to be due to the opening of the Tramway for the export of Manganese ore. The Shimoga Municipality realised a fee of Rs. 2,146 at one anna per ton of ore removed on the Tramway.

23. *Water-tax.*—In the Bangalore City, a water-tax was levied in the form of a general rate on all buildings and lands at three per cent on the annual rental value. In the Municipalities of Mysore, Chitaldrug and Chikmagalur which have also water-supply projects no general tax has been levied but only a rate on those houses which are provided with service connections. The rates in these cases are as follow :—Mysore City Rs. 25 a year for one inch pipe, and Rs. 15 a year for half inch pipe.

Chitaldrug Rs. 6 a year.

Chikmagalur Rs. 6 a year.

The income realised during the year was Rs. 33,434. The levy of a general water-tax in the Mysore City (at 3 per cent on the rental value of buildings and lands) has been sanctioned, with effect from the 1st April 1910, and the levy of a similar tax in the Harihar and Shimoga Municipalities is under consideration.

24. *Lighting tax.*—This tax was levied at one per cent on the annual rental value of buildings and lands in the Bangalore City and brought in an income of

Rs. 10,177 against Rs. 8,670 in the previous year. The introduction of this tax into the Mysore City is under consideration.

25. *Special sanitary cess.*—This cess was levied only in the cities of Bangalore and Mysore under Section 59 (*b*) VI of the Regulation and yielded an income of Rs. 5,359.

26. *Mohatarfa.*—The income under this head amounted to Rs. 95,264 against Rs. 97,754 in the previous year.

27. *Hackney carriage license receipts.*—The Hackney Carriage Act is applicable only to the Bangalore City, and the framing of a general Regulation which may be made applicable to any area is under consideration. Under the Bye-laws framed under the Act, hackney carriages were licensed by the Municipal Council of Bangalore. The revenue derived should be separately shown in the accounts and not clubbed under License Receipts.

Part IV.—Expenditure.

28. *General administration.*—To overhaul the Municipal accounts of the Shimoga Municipality and to assist the Vice-President in making a thorough jamabandi, consequent on some defalcations, an officer of the status of a Deputy Amildar was appointed temporarily during the year. For the service of process an establishment costing Rs. 72* was employed during the year. The amount realised from notice fees and interest amounted to Rs. 2,410.

	Rs.
* Kolar ..	31
Shimoga ...	21
Chikmagalur ...	20
Total ...	72

29. *Lighting.*—Rupees 64,282 were expended on lighting against Rs. 59,766 in the year previous. The increase was chiefly in the Mysore City, where electric lighting was introduced on the Municipal Council agreeing to pay a contribution of Rs. 10,000 a year to the State Electric Department. During the year under review, it was resolved to provide electric lights in the extensions and suburban villages comprised within the Bangalore City Municipal limits and the Municipal Council agreed to raise the annual contribution from Rs. 15,000 to Rs. 20,000 on this account.

30. *Rewards to dog and snake killers.*—The amount spent under this head was Rs. 489 against Rs. 425 in the previous year. The reports of the Bangalore City, Sringeri Town and the Mysore District contain no information regarding the number of dogs and snakes killed.

31. *Public works.*—The expenditure incurred on public works during the year amounted to Rs. 3,07,555. Of this Rs. 1,09,784 was spent by the State Public Works Department and the rest through the agency of the Civil Department. The largest outlay was, as usual, in the Bangalore and Mysore Cities, being Rs. 71,186 and Rs. 1,23,225 respectively.

32. *Water-supply.*—Owing to unfavorable seasonal conditions scarcity of water was felt in almost all the towns. In the Bangalore and Mysore Cities water was supplied by means of pipes from the Chamarajendra and Vanivilas Water Works respectively, while in the towns of Hunsur, Nanjangud, Chintamani, Chitaldrug, Chikmagalur, Kadur, Kolar, Channapatna, Yedatore and Closepet it was supplied by means of pipes from impounding reservoirs and rivers. The other Municipalities depended upon tanks and wells for drinking water. The water-supply project of Harihar was completed during the year and contains a pretty piece of mechanism by which water is pumped up from the Tungabhadra river and purified through Jewell filters for town supply. Government sanctioned Rs. 1,000 for the preliminary investigation of a water-supply project for Davangere. The question of water-supply to the Shimoga town was disposed of during the year. The work is estimated to cost Rs. 65,592 and is in progress. A moiety of the charge has been ordered to be treated as a loan to the Shimoga Municipality repayable with interest at 4 per cent per annum. The motors of the Mysore City water works were electrified during the year at a total cost of Rs. 48,010 and the whole amount was held as a loan to the Municipality.

Proceedings of the Government of His Highness the Maharaja of Mysore,

In the Arsikere Municipality two large wells were constructed at a total cost of Rs. 9,811. A sum of Rs. 2,785 was contributed for this purpose from the Local Funds General and a moiety of the remainder has been ordered to be paid out of the Hassan District Funds. A project for the better supply of water to all the parts of the Closepet Municipality by means of oil engines is under consideration.

The statement of Municipal works carried out by the Public Works Department shows an expenditure of Rs. 146-8-9 on account of laying pipes to Goripalya, Bangalore City, while the final accounts of the Bangalore City Municipality do not include the same. The Comptroller is requested to explain the discrepancy.

33. *Drains.*—The expenditure incurred on drains original was Rs. 20,466 and on repairs of drains Rs. 9,384. The survey work of the Kolar Municipality was completed and that of the other Municipalities in the Kolar District is under consideration. A preliminary drainage project for the town of Chikmagalur was before the Board at the close of the year.

34. *Extensions.*—A project for laying out an extension in three blocks towards the high ground away from the river in the Shimoga Municipality at a cost of Rs. 66,150 at the expense of Government was sanctioned during the year and the work is in progress. In the new extension between Chamarajpet and Basavangudi in the Bangalore City some houses are reported to have been erected and occupied. A further sum of Rs. 65,777 was expended on this extension during the year.

An area measuring 40 acres to the north of the Malleswaram extension in the Bangalore City was divided into bungalow and house sites and sold. Extensions were laid out in the Kolar, Mulbagal and Chikballapur towns also.

35. *Conservancy.*—The conservancy charges amounted to Rs. 1,93,896 against Rs. 1,92,736 in the year previous. Much work was done in the Municipalities of the Kolar District in removing prickly-pear. In the Shimoga District, the President reports that no candidates were available to take up the posts of Assistant Sanitary Inspectors. Sanitary Inspectors were newly appointed for the Hoskote, Anekal and Kankanhalli Municipalities.

36. *Sewage farms.*—The income derived from the sale of grass in the sewage farms of the Bangalore City was Rs. 1,919 while the total expenditure incurred on the farms was Rs. 958. In the Bowringpet Municipality the sewage water has been utilized for cultivation by raiyats who draw it from the main drains to brick-built cisterns and lift by the picottas. The Deputy Commissioner is requested to consider whether it would not be profitable to the Municipality to open a sewage farm or if not, whether the owners of fields may not be required to pay for utilizing the sewage water for cultivation.

37. *Medical relief.*—There were in all 67 Local Fund Dispensaries and 65 midwives subsidized from the Municipal Funds during the year. The number of patients treated in the dispensaries and the number of labour cases attended to by the midwives were 600,166 and 4,792 against 608,538 and 3,682 in the previous year. Towards the close of the year a midwife was newly entertained in Periyapatna and the Municipality bears a third part of her pay. A midwife was also attached to the Weavers' Lines Dispensary at Mysore. Native Vaidyasalas were opened at Shimoga and Jagalur and the entertainment of a vaidya at Talkad was sanctioned in the latter part of the year. An allowance of Rs. 30 a month was also sanctioned to a hakim at Tumkur. The Municipalities made contributions to 17 Indigenous Hospitals and Dispensaries and Vaidyasalas and Hakims in all during the year under review. Government regret that no information has been furnished in the reports of the Bangalore, Tumkur and Mysore Districts regarding the patients treated by vaidyas and hakims in those districts. The attention of the Presidents concerned is drawn to para 26 of the review of the reports for 1907-08.

38. *Vaccination.*—The Mysore City Municipality employed four vaccinators temporarily in addition to two permanent vaccinators. The Bangalore City Municipality maintained three vaccinators and the Municipalities of Kolar, Hassan and Chikmagalur maintained one each. The total cost incurred on account of

vaccination from the Municipal Funds was Rs. 1,140 during the year. In places where separate vaccinators did not exist, the taluk vaccinators paid from the State Funds and Medical officers did the vaccination work. The number of persons vaccinated during the year was 19,362. It is observed that no person was vaccinated in the Koppa Municipality during the year. The figures furnished for 1907-08 in that year's report of the Bangalore District and those furnished in the present report for that year do not tally. The major portion of Appendix No. XIX of the Chitaldrug District has been left blank and the Deputy Commissioner reports that the information furnished to him by the Sanitary Commissioner is meagre and that he is therefore unable to give further particulars as to the number of successful and revaccinated cases. The Sanitary Commissioner's attention is drawn to para 29 of the review of the Municipal reports for the year 1907-08. The number of deaths from small-pox during the year was 912 against 181 in the previous year, the increase being chiefly in the Mysore and Bangalore Cities.

39. *Plague, cholera and other charges.*—The expenditure under this head amounted to Rs. 13,737. The Bangalore City Municipality maintained an Epidemic Diseases Hospital, a moiety of the cost of which was contributed by the State Funds. In the Mysore City the establishment charges of the Erangere camp and one half of the establishment charges on account of disinfection and central stores were borne from the Municipal Funds. The number of deaths from cholera during the year fell from 369 to 151.

40. *Registration of births and deaths.*—Separate establishment for the registration of births and deaths was maintained only in the City Municipalities of Bangalore and Mysore. The bye-law in force in the Bangalore City requires that births and deaths be reported within 7 days and 24 hours, respectively, of their occurrence and action is being taken to introduce similar bye-laws into the Mysore City. In the other Municipalities the work of registration devolved upon the village patels. The numbers of births and deaths registered during the year were 12,176 and 12,789 against 10,672 and 18,290 in the previous year. It is noted that no birth was registered in the Birur Municipality during the year under review. The expenditure incurred on account of the registration of births and deaths was Rs. 21,431, against Rs. 29,322 in the previous year.

41. *Public health.*—During the year the public health was on the whole good.

42. *Prosecution for breach of Sanitary Rules.*—In the Bangalore City 58 cases were prosecuted involving 62 persons, of whom 3 were convicted and sentenced to pay fines amounting to Rs. 6.—a very unsatisfactory percentage for Sanitary prosecutions. In the Mysore city 42 cases were prosecuted involving 46 persons of whom 21 were convicted and fined Rs. 183. In the other Municipalities the prosecutions numbered 114 cases involving 127 persons of whom 80 were convicted and fined Rs. 96 in all.

43. *Maintenance of Public Gardens.*—During the year under review a small garden is reported to have been laid out in the Davangere Municipality but the accounts furnished do not show any debit on this account. The Municipal parks at Bangalore, Kolar, Sidlaghatta, Chikballapur, Hassan, Saklespur and Chitaldrug are reported to have been maintained in good condition. The expenditure on gardens during the year was Rs. 3,849, against Rs. 3,924 in the year previous. Government regret to observe that a para has not been devoted to this subject in the reports of the Bangalore, Tumkur, Mysore, Shimoga and Kadur Districts. The attention of the Deputy Commissioners concerned is drawn to para 35 of the review of the reports for 1907-08.

44. *Veterinary charges.*—The maintenance charges of the Veterinary Hospitals and Dispensaries were ordered to be paid from the District Funds in the first instance, the Municipalities concerned being required to make a contribution of one-third of the charge on account of the institutions within their limits. The charges during the year under review have not been separately shown in the Comptroller's account.

45. *Avenues.*—The existing avenues within the limits of the Municipalities of the Kolar District are reported to have been in good condition and receiving all the attention needed for their proper growth and preservation. The other reports contain no information on this head.

46. *Public instruction.*—The Bangalore City Municipal Council maintained two schools and made grants-in-aid to the local Sanskrit College and some private schools. The expenditure incurred on this account during the year was Rs. 5,277. For the maintenance of the upper primary classes of the two Schools referred to above the Municipality received a grant of Rs. 110 a month from Government. The Mysore City Municipality spent Rs. 9,897 on public instruction in Mysore. The question of relieving this Municipality of the grants payable to the upper primary schools on condition of the same being spent towards primary education, was under the consideration of Government. The Municipality of Hassan paid an annual contribution of Rs. 250 to the Vani Vilas Girls, School. The Committee of the school obtained a site free of cost from the Municipality and constructed a suitable building on it. The opening ceremony was graciously performed by His Highness the Maharaja of Mysore in November 1908, and the school has since been ordered to be maintained and managed by the Municipal Council of Hassan, the Government making an annual contribution of Rs. 812 for this purpose to the Municipal Council. The Municipalities of Kolar, Tumkur, Periyapatna, Bannur, Talked, Shimoga, Kallurkatte, Chikmagalur, Kadur, Mudgere, Koppa, Sringeri and Chitaldrug did not contribute towards the cost of schools within their limits, while the other Municipalities made in all contributions amounting to Rs. 15,508 towards the maintenance of some private schools and of primary classes in schools maintained out of State Provincial and Village School Funds. In the Comptroller's accounts, an expenditure of Rs. 80 appears against the Talkad Municipality and the Comptroller is requested to verify the correctness of this debit under the new head 'X. Education.'

47. *Fairs and festivals.*—A sum of Rs. 6,154 was spent under this head as detailed in the margin. The chief festivity during the year was the celebration of the 50th Anniversary of the Royal Proclamation of 1858, on the 2nd November 1908.

		Rs.
Bangalore	...	1,260
Mysore City	...	3,396
Tumkur	...	250
Talkad	...	400
Melkote	...	76
Shimoga	...	772
	Total	6,154

48. *Reading rooms and libraries.*—The reading room and library attached to the Srinivasa Mandiram, Bangalore City, continued to receive a monthly grant of Rs. 25 from the Bangalore City Municipal Council. Separate hours are allotted for male and female readers and weekly lectures are delivered for the instruction of female readers. The total number of visitors to the reading room and library was 21,007 during the year.

49. *Law charges.*—A sum of Rs. 588, was spent on account of law charges during the year in the marginally noted Municipalities. In the Bangalore City 21 suits were filed against the Municipal Council of which 4 were dismissed, one decided against the Municipality and the remaining 16 were pending trials at the close of the year. Action was taken under Section 4 of Regulation I of 1893, to recover a sum of Rs. 7,471 found to have been embezzled by Shanbhog Rangappa of the Bangalore City Municipality and his right, title and interest in certain immovable properties were placed under attachment. In the Mysore City the case filed against the Municipal Council by the contractor who constructed a pendal in 1906, for the recovery of a sum of Rs. 3,000, was pending before the Principal Munsiff of Mysore at the close

Bangalore City	...	20
Tumkur	...	282
Mysore	...	276
Chitaldrug	...	10
	Total	588

of the year. The Shimoga Municipal Council filed a suit in the Shimoga Sub-Judge's Court for the recovery of Rs. 2,575 due by the toll contractor for the year 1907-08, and this was also pending at the close of the year. The Tumkur Municipality appealed against the decree of the Sub-Judge of Bangalore in the suit brought by Mr. B. Krishna Iyengar, claiming damages in connection with the collapse of the sides of a well adjoining his house. The case was decided by the Chief Court in favor of the Municipality with costs.

50. *Langarkhanas.*—A sum of Rs. 2,873 was spent in the Bangalore City, where 110 persons received money doles at the rate of annas eight a week and also cloths at a total cost of Rs. 371 in all during the year.

51. *Chattrams.*—A sum of Rs. 1,876 was spent for the feeding and establishment charges of the annachatram at Bangalore. Fifteen Sanskrit scholars were also fed daily, in addition to *bonâfide* travellers. An annual grant of Rs. 800 is made to the City Municipal Council by the Government for this purpose.

52. *Loans.*—The Mysore City Municipal Council not having been able to pay the working charges of the supplementary steam plant during the year 1908-09, amounting to Rs. 23,768, and the charges for electrifying the pumping plant at Belagola, amounting to Rs. 48,010, the total amount, *viz.*, Rs. 71,778, was treated as a loan to the Municipal Council in the accounts of the year under review. The cost of the drainage scheme of the Sringeri Municipality having, in the actual execution, exceeded the original estimate, an additional loan of Rs. 3,146 was granted for the purpose on the condition that a moiety of the gross income temporarily resigned by the Sringeri Matt subject to a minimum of Rs. 1,000 a year should be paid in discharge of the amount outstanding. During the year under review no instalment was paid by the Sringeri Municipality in respect of the loan and the President states that the exact amount payable, which is the actual one-half of the entire Municipal revenue, could be ascertained only after the close of the year. This is not correct. In the last week of every year the President will be in a position to know very approximately the income for the year and an instalment based on that approximate figure should be paid before the close of the year, the balance of the instalment, if any, found due after ascertaining the exact income being paid as early as possible after the close of the year.

The following statement shows the particulars of the loans repaid during the year and the balance outstanding against each Municipality at the end of the year :—

Municipalities	Total amount of loan	Amount recovered during 1908-09		Balance on 30th June 1909	
		Principal	Interest	Principal	Interest
	Rs.	Rs.	Rs.	Rs.	Rs.

Part V—Miscellaneous.

53. *Audit of accounts.*—The monthly expenditure of the Municipalities was regularly audited in the Comptroller's office and under Government Order No. 9694-6—Ml. 16-07-16, dated the 26th March 1908, two or three Councillors of each Municipality are required to audit the accounts monthly and submit a detailed report to the Municipal Council for consideration at their monthly meeting. The

suggestions of the auditors in the Municipalities of the Hassan District are reported to have received favorable consideration by the Municipal Councils concerned. The reports of the other districts contain no information on this head.

54. *Embezzlements.*—In the Bangalore City a heavy embezzlement of Municipal taxes by a shanbhog was discoverd and the accused was prosecuted to conviction in the Court of the City Magistrate of Bangalore. The President reports that it has been found so far that Rs. 7,471 has been misappropriated. A minute examination of the accounts of the Shimoga Municipality disclosed defalcations amounting to Rs. 825-10-6 committed by the overseer, 3 clerks and the pound-keeper of the Municipality. The overseer was prosecuted and convicted and the amount due by him *viz.*, Rs. 534-9-0, was adjusted from the Government Insurance bonus payable to him. The three clerks who were duly convicted by the Magistrate were acquitted in appeal, and out of Rs. 218 due from them, Rs. 180-8-0 was recovered and steps are reported to have been taken to recover the remainder. The pound-keeper who had not credited Rs. 73-1-6 having represented that the amount was utilized for payment of feeding charges, the bills for several months of which were pending payment, he was not prosecuted but dismissed the service. The amount misappropriated by him was duly recovered. The clerk who was reported to have misappropriated a sum of Rupees 360 during the previous year in Sringeri was duly prosecuted before the Kadur Sub-Division 1st Class Magistrate and convicted, but was acquitted in appeal by the Sessions Court.

55. *Adjustments in the Comptroller's accounts*—A sum of Rs. 23,002-5-8 is reported to have been adjusted by the Comptroller without consulting the Mysore City Municipal Council towards the temporary improvement of the water-supply to the city. The President is informed that the exact amount charged on this account is Rs. 23,767-11-1 on the authority of Government Order No. 8144-6—Ml. 40-08-6, dated 19th February 1909. The President of the Bangalore City Municipal Council also reports that in the accounts of the Municipality a sum of Rs. 33,807 has been adjusted by the Comptroller on account of works carried out by the Public Works Department, the fact being merely intimated to him for note in the accounts without obtaining the opinion of the Municipal Council who are entitled to know how their funds are being spent. From the accounts furnished by the Comptroller it appears that a sum of Rs. 15 only has been charged to the Municipal Funds of the Council on account of the preparation of the drainage scheme of the city and that a sum of Rs. 33,037 is charged on account of the New Extension of the city. The charges incurred by the Public Works Department in excess of the original estimate are under the consideration of Government. It is believed that the Audit Office has placed all unauthorised items of expenditure under objection. Government, however, concur with the Council in the view that the Council are entitled to know how their funds are being spent by other agencies and accordingly request the Comptroller to forward to the Presidents concerned with the monthly audited accounts, a detailed list showing the expenditure incurred during the month by the Public Works Department on account of each work carried out at the expense of the respective Municipalities.

56. Government are glad to note that the non-official members continued to take a lively interest in the administration of Municipal affairs.

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary (Municipal), dated 16th April 1910.

READ—

Letter No. 817, dated the 24th August 1909, from the Deputy Commissioner, Mysore District, requesting sanction to the Malvalli Town Municipal Council's proposal to establish a toll-gate at the junction of the Maddur-Sivasamudram and the Mysore-Kankanhalli roads within the Municipal limits and to levy tolls on vehicles and bullocks passing through it at certain specified rates.

2. Also letter No. 497, dated the 17th January 1910, from the same officer, submitting additional information on the aforesaid proposals.

No. 9330-7—ML. 521-08-4, DATED BANGALORE, 16TH APRIL 1910.

ORDER THEREON.—The Municipal Council's proposal is to levy tolls on all traffic including through traffic passing along the two roads, *viz.*, Maddur-Sivasamudram road and Mysore-Kankanhalli road. As indicated in para 9 of the Chief Commissioner's Notification No. 274, dated the 4th November 1876, the levy of tolls whether in a Municipality or elsewhere is mainly with a view to find the necessary funds for the construction and maintenance of roads. The two roads referred to above run only for a short distance within Municipal limits and are maintained exclusively out of Provincial and District Funds. There is apparently no justification for permitting the Malvalli Municipality to levy tolls on traffic passing along these roads.

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary (Medical), dated 20th April 1910.

READ—

Letter No. G. 299, dated 5th January 1910, from the Senior Surgeon with the Government of Mysore, in which he reports the case of an Amildar who wrote to the Hospital Assistant of his taluk, requesting him to get a drinking water well "well disinfected with perchloride of mercury so that the Military authorities may not find fault with the impurity of the well water" and requests that orders may be issued instructing Revenue officers, when desirous of having wells disinfected, to refrain from specifying the drugs for disinfection or from undertaking the work themselves.

No. 9426-35—MED. 133-09-2, DATED BANGALORE, 20TH APRIL 1910.

ORDER THEREON.—The Government agree with the Senior Surgeon and direct that Revenue officers when desirous of having wells disinfected should refrain from specifying the drugs to be used for disinfection or from undertaking such a work themselves but would do well to leave the matter entirely to the discretion of the local Medical authorities.

2. In the case now reported, the Government have no doubt that the Amildar wrote "Perchloride of mercury" for "Permanganate of potash" by mistake.

Exd.—C. V.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Report on Public Instruction in Mysore for 1908-09, submitted by Mr. H. J. Bhabha, M.A., Inspector-General of Education in Mysore, with his letter No. 4399—310, dated the 25th October 1909.

No. 8857—EDN. 136-09-6, DATED BANGALORE, 4TH APRIL 1910.

ORDER THEREON.—In this report, Mr. Bhabha who has retired from his position as Head of the Educational Department, has given an interesting retrospect of Education in the State. An Order of Government issued at the time of his retirement placed on record an appreciation of his services, and His Highness the Maharaja was also pleased to confer on Mr. Bhabha, at the Dasara of 1909, the title of Munir-ul-talim and to present him with suitable khillats.

2. Both in point of number and strength of educational institutions, education made notable progress during the year 1908-09. The number of institutions, both public and private, increased from 4,146 to 4,310 and their strength from 123,106 to 139,008. The percentage of boys under instruction to the male population of school-going age increased from 25·2 to 28·4 and that of girls to the female population of school-going age from 4·72 to 5·3. As observed by the Inspector-General, the figures show that Mysore holds a place in the front rank among the provinces of India in point of numbers of institutions and pupils.

3. The important administrative measures adopted during the year for the improvement of education are specified in para 3 of the report. Of these, the making of elementary education free in all the Government schools, the raising of the minimum pay of schoolmasters to Rs. 10 and the introduction of a scheme for Religious and Moral Instruction into schools deserve special mention. The observations of the Inspector-General in para 120 of the report on the subject of Moral and Religious Instruction are interesting and deserve attention. The system is yet in its initial stage, and indicates an important departure from the policy hitherto pursued in the Government Educational institutions, though it was more or less in vogue in all indigenous institutions. There is no doubt that in course of time the details of the scheme as to the character of the teaching to be imparted and the time and place it should occupy in the general curriculum of each school will be suitably altered and modified in the light of experience.

4. The scheme sanctioned for the introduction of Kindergarten and Manual Instruction in previous years was greatly developed during 1908-09. Nine Sloyd centres were opened for the purpose of giving manual training to pupils of the High and Anglo-Vernacular Schools. Many teachers were also trained in paper-folding and cardboard work. Miss Hart worked as Kindergarten specialist in the Maharani's College till the end of October 1908. A large number of teachers was trained in those methods.

5. The Second Educational Exhibition was held at Mysore during the Dasara of 1908. About 1,000 teachers visited the Exhibition. A most useful and instructive collection of educational exhibits prepared in select elementary and higher elementary schools in England and very kindly presented to the Educational Department by the Board of Education in England, formed the nucleus of the Exhibition and proved of much interest. The Government have since ordered the establishment of a permanent educational museum at Bangalore, in which these and other exhibits will be placed. The arrangement for the periodical medical inspection of pupils in Government and grant-in-aid schools, is also another interesting departure during this year, and Government will be glad to have a report as to the extent to which this work is being carried out and the practical benefit which is being secured.

6. The expenditure on public instruction in Mysore increased from Rs. 14,64,914 to Rs. 16,17,320. Of this amount Rs. 9,42,640 or 58·2 per cent was met from State revenues. The State expenditure on education during the year was 5·2 per cent of the ordinary State revenues (*i.e.*, revenues minus the receipts from the Kolar Gold Fields and the commercial concerns, such as the Railways and the Cauvery Power Scheme) and 4·1 per cent of the total actual revenues.

7. Collegiate education continued to be efficient during the year. The number of Arts Colleges remained the same as in the previous year, namely 3. Of these, two were First Grade Colleges for boys and one a Second Grade College for girls. The results of the B. A. Degree and First-in-Arts Examinations of the two First Grade Colleges were generally satisfactory. For the present, provision has been made for the teaching of Mathematics, Physical Science, Chemical Science, and Natural Science (Geology and Botany) in the Central College, Bangalore, and of two languages (Sanskrit and Kannada) and History in the Maharaja's College, Mysore. The question of introducing the other Science subjects especially Logic, Psychology and Ethics will be taken up when funds become available.

8. The number of secondary schools for boys in the State decreased from 255 to 220 but the number of boys in the secondary stage increased from 12,270 to 13,634. The results of the Matriculation Examination of the Government High Schools at Chitaldrug, Chikballapur, Hassan and Channapatna and of two aided High Schools, *viz.*, the London Mission High School, Bangalore, and the Marimallappa's High School, Mysore, were not satisfactory. In para 41 of the report the Inspector-General has enumerated the causes of the large number of failures in the Matriculation Examination. It is hoped that the Education Department and the managers of the Aided High Schools will note the defects and take steps for their remedy. The numbers of pupils in the High School classes of the Channapatna and Chikballapur High Schools were only 26 and 55 respectively, and the Inspector-General doubts the expediency of maintaining them at such disproportionate cost.

9. Government are glad to note that primary education showed much improvement during the year. The number of public primary schools for boys increased from 1,777 to 1,801 and their strength from 56,851 to 63,898. The schools are reported to have increased in efficiency by the raising of the minimum pay of schoolmasters to Rs. 10 and the increase in their strength is attributed mainly to the abolition of fees for elementary education. The number of private elementary schools also increased from 1,780 to 1,937 and their strength from 21,492 to 25,583. The total number of boys in the primary stage of instruction was 102,811 or 24·9 per cent of the school-going population. In para 62, the Inspector-General urges the necessity for liberal provision for buildings for village schools. Government recognise this need and are sanctioning every year grants for village school buildings as liberally as funds permit. A sum of Rs. 36,110 was sanctioned in 1908-09 and Rs. 50,000 during the current year.

10. The account given of female education is encouraging on the whole. The number of schools for girls increased from 259 to 272 and the number of girls in all the institutions of the State increased from 19,099 to 21,438. The Maharani's College, Mysore, the most important institution for girls in the State, worked satisfactorily during the year. One of the lady teachers passed in the English Language Division of the B. A. Examination during the year and took her degree, two passed the Matriculation Examination and one the Sanskrit Branch of the Pandit's Examination. Forty-nine girls also passed the Lower Secondary Examination from all the schools of the State. These results are encouraging as far as they go, but Government would gladly see a larger number of girls in the higher departments of the schools, especially of the Maharani's College.

The expenditure on female education increased from Rs. 1,97,995 to Rs. 2,20,850.

11. Mahomedan education also showed improvement during the year. The number of Mahomedan pupils increased from 15,481 to 17,987. The percentages of Mahomedan boys and girls to the total Mahomedan male and female population of school-going age were 65·2 and 22·1 respectively. Though thus the proportion of school-going children is high and quite encouraging, it is to be regretted that Mussalman pupils generally fall off at the primary stage. It is difficult to get a sufficient number of teachers who have passed even the Lower Secondary Examination; and notwithstanding the general reduction of fees, and the institution of a large number of scholarships, only a few of them succeed in getting to the higher classes and qualifying themselves by passing University Examinations.

Local Fund and Sanitary (Education), dated 4th April 1910.

12. The number of Normal Schools for boys remained the same as in the previous year, *viz.*, 3. Of these, the school at Mysore, which trains teachers for both the Upper and Lower Secondary Teachers' Certificate Examinations, did good work during the year. The work in the other two schools, *viz*, those at Kolar and Shimoga, which train teachers only for the primary grade, was not so satisfactory.

13. The number of Industrial Schools increased from 19 to 20 and their strength from 888 to 1,198. The expenditure on industrial education was Rs. 87,105.

14. The inspection work during the year was satisfactory. The number of schools that remained uninspected was only 44. Government note with pleasure that most of the village school committees gave valuable help in promoting the interests of their schools.

15. Government are glad to note that the report is a record of solid good work done during the year, and reflects great credit on the Inspector-General of Education and the other officers of the Department.

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary (Education), dated 6th April 1910.

Read—

Letter No. 8107—586, dated the 15th February 1910, from the Inspector-General of Education in Mysore, submitting proposals for additional charges required for the Maharaja's College, Mysore, in connection with the budget for 1910-11.

No. 8928-9—Edn. 291-09-2, dated Bangalore, 6th April 1910.

Order thereon.—The Inspector-General recommends the following additional charges for the Maharaja's College to meet the requirements of the new University Regulations:—

A. Non-recurring expenditure.—

	Rs.
Furniture and fittings to the six class rooms newly constructed in the upper story	10,000
Lump-sum grant to the library	5,000
Total ...	15,000

Recurring expenditure.—

Increases of pay to the head clerk from Rs. 40 to Rs. 50 and to the librarian from Rs. 25 to Rs. 30	180 a year
Employment of two additional peons, one on Rs. 6 and another on Rs. 5½	138 do
Total ...	318 do

2. The non-recurring expenditure of Rs. 15,000 for furniture and apparatus and for the library and the recurring expenditure of Rs. 138 per annum for the employment of two more peons are sanctioned and will be included in the budget for 1910-11. The Inspector-General is requested to furnish detailed estimates of the furniture, apparatus and books proposed to be purchased before utilizing the grant.

3. The increases of pay proposed to the head clerk and librarian cannot be sanctioned as the present cost of the clerical staff and librarian already exceeds the amount fixed in Government Order No. 9876-80—Edn. 324-06, dated the 30th March 1908, sanctioning the re-organisation of the Colleges to adapt them to the requirements of the new University Regulations.

Letters Nos. 7318—516 and 8521—618, dated the 26th January 1910 and 25th February 1910, respectively, from the Inspector-General of Education in Mysore, recommending increases of monthly grants to schools from the 1st July 1910 amounting in all to Rs. 4,290 per annum.

No. 9654-5—EDN. 267-09-4, DATED BANGALORE, 26TH APRIL 1910.

ORDER THEREON.—Government are pleased to sanction increases of monthly grants to the following institutions with effect from the 1st July 1910 at a total cost of Rs. 60-8-0 per mensem, or Rs. 726 per annum which will be included in the Education State Fund Budget for 1910-11:—

Name of School	Present monthly grant Rs. a. p.				Increase of monthly grant sanctioned Rs. a. p.		
1. Wesleyan Mission Kannada Girls' School, Tarikere ...	15	0	0		3	0	0
2. London Mission Boys' School, Dommasandra, Anekal Taluk ...	15	0	0		2	8	0
3. Aryabalika Patasala, Tiptur ...	15	0	0		5	0	0
4. Commercial High School, Bangalore	30	0	0		10	0	0
5. Wesleyan Mission Boys' School, Kempanhalli near Chikmagalur ...	5	0	0		5	0	0
6. M. E. Mission Girls' School, Kolar ...	80	0	0		20	0	0
7. Jayalakshmi Vilas Aryabalika Patasala, Old Agrahar, Mysore ...	10	0	0	from State Funds	15	0	0
	15	0	0	„ Municipal „			
				Total	60	8	0 per mensem,
				or	726	0	0 per annum.

2. The Inspector-General of Education is requested to report whether the Sanskrit School at Belur may not be converted into a Government institution, seeing that the whole cost of the school is met by the Government grant.

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary (Education), dated 29th April 1910.

READ—

Letter No. 11353—735, dated the 10th June 1909, from the Inspector-General of Education in Mysore, suggesting certain rules for the grant of scholarships to Mahomedan students in the Mahomedan Anglo-Oriental College at Aligarh.

2. Subsequent correspondence on the subject ending with letter No. 3765—255, dated the 8th October 1909, from the same officer.

No. 9816-7—EDN. 473-08-4, DATED BANGALORE, 29TH APRIL 1910.

ORDER THEREON.—Government have been awarding scholarships to deserving Mahomedan students to enable them to prosecute their studies in the Mahomedan Anglo-Oriental College at Aligarh and at present there are seven such scholarships held in that College. There are, however, no definite rules for the grant of these scholarships and each case has hitherto been dealt with on its merits. The Inspector-General of Education in Mysore, in suggesting certain rules for the grant of these scholarships, states that there are ample facilities for acquiring High School and Collegiate education at a low cost within the State and that except for the advantages of a residential life and the training of character which such life often secures, the Mysore State Schools and Colleges are in no way inferior to the Aligarh College. Government consider that these two advantages are valuable and important and are of opinion that some scholarships should be made available for Mahomedan boys in the Aligarh College. Such scholarships will accordingly be granted under the following rules: —

(1) The total number of scholarships tenable at any time shall be fixed at seven.

(2) The value of these scholarships will ordinarily be Rs. 25 each per mensem.

(3) They will be awarded to sons of respectable Mahomedans whose ancestors have rendered good service to the State or who are highly esteemed in their community for good reasons.

(4) Candidates for these scholarships should have at least reached the VI Form of any of the High Schools of the State and must produce certificates of good conduct and progress from the Head Master of the school in which they have been pupils.

(5) The scholarships will be tenable for one year if for the Matriculation course and for two years if for the Intermediate or B. A. courses.

(6) The continuance of the scholarships will be subject to periodical reports of satisfactory progress and conduct being received from the Principal of the College.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 80, dated the 25th July 1908, from the Superintendent of the Government Press, submitting for sanction certain proposals for revising the establishment of the Government Central Press, Bangalore, with a view to do away with the present unsatisfactory system of promoting men from one branch to another irrespective of their fitness for the branch concerned and stating that the proposals made involve no additional cost.

2. Correspondence ending with letter No. 6776—B. R. 1135, dated the 17th May 1909, from the Comptroller to Government, forwarding duly verified the proposition statements received from the Superintendent, Government Press, regarding the revision of the Press establishment referred to in the above letter.

3. Letter No. 655, dated 1st February 1910, from the Superintendent, Government Press, on the subject.

No. G. 5567-8—G. P. 5-08-26, DATED BANGALORE, 23rd April 1910.

ORDER THEREON.—Exclusive of the Manager, who has recently been appointed Assistant Superintendent of the Government Press, and the two Press Probationers entertained under Government Order No. G. 4549-50—G. P. 24-07-14, dated the 8th February 1909, the entire establishment, both permanent and temporary, of the Government Central Press consists at present of the following four classes:—

(*a*) 113 men on the permanent scale costing Rs. 1,576-8-0 per month;

(*b*) 22 men on the temporary scale costing Rs. 333-12-0 per month, including four men of the litho branch costing Rs. 79 per month;

(*c*) 36 men on a fixed pay of Rs. 447 a month, including 14 men of the type-casting branch costing Rs. 155 per month, not included in the permanent establishment but paid out of the lump sum grant for piece-work; and

(*d*) the men on the piece-work scale paid from the lump sum grant for piece-work.

2. The proposal of the Superintendent is to recast the above four classes so as to have only classes (*a*) and (*d*), that is, (*a*) men on the permanent scale on fixed pay and (*d*) men paid on the piece-work system. It is proposed to absorb nearly the whole of the cost of the present sanctioned scales of classes (*b*) and (*c*) under establishment, leaving for payment to piece-workers an amount somewhat less than the gross but more than the net allotment for piece-work at present. The Government approve of this thorough re-organisation of the Press establishment so as to meet the present requirements under the improved system of work introduced in the Government Press a few years ago, and are accordingly pleased to sanction the Superintendent's proposals with certain modifications.

3. The establishment of the Press is shown in the abstract Statement A and the detailed Statement B, appended to this Order, as it exists at present, as proposed by the Superintendent and as sanctioned by Government. The scale as now sanctioned and fixed will consist of 124 men costing Rs. 2,157-4-0 a month. The temporary and fixed-pay piece-work establishments, *i.e.*, classes (*b*) and (*c*) mentioned above, will cease to exist on the date on which the revision comes into force, *i. e.*, with effect from the 1st April 1910. The cartman and scavenger hitherto shown under "Establishment" will be omitted therefrom and shown hereafter under "Contingencies" in the Press Budget, as payments made to these men are not properly establishment charges but contingent charges. Sanction is accorded under Article 98 (*m*) of the Civil Account Code for the charges being incurred from the contingent grants.

4. Since a portion of the establishment paid out of the lump sum grant for piece-work is converted under this Order into permanent establishment, the said annual grant will be reduced and fixed at Rs. 29,000. Government expect that this amount will quite suffice to meet all practical requirements of the Government Press.

5. Now that the establishment of the Government Press has been placed on a satisfactory basis, Government wish to take this opportunity to invite the attention of the Superintendent to the rules in force for regulating admissions into and promotions in the State service and to impress upon him the necessity of entertaining only duly qualified men in the Press Office.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Comptroller to Government, through the Financial Branch.

Proceedings of the Government of His Highness the Maharaja of Mysore, General (Miscellaneous), dated 12th April 1910.

No. G. 5316-58—G. M. 262-09-1, DATED BANGALORE, 12TH APRIL 1910.

ORDER.—In view of the inconvenience that is frequently experienced in the matter of making adequate arrangements for carrying on the work of officers applying for leave owing to such applications not being received sufficiently early, the Government are pleased to direct that, except in cases of sudden illness and other unforeseen emergencies, applications to Government for leave (other than casual leave) should be made a month or six weeks before the date from which the leave is required. The date from which the officer applying for leave intends to avail himself of it should also be mentioned in the application with all possible definiteness. Authorities charged with the duty of forwarding the applications to Government are requested to forward them without delay, furnishing information in the headings prescribed for the purpose.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Heads of Departments.
The Deputy Commissioners of Districts.

Exd.—C. V.

READ—

Correspondence ending with letter No. 2557, dated 15th February 1909, from the Cheif Commandant, Mysore State Troops, recommending the establishment of Retiring Fund in connection with the Infantry Regiments and submitting a set of draft rules for the working of the same for the approval and sanction of Government.

No. 1267-8—MILY. 65-08-4, DATED BANGALORE, 12TH APRIL 1910.

ORDER THEREON.—Government approve of the Chief Commandant's recommendation to establish a Retiring Fund in connection with the Infantry Regiments and sanction the adoption of the following rules for the working of the same.

Rules regarding the re-organisation of the Infantry Retiring Fund.

The Fund will be styled the Infantry Retiring Fund. The administration of the Fund will rest with the Chief Commandant, Mysore State Troops.

2. As approved by all the officers and men, the following monthly subscriptions will be deducted from their pay and credited to the Retiring Fund :—

	Rs.	a.	p.
Commandant ...	5	0	0
Subedar Major, Subedars, Jamadars ...	2	0	0
Non-commissioned officers	1	0	0
Others including sepoys	0	8	0

3. The payment of subscriptions will be compulsory in the case of those that are enlisted after 1st July 1910 and optional in the case of others.

4. (i) All recoveries made on account of the Retiring Fund will ordinarily be made by deduction in the monthly barawards and shall be placed to the credit of the Fund in the Government Treasury.

(ii) When a subscriber is on leave without allowances he must arrange to remit his subscription in cash to the Chief Commandant specifying the number of his account. Such cash remittances will at once be remitted by the Chief Commandant to the Treasury.

5. Loans not exceeding the following sums will be granted by the Chief Commandant from this Fund to the officers and men on the security of the subscription to their credit in the Fund and not exceeding its amount. No other security will be accepted.

	Rs.
Commandant	200
Subedar Major, Subedar, Jamadars ...	100
Non-commissioned officers ...	50
Others including sepoys ...	30

In cases of emergency and on the recommendation of the Commanding Officers, special additional loans, if required, may be granted not exceeding the following sums, provided that the total amount lent does not exceed the amount to their credit in the Fund :—

	Rs.
Commandant ...	100
Other officers ...	50
Non-commissioned officers ...	20
Sepoys, etc. ...	10

6. Recoveries in the following amounts will be made monthly from the pay of officers and men by deductions in the barawards towards the liquidation of the loan paid plus interest at 6¼ per cent per annum or one pie per rupee per mensem.

		Rs.
Commandant	...	8
Other officers	...	3
Non-commissioned officers	...	2
Sepoys, etc.	...	1

Such recoveries will be in addition to the monthly subscriptions mentioned in Rule 2.

7. (*a*) Interest at 3⅛ per cent or one pie per two rupees per mensem will be allowed for each calendar month upon the minimum balance of the subscriber's account between the close of the fourth day and the end of the month. In calculating the interest under this rule subscriptions received by deductions from pay bills will be considered as paid into the Fund on the first day of the month succeeding that for which the pay is due. Deductions made from salaries paid *in advance* owing to transfer or leave are to be considered as having been paid on the date on which the advance is drawn and disbursed, while deductions from salaries paid *in arrears* in consequence of promotions given with retrospective effect will be considered as having been made on the first day of the month in which the arrears are drawn.

(*b*) In cases of retirements, discharges and dismissals the amount subscribed plus interest at 3⅛ per cent per annum or ½ pie per rupee per mensem calculated as laid down in para (*a*) above will be refunded to the parties concerned, provided they owe nothing to the Fund and in the event of death the above amount will be paid to the heirs or executors of the deceased.

(*c*) In the event of the death of any subscriber the balance of amount to his credit will be paid in the way applicable to Savings Banks deposits under the provisions of Act V of 1873 (S. B. Act) and the Chief Commandant will have the power given to a Treasury Officer in the Savings Banks Rules prescribed by the Government of Mysore.

8. Each subscriber to the Fund will be provided with a book in which all transactions connected with the Fund will be entered for his information.

9. No one who has not subscribed to the Fund shall be allowed to obtain a loan therefrom and no one shall be permitted to obtain a fresh loan until the previous loan has been repaid in full, except to the extent allowed under the latter part of Rule 5.

10. A subscriber will not be entitled to a refund of his subcription until he ceases to be in the service.

Account Procedure.

11. The Chief Commandant will keep the following books and accounts :—

1. Cash book for actual cash transactions.
2. Treasury remittance register for remitting subscriptions received in cash to the Treasury.
3. Register of receipts and disbursments on account of the Fund.
4. Individual subscriber's ledger.
5. Loan register or ledger.

12. Cash received under Rule 4 (2) will be credited with the requisite particulars in the Cash Book; and when cash is remitted to the Treasury, the necessary debit will also be shown in the Cash Book, the serial number of the remittance in the Remittance Register being noted against the payment in the Cash Book.

13. The Commandant of the Barr or other officer concerned will send with each baraward a statement in Form A showing the deductions made from the pay bill for credit to the Fund. This statement will at once be forwarded to the Chief

Military, dated 12th April 1910.

Commandant for his information by the treasury after crediting its amount to the Fund. The amount of these statements will be entered by the Chief Commandant in the register of receipts and disbursements (No. 3) as a receipt. The statements will be consecutively numbered and filed and this number will also be quoted in the register.

14. All withdrawals will be on bills prepared by the Chief Commandant. Such bills will always be one for each individual. These pre-audited bills will, after receipt from the Comptroller, be entered as payments in Register No. 3 and then transmitted to the parties for encashment.

15. Both the Cash Book and No. 3 register will be balanced monthly and signed by the Chief Commandant. In balancing No. 3 register the following particulars will be entered:—

On the receipt side.	Rs.	*On the charge side.*	Rs.
Balance of previous month		Audited bills encashed during the month	
Receipts of the month		Do balance ...	
Total		Uncashed at the end of the month	
		Balance of fund	
		Total	

16. The individual subscribers' ledger will be in the following form:—

Name—
Official designation—
Number of account—

Month and date	Subscription			Balance of each month for calculating interest			Interest			Total			With-drawals			Amount		
	Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.
	Balance from																	
Total subscriptions and interest							Total withdrawals ...											
Total interest added to principal							Closing balance ...						Total ...					
Total including balance...																		

17. The loan register is also to be an individual ledger and will be maintained in respect of all loan transactions. It will be in the following form:—

Name—
Official designation—
Ledger account No.—
Amount of loan advanced Rs.—

Month and date	Balance of principal due			Monthly interest on balance of principal			Total			Recoveries towards					
										Principal			Interest		
	Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.

18. These individual subscribers' ledgers and the loan ledgers will be posted ....thly from the entries in Register No. 3.

There should be a special ledger folio, styled "Surplus Account," to which
(1) the interest realised from parties who have obtained loans, and
(2) the difference between the interest paid by the Government to the Fund and that apportioned by the Chief Commandant to the account of each individual subscriber,

should be credited and to which any charges other than loans and refunds which may be incurred by the Fund should be debited. This will enable the Chief Commandant to know whether there is any surplus or not for expenditure on establishment, etc., if any.

19. The Comptroller will forward to the Chief Commandant a treasurywar statement of receipts and disbursements in connection with the fund with vouchers for all payments made in the treasuries.

20. The Chief Commandant will send to the Comptroller immediately after the close of each half-year (*i.e.*, ending 31st December and 30th June) a certificate to the effect that the balances given in the subscribers' individual and loan ledgers have been verified with reference to the balance shown in Register No. 3.

21. The amount of interest to be added to the balance of the Fund will be calculated each year by the Comptroller as in the case of the State Insurance Fund at 3½ per cent on the monthly balance and adjusted by him to credit of the Fund and debit to Government. Intimation of such adjustments will be given to the Chief Commandant every year.

22. The accounts of the Fund will be audited once a year by the Outside Audit Department staff of the Comptroller along with other Military Funds.

Correspondence ending with Government Order No. Mily. 448-9—21-08-2, dated 6th January 1909, stating that separate orders will issue regulating the supply of clothing to the establishment connected with the Government Stables.

2. Memorandum, dated 12th October 1909, received from the Secretary to the Retrenchment Committee, submitting draft rules for regulating the issue of clothing to the coachmen and syces of the Government Carriage Department in Mysore.

No. 1314-5—MILY. 21-08-3, DATED BANGALORE, 21ST APRIL 1910.

ORDER THEREON.—Government are pleased to accept the proposals of the Retrenchment Committee with a few modifications and approve of the rules as specified below.

Clothing will be issued to 30 coachmen and 36 syces attached to the Government Stables in accordance with the scale noted below :—

I. *Annually—*

	Rs.	a.	p.
Coachmen—			
1 Khaki suit at a cost not exceeding	5	0	0
1 Pair of boots, etc.	4	4	0
1 Pair waist-band	0	12	0
2 Pagadi Mull khaki or blue	3	8	0
Total ...	13	8	0
30×13-8-0 ... ... Rs. 405			
Syces—			
1 Khaki suit at a cost not exceeding	3	12	0
1 Pair putties	1	1	0
1 Pair waist band	0	12	0
2 Pagadi Mull khaki or blue	3	8	0
Total ...	9	1	0
36×9-1-0 ... ... Rs. 326 4 0			

II. *Biennially—*

	Rs.	a.	p.
Coachmen—			
1 Woollen suit at a cost not exceeding	11	4	0
Syces—			
1 Woollen suit	7	9	6
30×11-4-0 ... ... Rs. 337 8 0			
36× 7-9-6 ... ... Rs. 273 6 0			
Total... Rs. 610 14 0			

III. *Once in three years—*

	Rs.	a.	p.
1 Waterproof or great coat at a cost not exceeding ...	8	12	0
30×8-12-0 ... ... Rs. 263 8 0			

IV. To coachmen and syces (not exceeding 15 men of each class) going to Ootacamund a blanket costing Rs. 2-8-0 every year.

30×2-8-0 ... ... Rs. 75 0 0

V. In the case of coachmen and syces who attend on the Dewan, Councillors and important guests, six coachmen's and twelve syces' warm suits will be issued every two years in addition to the clothing above prescribed. These will be issued from time to time to the men actually on duty and will not be treated as the property of the bearer.

The cost of this will amount to about Rs. 159 in round numbers as shown below :—

6×11-4-0	Rs.	67	8 0
12×7-9-6	Rs.	91	2 0
Total...	Rs.	158	10 0

Military, dated 21st April 1910.

VI. The total annual cost of the clothing enumerated above will amount to about Rs. 1,278-13-4* and this will be provided for in the budget as heretofore under "II. Supplies and Services and Allowances—12. Liveries and Clothing" in the Government House budget.

		Rs.	a.	p.
*I.	... ...	405	0	0
	and	326	4	0

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

(1) Government Proceedings No. G. 4397-9—G. M. 237-08-1, dated the 29th January 1909, para 5, directing that the posts of the two Superintending Engineers be abolished at the earliest opportunity.

(2) P. W. Secretary's No. 940-1—7728-7, dated the 18th October 1909, directing that the abolition of the offices of the Superintending Engineers already ordered by Government be given effect to by the 31st October 1909.

(3) Note dated the 15th January 1910 from the Chief Engineer and Secretary to Government, Public Works Department, advocating the formation tentatively for a year of one new Public Works Circle comprising the six Northern Districts of the State to be placed in charge of a Superintending Engineer.

No. 446-91—3861-3906, DATED BANGALORE, 29TH APRIL 1910.

ORDER THEREON.—In modification of the orders conveyed in the Government Order dated the 29th January 1909, quoted above, the Government of His Highness the Maharaja of Mysore are pleased to sanction the formation of a new Public Works Circle of Superintendence as a tentative measure for one year, in place of the two Circles abolished.

2. The new Circle will comprise the six Northern Districts of the State, namely, Kolar, Tumkur, Chitaldrug, Shimoga, Kadur and Hassan, and will be known as the "Northern Circle," and the office of the Circle will be located at Bangalore.

3. The remaining Divisions, noted in the margin (both permanent and temporary), will be under the immediate control of the Chief Engineer.

Bangalore, Mysore, Water-supply and Stores, Sanitary, Palace and Channels Conservancy Divisions.

4. The duties and powers of the new Superintending Engineer will be the same as those of officers of corresponding rank before the abolition of the Circles.

5. The cost of the new Circle will consist of the salary and allowances of one Superintending Engineer (who will for the present be an officer of the local service) and his office establishment as per statement appended.

6. Mr. D. Sitaram Rao, Executive Engineer, 1st class, is appointed Superintending Engineer, *sub pro tem*, and placed in charge of the new Circle.

REVENUE

SECTION 1—LAND REVENUE

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR APRIL 1910.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
1	R 6491-2—L R 256-09-3...	1	Rev. Comr. and Comptr.	Sanctioning the further retention in service of T. V. Krishna Iyengar, District Sheristadar, Kolar, till the 30th June 1911.
2	R 6509-10—L R 17-09-57	1	Do ...	Sanctioning a charge allowance of Rs. 2-6-9 to Sheristadar S. K. Venkataramana Iyer of the Sira Taluk for having been in charge of the taluk from the 15th to 19th December 1909, in addition to his own duties.
3	R 6511—L R 67-09-55 ...	1	Comptroller ...	Sanctioning a bill for Rs. 8, on account of arrears of potgi due to the Patel of Sankapura village, Tumkur Taluk, for 1906-07.
4	R 6512—L R 67-09-57 ...	1	Do ...	Sanctioning a bill for Rs. 29-2-8, on account of arrears of potgi due to Sankarappa and Hariyappa, shanbhogs, Mandagadde hobli, Tirthahalli Taluk, for 1904-05.
5	R 6513-4—L R 73-09-41...	1	Rev. Comr. and Comptr.	Sanctioning a refund bill in favor of one Santegowda for Rs. 3, being the amount of fee paid by him for certain Tippani copies applied for by him from the Survey Department, but which was refused to be granted to him.
6	R 6518—L R 138-09-13...	2	Compiler, *Mysore Gazette*	Notifying the appointment of T. Swaminatha Sastri, Acting Deputy Amildar of Turuvekere, as Acting Amildar and 3rd Class Magistrate of the Tiptur Taluk during the employment of Mr. C. Machaiya on other duty and the transfer of S. Soundararajiengar, Acting Deputy Amildar of Yedahalli, to Turuvekere to act as Deputy Amildar during the above period.
7	R 6520—L R 33-09-17 ...	2	Rev. Commissioner ...	Sanctioning the acquisition of 2 acres of land out of assessed occupied Survey No. 34 of Halivana village, Harihar Sub-Taluk, required for a burial ground.
8	R 6521—L R 33-09-18 ...	2	Compiler, *Mysore Gazette*	Notifying the declaration statement in respect of the above.
9	R 6526-7—L R 72-09-4 ...	4	Rev. Comr. and Chief Engr.	Stating that no fresh land need be given to Ranganna in exchange for his land in the Bylara village, Nanjangud Taluk, rendered unfit for cultivation by the Public Works Department, as the excavations made in it have since been filled up; and directing that the assessment on the whole of the Survey No. 42 be remitted from the year in which the excavations were made to the year in which they were filled up and that if any portion of this amount has been paid by him, the same be refunded to him in full settlement of his claim.
10	R 6528—L R 72-09-4 ...	4	Ranganna ...	Informing him of the above.
11	R 6531 ...	4	Channaiya P., Kundgolmatti near Belgaum	Informing him that his request for being appointed as an Amildar or Taluk Sheristadar cannot be complied with.

Serial No.	Proceedings: Number	Proceedings: Date	Proceedings: To whom sent	Subject and Order
12	R 6535—L R 348-09-1 ...	4	Compiler, *Mysore Gazette*	Notifying the temporary promotion from the 3rd to 2nd Class of Deputy Commissioners granted to Mr. M. Chengiah Chetty, B.A., during the absence, on privilege leave, of Mr. M. Kantaraj Urs, B.A., Deputy Commissioner, from the 16th August to the 20th October 1909.
13	R 6549—L R 2-09-55 ...	5	Rev. Commissioner ...	Stating that it is not considered necessary to purchase copies of the book called "The Patels' Duty" compiled by L. Vemareddi of Malur and supply them to the patels, and that the latter may, if they think fit, purchase copies for themselves and use them as reference books.
14	R 6550—L R 2-09-55 ...	5	L. Vemareddi ...	Informing him of the above.
15	R 6551-2—L R 77-09-75...	5	Rev. Comr. and Comptr.	Sanctioning the purchase of eighteen carpets at a cost of Rs. 40-8-0, for the Channapatna Taluk Office.
16	R 6553-4—L R 139-09-6...	5	Do ...	Stating that M. Krishna Rao, Head Accountant of the State Huzur Treasury on leave, cannot be appointed to a post in any of the offices in Bangalore carrying a pay of Rs. 175, that he will however, be permitted to retire; and will as a special case outside the scope of the ordinary rules be given a pension equivalent to what he would be entitled to if he had retired on a medical certificate of incapacity for further service.
17	R 6555—L R 139-09-6 ...	5	M. Krishna Rao, Chamrajpet, Bangalore	Informing him of the above order.
18	R 6556-7—L R 76-09-4 ...	5	Inam Supt., and Dy. Comr., Hassan	Recording the Hassan Deputy Commissioner's letter reporting that Survey No. 18 in the Advalli village, Hassan Taluk, which was given to the Virupaksheswaraswami temple at Hassan in exchange for the original Inam lands taken up for the Lalbagh at Hassan, was resigned by the Archak in 1894-95, as being unsuitable for cultivation and that it has since been given away for cultivation and is in private occupancy; and observing that under the standing orders, the resignation of the Inam in question should have been reported to Government.
19	R 6558-9—L R 77-09-77...	5	Rev. Comr. and Comptr.	Sanctioning the purchase of certain articles of furniture at a cost of Rs. 175, for the use of certain Sub-Division and Taluk Officers in the Bangalore District.
20	R 6562—L R 25-09-80 ...	5	Rev. Commissioner ...	Recording his letter reporting the occurrence of an accidental fire on the 16th February 1910, in the village of Tevarakoppa, Sorab Taluk, which resulted in the destruction of eleven houses together with property valued at Rs. 1,083 and stating that necessary relief has been afforded to the sufferers.
21	R 6561—L R 25-09-78 ...	5	Do ...	Recording his letter reporting the occurrence of an accidental fire on the 20th February 1910, in the Chikjambur village, Shikarpur Taluk, resulting in the destruction of a few houses with some property.
22	R 6563—L R 25-09-74 ...	5	Do ...	Recording his letter reporting the occurrence of an accidental fire on the 16th February 1910, in the village of Jammapur, Channagiri Taluk, resulting in the destruction of some houses with property valued at Rs. 1,365.
23	R 6564—L R 25-09-76 ...	5	Do ...	Recording his letter reporting the occurrence of an accidental fire on the 7th February 1910 in the village of Bandarhalli, Shimoga Taluk, resulting in the destruction of some houses with property valued at Rs. 1,226-8-0.
24	R 6565-6—L R 361-09-2...	5	Rev. Comr., and Survey Supt.	Sanctioning the appropriation of 5 acres 20 guntas of land out of gomal Survey No. 5 of Gujjakonda village, Davangere Taluk, for shifting the village.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
25	R 6572-75—L R 238-09-9	5	Rev. Comr., Govt. Advocate, Public Prosecutor, Bangalore, and Dy. Comr., Tumkur	According sanction to an appeal being filed in the Chief Court against the judgment of the Sub-Judge of Bangalore, regarding the adjudication of the amount of compensation payable to Ranganna and others on account of lands in the Bidangere village, Kunigal Taluk, acquired for extending the village.
26	R 6576—L R 5-09-75 ...	6	Mannaraiya, Retired Tk. Sheristadar, Channarayapatna	Informing him that he should apply to the Deputy Commissioners concerned and the Revenue Commissioner for the transfer to the Revenue Department of his two sons now employed in the Education Department, and that he cannot be given 4 or 5 acres of land, at an upset price of Rs. 50 per acre, as prayed for.
27	R 6595—L R 351-09-2 ...	6	Compiler, *Mysore Gazette*	Notifying that M. S. Narayan Rao, Taluk Sheristadar of Chintamani, acted as Amildar of that taluk from the 18th October 1909 to the 9th January 1910.

SECTION 3—AGRICULTURE AND EXHIBITION

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR APRIL 1910.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
1	R 6542—Agri 52-09-2 ...	4	Officer in charge of the Agrl. Chemist's Office	Declining to appoint Messrs. B. Narasimha Iyengar and N. Sampath Iyengar, Probationary Assistant Chemists, to act for Messrs. B. Venkata Rao, and A. K. Yegnanarayan Iyer, Assistant Chemists during their absence in Europe.
2	R 6592—Agri 59-09-4 ...	6	Compiler, *Mysore Gazette*	Notifying the grant of 6 days' privilege leave to Mr. H. V. Krishnaiya, Assistant Chemist from the 21st March 1910.
3	R 6624-5—Agri 29-09-18	7	Officer in charge of the Agrl. Chemist's Office, and Comptroller	Sanctioning the purchase of 2 ploughs from Mr. Hollister of Kolar at a cost of Rs. 17 each both for use on the Hebbal Experimental Farm and for demonstration purposes.
4	R 6626-34—Agri 96-09-4	7	Rev. Comr., and Dy. Comrs.	Recording the statement showing the losses in cattle of various kinds during the quarter ending 31st December 1909 with the Revenue Commissioner's review thereon.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
5	R 6733-4—Agri 90-09-6 ...	9	Dy. Comr., Kadur, and Rev. Comr.	Stating that the loan of Rs. 7,500 applied for by Captain Lethbridge for the purchase of pump and plant for growing sugar-cane is not permissible under the rules, for want of adequate security in the shape of immoveable property.
6	R 6813—Agri 107-09-1 ...	11	Rev. Commissioner ...	Requesting him to take the necessary action in the matter of keeping breeding horses and bulls in Veterinary Hospitals referred to in Subject No. 98 of the Representative Assembly Proceedings of 1909.
7	R 6823-4—Agri 56-09-7 ...	12	Rev. Comr. and Comptr.	Sanctioning the deputation of Mr. N. Narasimha Iyengar, Inspector of Cattle Diseases, to work for two months with Captain Patton, Assistant Director of the King Institute, Madras, in carrying on investigations in Piroplasmosis in calves. and also the grant to him of a daily batta of Rs. 3 during that period.
8	Pol 875 Agri 56-09-8 ...	12	First Asst. to the Hon'ble the Resdt.	Stating that it will not be possible for Mr. Narasimha Iyengar, Inspector of Cattle Diseases, to attend the training class under the Imperial Bacteriologist at Muktesar for the present, as it is proposed to send him to work for two months under Captain Patton at Madras, and requesting that the sanction of the Madras Government may be obtained for the proposed deputation.

Serial No.	Proceedings: Number	Proceedings: Date	Proceedings: To whom sent	Subject and Order
9	R 7055—Agri 93-09-6 ...	19	Dy. Comr., Chitaldrug	Forwarding for disposal a petition from Patel Rudrappa and other raiyats of Sanikere village, Challakere Taluk, praying for remission of assessment on their wet lands during the current year with the observation that in special individual cases deserving consideration, a suspension of the payment of land revenue till next year may be granted and the matter reported to Government.
0	R 7056—Agri 93-09 ...	19	Rev. Commissioner ...	Forwarding a copy of the above.
1	R 7057—Agri 93-09 ...	19	Patel Rudrappa and others	Informing them of the above.
2	R 7061-3—Agri 62-08-40	19	Rev. Comr., Comptr., and Dy. Comr.	Sanctioning a bill for Rs. 35-11-2, being the commission payable to the two merchants who helped Government in carring out relief operations in Dodballapur.
3	R 7078—Agri 49-09-22 ...	20	G. H. Krumbiegel, Esq., President of the Dasara Exhibition	Stating that there appears to be some misapprehension on the part of the Lahore Exhibition authorities in charging space fee for the exhibits sent by the State, and requesting him to write to them in the matter.
4	R 7079—Agri 105-09-25...	20	Rev. Commissioner ...	Stating that he may take the steps suggested by him in his letter reporting on the application of Mr. B. V. Ramaswami Chetty, Advocate, for a loan of Rs. 3,000 under the Land Improvement Loans Regulation and refer the matter to Government if necessary only in its final stage.
5	R 7122-4—Agri 28-09-11	21	Rev; Comr., Comptr., and Dy. Comr., Chitaldrug	According sanction as a special case, to the additional expenditure of Rs. 508-5-3, incurred in connection with the distribution of gratuitous relief in the Taluks of Challakere, Hiriyur, Jagalur and Hosdurga in the Chitaldrug District during the distress of 1908-09.
6	R 7127—Agri 98-09-4 ...	21	Consvtr. of forests ...	Requesting him to inform the Chief Commandant, Mysore State Troops, of the price of the hay press kept at the Government wood yard Mysore, as the same is wanted by the Commandant, Imperial Service Transport Corps.
17	R 7132-4—Agri 25-09-4	21	Rev. Comr., Comptr., & Dy. Comr., Bangalore	Sanctioning the payment of grain compensation allowance to the watcher of the Nallur Amaroi Tope in the Devanhalli Taluk.
18	R 7135-6—Agri 21-09-4	21	Rev. Comr., and Comptr.	Sanctioning an expenditure of Rs. 1-10-0, incurred by the Revenue Commissioner in the purchase of 16 copies of the Madras Agricultural Calendar 1910.
19	R 7168—Agri 39-09-4 ...	22	W. Maxwell, Esq., Consulting Engr., Java Villa Weybridge, Surrey England	Informing him that it is not possible to find anywhere as required by him 20,000 acres of land situated in one village or in contiguous villages and commanding other advantages regarding proximity to the railway and facilities of labour for the development of sugar industry in the State and suggesting that a factory for the manufacture of sugar depending upon local supplies of sugar-cane for the present may be started.
20	R 7199—Agri 93-09-9 ...	23	Rev. Commissioner ...	Forwarding for disposal a petition from Thimmia and other raiyats of Thippareddihalli, Challakere Taluk praying for remission of assessment and grant of takavi loans with the observation that remission rules apply to this village which is under Government management and that takavi may be given from village revenues if due and reasonable security is given.
21	R 7201—Agri 93-09-8 ...	23	Dy. Comr., Chitaldrug...	Forwarding for disposal a petition from Bangi Buddaiya and other raiyats of Budanhalli village, Challakere Taluk, praying for grant of time for payment of instalments towards the

	Number	Date	To whom sent	
				takavi loans obtained by them with the observation that time may be granted in individual cases of special hardship.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
22	R 7237—Agri 237-08-4 ...	25	Rev. Commissioner ...	Stating that it is not necessary to consider at this distance of time whether any remission of assessment on their lands for 1905-06, should have been granted to the raiyats holding lands under channels drawn from certain jungle streams in the Koratagere Sub-Taluk, as the concession now asked for by them was not covered by the orders issued in 1905-06, in respect of the remission of assessment for that year.
23	R 7307-16—Agri 18-06 ...	27	Comptr., Mr. P. S. Achyuta Rao, and Dy. Comrs. of Dts.	Sanctioning the total expenditure of Rs. 39,626-7-0, incurred on account of the Industrial and Agricultural Exhibition held at Mysore in January 1906, and accounted for by the Secretary to the Exhibition Committee besides a sum of Rs. 1,143-10-1 incurred by the Deputy Commissioners and accounted for by them; and also sanctioning as a special case certain items of expenditure mentioned in statement A and writing off the accounts certain irrecoverable amounts shown in statement B.
24	R 7373-4—Agri 80-09-6 ...	27	Mycologist and Entomologist and Comptr.	Sanctioning the proposal of the Mycologist and Entomologist to purchase chemicals at a cost not exceeding Rs. 600 for being supplied to garden owners at cost price for checking the spread of koleroga in their gardens.
25	R 7377—Agri 112-09-2 ...	27	Compiler, *Mysore Gazette*	Publishing for general information the Prospectus of the fourth Agricultural and Industrial Exhibition proposed to be held at Oachiva, Travancore State, in June 1910.
26	Pol 922—Agri 112-09-3 ...	28	Dewan of Travancore thro' the First Asst. to the Resdt.	Informing him of the above.
27	R 7396-7—Agri 80-09-5	28	Mycologist and Entomologist to Govt. and Comptr.	Sanctioning an additional provision of Rs. 300 to meet the cultivation expenses in the supari gardens taken on lease in connection with the investigation of koleroga and requesting the Mycologist and Entomologist to intimate the amount that should be provided for the travelling allowances to the temporary fieldmen.
28	R 7492-4—Agri 70-09-8	30	Rev. Comr., Comptr. and Chief Engr.	Sanctioning the payments for the works carried out from the advances sanctioned to the raiyats for earth-work to unrestored minor tanks on account of the seasonal conditions of the year 1908-09 by the issue of cheques against Public Works letters of credit, the same being adjusted in the usual course by the Deputy Commissioner after the necessary audit by the Comptroller, Public Works Branch.

FINANCIAL SECRETARIAT.
Bangalore, 30th April 1910.

J. S. CHAKRAVARTI,
Financial Secretary

SECTION 2—SEPARATE REVENUE

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR APRIL 1910.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
1	Fl 4880—S R 71-09-4 ...	1	Excise Commissioner ...	Returning the petition of Arodi Papiah, licensee of Binasandra beer canteen, with the observation that Government are not prepared to forward it to the Military authorities as requested therein.
2	Fl 4881-2—S R 176-09-2	2	Do and Comptr. ...	Directing the reduction of the amount of security deposit to be taken from licensees of toddy shops in respect of long leases to two months' khists irrespective of the period of lease with the observation that a heavy security like six or four months' khists is possible only in the case of large capitalists.
3	Pol 851 ...	4	First Asst. to the Hon'ble the Resdt.	Forwarding copy of letter No. 6402, dated 27th January 1910 from the Excise Commissioner together with its enclosure, *viz.*, docket from the Superintendent of Excise, Civil and Military Station, Bangalore to the District Excise Officer, Bangalore, *re* the recovery of Rs. 66 from one R. Tiruvengadasami Mudaliar, toddy contractor of Civil and Military Station, and requesting that the Hon'ble the Resident may be moved to issue needful instructions to the revenue authorities of Civil and Military Station to recover the said amount together with interest thereon and to remit the same to the Durbar.
4	Fl 4897—S R 143-09-11...	4	Chief Engineer ...	Forwarding for compliance copy of letter No. 8003, dated 26th March 1910 from the Excise Commissioner in Mysore requesting that the work of laying Hessarghatta water to the distillery buildings may be taken in hand early so that the arrack of 25° Upper Proof may be manufactured and made available to the several depots from the 1st July next.
5	Fl 4898—S R 143-09-11...	4	Excise Commissioner ...	Forwarding copy of the above for information.
6	Fl 4910—S R 160-09-8 ...	5	Compiler, *Mysore Gazette*	Notifying that Mr. M. Narayan Rao received charge of the office of the Excise Commissioner, Inspector-General of Registration, Registrar of Joint Stock Companies and *ex-officio* Commissioner of Stamps on the afternoon of the 23rd March 1910.
7	Fl 4951—S R 139-09-6 ...	6	Do ...	Notifying the grant of privilege leave of absence for nine days to Mr. A. K. Syed Taj Peeran, District Excise Officer, Kolar, with effect from the 24th March 1910, the Treasury Assistant Commissioner of the district being in charge of the District Excise Officer during the period.
8	Fl 4953-4—S R 185-09 ...	6	Ex. Comr., and Comptr.	Approving with certain modifications of the draft notification for sale of excise and opium

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
				privileges for 1910-11, with the observation that in regard to the grant of licenses under para 4 of condition XIX, arrack and toddy shops should not, as a rule be permitted to be opened at jatras and that if opened at all, they should be located at a distance of not less than a mile from the limits of the jatra site.
9	Pol 859 ...	7	First Asst. to the Hon'ble the Resdt.	Informing him that under clause (1) of Rule XI of the Opium Rules as they now stand, a licensee has to purchase opium in quantities of not less than 24 tolas at a time or in such quantities as the Government may from time to time prescribe by Notification in the *Mysore Gazette*, but as opium is not being purchased and sold to the licensees in cakes of quarter seer or 20 tolas, a slight alteration of the rule has become necessary and the words "in quantities of not less than 24 tolas" occurring in the above said rule have been changed into the words "in cakes of 20 tolas (more or less)."
10	Fl 4967—S R 197-09 ...	7	Compiler, *Mysore Gazette*	Notifying the publication of the above change in the Opium Rules.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
11	Fl 5026—S R 287-09-8 ...	11	Excise Commissioner ...	Informing him that Government are unable to accept his proposal for the grant of a local allowance to his office assistant and that they consider that it is and will be a part of the duties of the Excise Commissioner to see to the proper conduct and efficiency of the Excise Training School.
12	Fl 5038-9—S R 13-09-10	11	Comptr. and Dy. Comr., Mysore	Sanctioning the refund of the value of a stamp paper, *viz.*, Rs. 85, produced by the Public Prosecutor, Mysore Division.
13	Fl 5042—S R 150-09-4 ...	11	Mahomed Ibrahim, late Excise Asst. Inspector, residing in Upparhalli, Bangalore Taluk	Informing him that Government see no reason to interfere with the order of the Excise Commissioner dismissing him from service.
14	Fl 5043—S R 150-09-4 ...	11	Excise Commissioner ...	Forwarding copy of the above.
15	Fl 5080- S R 185-09-2 ...	12	Do ...	With reference to his letter No. 8447, dated 7th April 1910, reporting that he has specified in sub-para (2), para 2 of condition XX of the notification of sale of excise privileges for 1910-11 the price of sugar-cane jaggory arrack per gallon of 25° under-proof instead of per quart and pint bottles as directed by Government, observing that Government regret that the Officiating Excise Commissioner should have taken it upon himself to make the alterations instead of coming up to Government and obtaining formal sanction, which could very easily have been done, and that the rates per bottle were deliberately mentioned in the Government Order.
16	Fl 5091—S R 58-09-2 ...	13	Do ...	Inviting his attention to Government Order No. 3981—425, dated 29th November 1906, regarding the grant of malnad allowance to the Excise staff in the malnad parts of the State, with the observation that the disadvantages referred to by him are shared by the Excise Department in common with various other Departments of the State and that the question of the grant of malnad allowance was fully considered by Government when passing the order in question.
17	Pol 852 ...	14	First Asst. to the Hon'ble the Resident	Forwarding for adjustment a bill for Rs. 3,795-13-5, being the proportionate cost of the Distillery and Office establishment and Contingencies debitable to the revenues of Civil and Military Station for the quarter ending 30th March 1910.

Serial No.	Proceedings: Number	Proceedings: Date	Proceedings: To whom sent	Subject and Order
18	Fl 5154—S R 54-09-2 ...	19	Excise Commissioner ...	Forwarding copy of Residency letter No. 2347, dated 15th April 1910, stating that the Government of Madras are in communication with the Government of India *re* the subject of the transit of ganja through the Madras Presidency into the Mysore State, but that in the meanwhile they see no objection to the importation of the particular consignment (200 Bengal maunds) of ganja now required into Mysore *via* Guntakal.
19	Pol 896 ...	20	First Asst. to the Hon'ble the Resdt.	Forwarding for transmission to the Accountant-General, Madras, a statement showing the description of stamps supplied to the Hon'ble the Resident's Treasury during the month of March 1910 and of the spoilt stamps returned by the Officer in charge of the said Treasury to the Superintendent of Stamps in Mysore.
20	Fl 5196-7—S R 165-09-5	20	Ex. Comr. and Comptr.	Permitting the arrack manufacturers of the State to continue to manufacture in the Central Distillery the arrack required for consumption in Coorg for the year 1910-11 also, and to export it free of duty subject to certain conditions.
21	Pol 897 ...	20	Secy. to the Ch. Comr. of Coorg	Intimating the grant of the above permission to the arrack manufacturers of the State.
22	Fl 5214—S R 187-09-5 ...	20	Excise Commissioner ...	Observing that Messrs. Anderson & Co., Wine and General Merchants, Marikuppam, Kolar Gold Fields, have had sufficient notice of the intended sale of the right to sell English beer in Kolar Gold Fields, but that their agreement to buy beer from Messrs. Bernard & Co. extends up to 8th January 1911 and that the new system will therefore be deferred until 1st January 1911, Messrs. Anderson & Co. being allowed to hold the license from July to December 1910 on a fee of Rs. 150 for the period in addition to the payment of a duty of Rs. 7-2-9 per hogshead of beer imported by them for sale.
23	Fl 5228—S R 198-09-2 ...	21	Karimuddin, Excise Inspector in charge of Channagiri Range	Returning for submission through his Departmental superior his petition complaining that his claims for promotion have been overlooked and that the Excise Commissioner has passed some unjust remarks against him and praying for issue of orders to give him promotion in a vacancy now said to exist.
24	Fl 5234—S R 213-09-9 ...	21	Compiler, *Mysore Gazette*	Notifying the appointment of Mr. C. R. Narainsamy Mudliar, Amildar of Arsikere, to act as District Excise Officer, Hassan District, during the deputation of Mr. M. Ranga Rao, B.A, on special duty in the Palace.
25	Fl 5235 - S R 213-09-9 ...		Rev. Commissioner ...	Forwarding copies of the above.
26	Fl 5236—S R 213-09-9 ...		Excise Commissioner ...	
27	Fl 5237—S R 213-09-9 ...		Dy. Comr., Hassan ...	
28	Fl 5238—S R 213-09-9 ...		Comptroller ...	
29	Fl 5251—S R 59-09-4 ...	22	Ex. Commissioner ...	Informing him that Government see no reason to give retrospective effect from 1st July 1908 to the promotion given to Mr. J. A. Cullis, Excise Inspector, as recommended by him.
30	Fl 5253-4—S R 13-09-18	22	Comptr. and Dy Comr. Mysore	Sanctioning the refund of Rs. 10 being the value of a stamp paper produced by one M. Narasimiah of Mysore.
31	Fl 5255-6—S R 13-09-16	22	Do ...	Do do Rs. 2 being the value of a stamp paper produced by one Chandrasekhariah of Guttal village, Mandya Taluk.
32	Fl 5261—S R 139-09 ...	23	Compiler, *Mysore Gazette*	Notifying that the privilege leave of absence for nine days granted to Mr. A. K. Syed Taj

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
				Peeran, District Excise Officer of Kolar, in Notification No. Fl. 4951—S. R. 139-09-6, dated the 6th April 1910, is hereby extended by three days.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
33	Fl 5286—S. R. 207-09-2	25	Compiler, *Mysore Gazette*	Notifying that under Article 177 of the Mysore Service Regulations, Mr. B. Shamanna, B.A. L.C.E., Assistant Commissioner, Excise Department, is granted privilege leave of absence for two months and twenty-three days with effect from the 1st May 1910.
34	Fl 5307—S. R. 199-09-4	27	Excise Commissioner ...	Declining to cancel the resale of the Pitchapalli toddy shop in the Kolar Gold Fields, with the observation that the new purchaser of the shop has been already working it for some time that the Deputy Commissioner would have exercised a wiser discretion if he had complied with condition 29 of the excise license and adjusted the amount due from Appiah, the previous licensee, out of his deposit and not have sold the shop as has been done and that there was the less reason for depriving him of his license as he is reported to have been punctual in his payment of khists.
35	Fl 5347-9—S. R. 160-09-10	29	Comptr., Ex. Comr. and I.-G. of Registration	With reference to the Comptroller's enquiry as to which officer should be held to have been *in charge of Excise Commissioner's office* during the Easter holidays, from 24th to 29th March 1910, and to whom the salary should be paid stating that Mr. H. H. Sparkes may be paid his full pay, while Mr. M. Narain Rao, Officiating Excise Commissioner be given acting allowance for the period, as it was the intention of Government that Mr. Sparkes should have the benefit of utilizing privilege leave in continuation of Easter holidays at the same time, as these holidays were holidays to Mr. Sparkes and not to his office or *locum tenans* and as the state of business would not allow of the department being without a responsible officer in charge for any length of time.
36	Fl 5401—S. R. 11-09-4	30	Excise Commissioner ...	In the matter of the assignment of date trees for the supply of toddy to Civil and Military Station, requesting the Excise Commissioner to meet Mr. Sherman, Excise Superintendent of Civil and Military Station, and ascertain the necessary particulars with reference to the last para of his letter No. 417, dated 30th March 1910, to the Collector of Civil and Military Station.

GENERAL AND REVENUE SECRETARIAT.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

SECTION 3—BANKING

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR APRIL 1910.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
1	Fl 5048—B 32-09-11 ...	11	Veerabhadranna and other members of the Agricultural Bank at Tippenhalli, Chikballapur Taluk	Informing them that Government, after due enquiry into the matter of their prayer for the remission of interest on the loans taken by them and for payment of the principal itself in easy instalments, find that they are not deserving of any consideration and that their petition is accordingly rejected.
2	Fl 5056—B 37-09-2 ...	12	Supt., Govt. Press ...	Forwarding a manual in Canarese explaining the main principles of the Co-operative movement and the method of starting societies and working them, with a request to have it printed and to supply 2,000 copies of it to the Registrar of Co-operative Societies, if he so desires, with an estimate of the cost of printing it either in the Government Press or in any other private press.
3	Fl 5057—B 37-09-2 .	12	Registrar of Co-operative Societies	Forwarding copy of the above.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
4	Fl 5209-10—B 8-09-21 ...	20	Comptr., and Dy. Comr. Kadur	Confirming the sale of coffee lands survey Nos. 214, 213 and 250 of Dattatripit village in the Kadur District belonging to Mr. Sivaji Rama Chandra, an indebted member of the late Agricultural Bank at Chikmagalur towards the realisation of the amount due by the debtor to Government.
5	Fl 5249-50—B 19-09-4 ...	22	Comptr., and Registrar of Co-operative Societies	Sanctioning the proposal of the Registrar of Co-operative Societies to appoint Mr. Badami Krishna Rao, Retired Assistant Commissioner as an Honorary Organiser for starting societies for the benefit of the sugar-cane growers in the Mysore and Shimoga Districts, with the observation that Mr. Badami Krishna Rao will be given a daily travelling allowance of Rs. 4, with permission to substitute for it double first class fare whenever he travels by rail.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
6	Fl 5305—B 32-09-6 ...	26	Shankarappa of Talya, Holalkere Taluk	Informing him that Government see no reason to modify the order of the Deputy Commissioner confirming the sale of his lands for the realisation of the amount due by him to the Agricultural Bank at Talya.
7	Fl 5319-20—B 11-19-27...	28	Dy. Comr., Hassan Dist., Mr. H. T. Anderson of Kirahally estate, Saklespur, Hassan Dt.	Sanctioning the proposal of the Deputy Commissioner that the house and the village site as well as the wet and dry lands in Kalgullulli village along with the building sites in Saklespur and wet lands in Achengi village be left for the maintenance of the family of Mr. Srikantaiya, an indebted member of the late Agricultural Bank at Saklespur, and that it is not desirable in the interests of the family to release the properties from hypothecation for the Government loan, the family being merely permitted to enjoy the proceeds of the lands subject to the payment of taxes every year as well as any arrears which may be outstanding.
8	Fl 5335-6—B 32-09 ...	29	Comptr. and Dy. Comr., Kadur	Confirming the sale to Mr. Abdul Wahab on certain conditions of lands S. Nos. $\frac{1}{2}^{11}$, 59 & 85 belonging to Mr. Abdul Khader Sab, an indebted member of the late Agricultural Bank at Chikmagalur towards the realisation of the amount due to the Bank.
9	Fl 5344-5—B 19-09-6 ...	29	Registrar of Co-operative Societies and Comptr.	Recording letter No. 1089 from the Registrar of Co-operative Societies reporting that Mr. M. S. Narayan Rao, retired Deputy Commissioner, tendered his resignation as Honorary Organiser of Co-operative Societies on the score of ill health.
10	Fl 5356—B 32-09-12 ...	29	Dy. Comr., Hassan ...	Forwarding for attention a petition received from Mr. Pattabhiramiah of Malali estate in the Hassan District, praying that the Government management of the estate may continue or that the same may be made over to him without being put up for sale.
